Subject: The Vision 2020 Report to The 2010 Annual Town Meeting

The Vision 2020 Standing Committee and its Task Groups are pleased to present the following report covering Vision 2020 projects and activities for Calendar Year 2009 as well as January-April, 2010. The report can be found in three areas:

- The first, on pages 97-108 of the Community Development section of the Town's *2009 Annual Report*, presents a short history of Vision 2020's almost 20 year existence and specific accomplishments for the year 2009;
- The second is included here by reference to Warrant Articles 2 - State of the Town Address; and 69 - Appropriation/Arlington's Water Bodies Fund for this 2010 Annual Town Meeting. Their recommended votes and comments can be found in the respective reports of the Board of Selectmen and Finance Committee; and
- The third, a summary and analysis of the 4657 household responses received by March 15th to Vision 2020's Survey *Looking Ahead: Services & Revenues in the Balance We Invite Your Input*, is contained in this booklet. 24% of Arlington's households responded to the survey in just six weeks- about 700 on-line responses and 3957 on paper. Not included in this report are the more than 250 responses received since March 15th.

Focusing on the Town's financial challenges, the survey asked residents to indicate their opinions as Desirable, Acceptable or Unacceptable to specific ways by which the Town could reduce expenditures and/or raise revenues. Another survey topic's results on Parking in Arlington Center, can be found at the end of the booklet.

Our report can be found at the back of the hall, and these survey results, as well as further analysis by demographic categories, will be available on the Town website.

**Report on
The 2010 Vision 2020 Annual Survey**

***Looking Ahead:
Services & Revenues in the Balance
We Invite Your Input***

Reductions in Expenditures

Notes

Each question has three options: Desirable, Acceptable, Unacceptable. In the Positive/Negative summary, the Positive column includes both Desirable and Acceptable. The Negative column is only Unacceptable

Blank entries on each question ignored

Public Safety

1. Fire Department

Currently the Town operates an engine company at each of its three stations, as well as one(1) ladder truck, and one(1) ambulance. Eliminating an engine company for a portion of the year could save approximately \$200,000. However, when an engine is out of service, this reduction would have a negative impact on our response time to emergencies and overall fire fighting, our rescue services, and our mutual aid agreement.

Eliminate an engine company for a portion of the year (Save \$200,000)

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
367	1052	1419	3014
8.3%	23.7%	32.0%	68.0%

2. Police Department

The elimination of two police officer positions, at a savings of \$126,000, may result in slower response times to emergencies, and reduced/slower responses to crime/investigations.

Eliminate two police officers (Save \$126,000)

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
466	1321	1787	2648
10.5%	29.8%	40.3%	59.7%

Libraries

3. Reduce Services at Robbins and Fox Libraries

Arlington is a member of the Minuteman Library Network (MLN), a consortium of 42 libraries that allows residents to borrow and return materials at any location in the MLN. The Arlington libraries are open 63 hours per week. Cutting services by reducing the new book purchases or dropping below current hours would jeopardize our MLN certification, patrons' ability to borrow from any other library in the MLN system, and a loss of \$40,000 in state aid.

Close Fox Library 1 day and close Robbins' Children's Room 1 evening (Save \$29,000)

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
956	1980	2936	1213	
23.0%	47.7%	70.8%	29.2%	

Close Robbins Library at 6pm one evening (Save \$29,000)

Positive		Positive	Negative	
Desirable	Acceptable		UnAcceptable	
978	2114	3092	1262	
22.5%	48.6%	71.0%	29.0%	

Reduce funding for books and periodicals by 30% (Save \$48,000)

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
464	1337	1801	2439	
10.9%	31.5%	42.5%	57.5%	

Close Fox Library and building (Save \$140,000)

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
977	1014	1991	2336	
22.6%	23.4%	46.0%	54.0%	

Schools

4. School Budget Adjustments

Over the past four years, the Schools have addressed budget deficits totaling over \$7 million through fee increases, restructuring, the use of one-time revenues, and wage concessions by the staff. At the same time, we have been able to preserve teaching positions, and maintain or even improve core programs.

Next year, however, the schools face an additional deficit of between \$2.6 and \$5.5 million, based on decisions at the state and federal levels. As things stand today, we will not be able to balance next year's budget without significant and painful cuts to core teaching staff and programs.

Closing a \$3 million deficit, for example, could require cuts of up to 60 positions, of which more than 50 would be teaching staff. This would mean 3 fewer teachers per elementary school (21 total), resulting in an increase in average class size (from 22 to 27); 15 fewer teachers at the middle school, and 15 fewer teachers at the high school. At the middle and high schools, teacher reductions will create larger class sizes and fewer curriculum hours.

