The committee reviewed the revised CDBG budget based on new allocations released by HUD on May 30, 2013.

A. Whitten confirmed that the additional funds available per HUD were 68,597 and with Program Income the total additional funds available equaled 119,642.

Of the 119,642, 17,946 could be programmed to Public Services; committee confirmed that Public Services can now be level funded instead of cut and that AYCC and Menotomy Manor Homework Support Program will receive funding above the FY2013 levels.

The remaining 101,696 could be programmed to Housing or Facilities.

The committee unanimously approved the revised budget.
