Purpose

Library interior spaces and grounds are planned and maintained in accordance with the library's mission and vision for "[modern library spaces that balance the needs of traditional and contemporary library users](#)." Policies relating to physical library spaces support this priority.

Policy

Due to space constraints and safety concerns, the library cannot serve as a drop-off and/or storage site for collections by individuals or charitable and civic organizations. Exceptions related to a library sponsored program or initiative may be made at the Director's discretion.