New or increased user fees account for about \$1 million in additional revenues over the past four years. These fees cover some of the cost of the programs they support. For example:

Fees	Per Student	Total Raised	Percent of Program Cost
Instrumental Music	\$425/student	about \$120,000	covering 75%
Athletics	\$235/sport	about \$200,000	covering 25%
Full Day Kindergarten	\$2,400/student	about \$750,000	covering 40%

Leave fees as they are, eliminate 60 positions

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
344	650	994	2830
9.0%	17.0%	26.0%	74.0%

Increase fees by 50%, eliminate 50 positions

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
254	1309	1563	2188
6.8%	34.9%	41.7%	58.3%

Increase fees by 100%, eliminate 40 positions

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
464	963	1427	2339
12.3%	25.6%	37.9%	62.1%

Pass an Override (there is another question elsewhere relating to this) and maintain positions

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
1327	949	2276	1692
33.4%	23.9%	57.4%	42.6%

5. Redistricting Boundaries / Reconfiguring School Grades

As of 12/1/09, the largest elementary class is 27. If 21 elementary teachers are lost, class sizes could exceed 40. Although it is not likely to produce significant savings, reassigning students among the elementary schools would produce more consistent class sizes. With redistricting, or reconfiguration (e.g K-2,3-5), the largest class would be around 32.

Adjust school district boundaries or reconfigure grades to reduce class size variability

Positive		Positive	Negative
Desirable	Acceptable		UnAcceptable
1236	2140	3376	971
28.4%	49.2%	77.7%	22.3%

Department of Public Works

6. Snow Removal

Recently the Town has added sidewalk and corner clearing at key locations, as well as bikepath plowing. The cost of snow removal often exceeds \$1million annually. Currently the Town pre-treats all road surfaces with a salt mixture in an effort to get the roadways down to bare pavement as soon as possible after a snowfall. If the Town were to stop pre-treating side roads and instead increase the use of sand, we could save \$500,000 annually with the probability that some side roads will have persistent ice or snow pack, causing possible safety issues.

Discontinue bike path plowing (Save \$3,600)

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
1328	1420	2748	1664	
30.1%	32.2%	62.3%	37.7%	

Discontinue sidewalk/corner plowing (Save \$27,000)

Desirable	Acceptable		Unacceptable	
484	997	1716	2639	
11.1%	22.9%	39.4%	60.6%	

Eliminate the pre-treatment of side streets (Save \$500,000)

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
876	1399	2275	2141	
19.8%	31.7%	51.5%	48.5%	

7. Town Fields

Elimination of lawn irrigation, some field enhancements, and pre-game prep of sports fields could save \$173,000 annually. However, this would speed deterioration of our fields, and varsity field sports would have to fund labor for raking the fields and line painting. The youth sports groups now contribute \$40,000 to the upkeep of the fields and this would not be affected.

Eliminate these sports field and park services (Save \$173,000)

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
770	1718	2488	1916	
17.5%	39.0%	56.5%	43.5%	

Social Services

8. The Arlington Youth Consultation Center (AYCC)

AYCC provides help for troubled youths and their families. in and out of the school environment. Clients are charged for this service on a sliding scale dependent on their income, and the center also receives some insurance reimbursement. The Town's FY09 contribution to this service was \$293,000, 78% of AYCC's operating expenditures.

Reduce Town support by 50% (Save \$147,000)

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
659	1955	2614	1556
<i>% Desirable</i>	<i>% Acceptable</i>	<i>% Positive</i>	<i>% Negative</i>

Desirable	Acceptable		Unacceptable
539	639	1178	2925
13.1%	15.6%	28.7%	71.3%

Increases in Revenue

Override Proposition 2 1/2

9. Override Proposition 2 1/2

A Proposition 2 1/2 Override of 11.5% in 2010 would fund the Town budget for 5 years given the limits on spending increases in place for the last 5 years. A 9% Override would provide funding for a period of 3 years. In FY2009, the average single-family home had an assessed value of \$465,952 and a tax of \$5,554. The increase in property taxes on an average single-family home would be \$514 (3 year plan) and \$668 (5 year plan).

Pass a 9% override (3 year plan)

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
784	1501	2285	1966
18.4%	35.3%	53.8%	46.2%

Pass a 11.5% override (5 year plan)

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
808	929	1737	2464
19.2%	22.1%	41.3%	58.7%

Implement Pay As You Throw (PAYT)

9. PAYT

The Town's solid waste program (trash collection and disposal, together with recycle & yard waste collection) costs over \$3.2 million annually and helps the environment. Recycling paper and containers avoids the cost of the final step in the disposal process (incineration). To further reduce these disposal costs, a PAYT program based on trash bag sales could be instituted. The price of the bags could be set to pay for part or all of the solid waste program.

PAYT - Some Free Bags - Revenue Neutral for Avg Household

Institute a PAYT program with enough free bags -- thus no additional expense to an average household with efficient recycling practices (Positive environmental impact)

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
1431	1535	2966	1265
33.8%	36.3%	70.1%	29.9%

PAYT - No Free Bags - \$40 Bag Cost/Year

Institute a PAYT program with bag prices set to pay the trash disposal cost. The annual expense to an average household with efficient recycling practices would be \$40. (Save \$1,000,000)

Positive		Positive	Unacceptable
Desirable	Acceptable		UnAcceptable
1176	1618	2794	1469
27.6%	38.0%	65.5%	34.5%

PAYT - No Free Bags - \$130 Bag Cost/Year

Institute a PAYT program with bag prices set to pay the entire cost of the solid waste program. The annual expense to an average household with efficient recycling practices would be \$130. (Save \$3,200,000)

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
979	968	1947	2297
23.1%	22.8%	45.9%	54.1%

Increases in Revenues

Adopt Community Preservation Act (CPA)

11. CPA

Under the Community Preservation Act (CPA), the Town, using a property tax surcharge, raises funds that the State matches. Use of the surcharge and the matching funds is restricted to a combination of affordable housing, open space, historical preservation projects/acquisitions and recreation. Some future capital projects would qualify for such funds. If authorized by the voters, a 1% surcharge would raise \$850,000 annually. The state match will vary. In previous years the state match had been 100%, but this year it would have been 40% or \$340,000. Cost to an average single family home, taxed at \$5550, would have been \$55. An example of a project that would be appropriate for CPA funds would be the renovation of the historic Central Fire Station.

Implement the CPA Program

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
871	1637	2508	1849	
20.0%	37.6%	57.6%	42.4%	

Use Stabilization Funds

12. Stabilization Funds

The Town has a Stabilization Fund of approximately \$2.5 million. This fund is for emergencies or unexpected costs and requires a 2/3 vote of Town Meeting. Having a reserve fund is critical to maintaining a high credit rating. Use of these funds has the potential of decreasing our credit rating, thereby increasing the Town's future borrowing costs for capital projects (schools, fire station rebuild, etc.)

Spend 25% of the reserve fund to offset the deficit (\$625,000)

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
615	2142	2757	1292	
15.2%	52.9%	68.1%	31.9%	

Spend 50% of the reserve fund to offset the deficit (\$1,250,000)

Positive		Positive	Negative	
Desirable	Acceptable		Unacceptable	
461	902	1363	2711	
11.3%	22.1%	33.5%	66.5%	

Advanced Life Support (ALS)

13. Add Advanced Life Support (ALS) Facility within Fire Department

The Town runs a Basic Life Support (BLS) ambulance service which transports patients to the nearest hospital in an emergency. Currently Advanced Life Support (ALS) is provided through a private contractor at no cost to the Town. Instead, the Town could run an in-house Advanced Life Support (ALS) service using Fire Department Paramedics. This in-house ALS service could potentially bring in an additional \$300,000 in revenue annually. The program would require an investment of \$1million over the first three years. Break even would be realized in year 5, and in year 6 a net gain of \$300,000 annually would be the ongoing estimated revenue.

Develop an in-house ALS ambulance service

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
1154	1585	2739	1623
36.3%	36.3%	62.8%	37.2%

LED Street Lights

14. Replace Street Lights with LED Lamps

The current budget for street lights (electricity) is about \$205,000. If the existing street light bulbs were replaced with high efficiency light emitting diodes (LED's), a savings of \$110,000 per year is possible. Yet, LED street light technology is still new and there would be substantial "set up" costs, estimated at \$2.2 million. So savings would be delayed for some time.

Replace street lights with LED technology

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
547	1152	1699	2296
47.5%	28.8%	42.5%	57.5%

Wait until the technology is more affordable

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
2444	1503	3947	327
57.2%	35.2%	92.3%	7.7%

Install Solar Photovoltaic Systems

15. Solar Electricity

Electricity for municipal and school buildings costs more than \$1,000,000 per year. Installation of solar photovoltaic (PV) systems on Town buildings would reduce the amount of electricity purchased. These systems can be owned and financed by third parties who would then sell the solar electricity to the Town at a price that is less than the current price paid for electricity from the grid, thereby reducing the overall cost of electricity. Installation of PV also provides a hedge against rising electricity prices and reduces the environmental impact of Town energy use.

Develop a solar photovoltaic program

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
2148	1226	3374	505
55.4%	31.6%	87.0%	13.0%

Increase State Income Tax

16. Income Tax

State Aid to Arlington has decreased 20% in just the past year alone, and from 18% of total Town revenues in FY04 to 14% (FY10). State Aid is dependent upon State revenues which are heavily dependent upon the state income tax. The state income tax rate is set by the legislature. An increase in the state income tax to 6% could yield \$720,000 for Arlington if it were distributed to towns/cities using current local aid funding formulas.

Urge our legislators to increase the state income tax rate to reduce the pressure on the real estate tax

Positive		Positive	Negative
Desirable	Acceptable		Unacceptable
