**REPORT OF THE
BOARD OF SELECTMEN**

**TO THE
SPECIAL TOWN MEETING

**ARTICLE 7 MINUTEMAN REGIONAL VOCATIONAL TECHNICAL
SCHOOL: AMENDMENT TO THE DISTRICT
AGREEMENT OF THE MINUTEMAN REGIONAL
VOCATIONAL SCHOOL DISTRICT TO ALLOW
WAYLAND’S WITDRAWAL FROM THE DISTRICT**

VOTED: That no action be taken under Article 7.

Mr. Greeley was not present.

COMMENT: This article was inserted at the request of Minuteman Regional Vocational School District Committee as required by Wayland’s formal vote to request withdrawal from the Regional Vocational School District. A favorable vote by all sixteen (16) Minuteman member communities is required under the current Regional Agreement. The article is already largely moot because the Town of Lexington rejected Wayland’s request at their recent Special Town Meeting.

However, this request reflects a parallel effort by Wayland to leave Minuteman without requiring broader amendments to the Regional Agreement, which many member communities, including Arlington, have long sought. Positive action on Article 8 would do as much to provide Wayland the exit it wants, while also voting to enact reforms to Minuteman that support the member communities committed to the Regional District. As such, the Board respectfully recommends no action on this item.

SCHOOL: SUBSTANTIVE AMENDMENTS TO THE
DISTRICT AGREEMENT, INCLUDING AN “INITIAL
WITHDRAWAL PROCESS”**

**VOTED: The Board recommends Town Meeting adopt the December 21, 2015
Amendments to the Regional Agreement of the Minuteman Regional Vocational
School District.**

COMMENT: This article was inserted at the request of the Town Manager in anticipation of the Minuteman Regional Vocational School District Committee’s December 21, 2015 vote to revise the Regional Agreement governing the rights and responsibilities of member cities and towns. As Town Meeting will recall, a similar proposal was approved at the 2014 Town Meeting, but later failed to garner the required unanimous support of all sixteen (16) member communities. Member communities

seeking reform remained committed to developing a more equitable and effective regional agreement, and with the assistance of Town representatives on the Regional Agreement Amendment Subcommittee (RAAS), brokered an agreement believed to address the concerns of members who did not support the previous proposal. The Board has vetted the new amendment proposal exhaustively, having representatives directly involved in discussions with members of representative communities and the RAAS.

As with the previous amendments approved by 2014 Town meeting, the new proposal by the Minuteman Regional School District Committee includes weighted voting for the majority Regional School Committee actions and significant revision to the process by which Minuteman may incur debt for capital and facilities construction and/or repairs under M.G.L. c. 71 §§16(d) and 16(n). Further, the new proposal also includes a mechanism for non-member communities to pay capital fees equivalent to the average per pupil capital assessments of members. Finally, in addition to long-term changes to the process by which a member community may exit the Regional Agreement without incurring additional debt obligations, the new proposal specifically provides for the “initial withdrawal” of members Boxborough, Carlisle, Dover, Lincoln, Sudbury, Wayland, and Weston. Hence, a vote to approve the proposed amendments would also vote to approve the *potential* withdrawal of each of said communities.¹

Throughout the Board’s hearings and meetings on the proposed amendments the Board maintained acknowledgment of challenges ahead at Minuteman; largely the same challenges as were presented in 2014: gaining new membership, more equitably sharing of the financial commitments between members and between members and non-members, and the Minuteman Regional School District’s proposal for capital improvements to Minuteman’s facilities. Additionally, the “initial withdrawal” of a number of member communities may present positives and negatives. The loss of communities which send small numbers of students to Minuteman offers more control of the Regional School District to the members who utilize it most, but also decreases the overall base of the district.

It also bears noting that Minuteman is expected to recommend a building project to member communities this spring, but the proposed amended Regional Agreement does not commit Arlington to any building project. Rather, the proposed amended Regional Agreement affords Arlington both more control and protection in consideration of such projects. As such, the amendments before Town Meeting are separate from the building debate that is likely to be before us this spring, but would help us consider the best options for Arlington when such a proposal is ripe for consideration.

On balance, the proposed amendments present an improved agreement for Arlington by a wide margin. Particularly whereas under the present agreement the prospect of Arlington’s withdrawal remains near impossible, the additional representation and options afforded for the significant decisions, the provision for obtaining capital

¹ While the “initial withdrawal” provision permits each of the aforementioned communities’ withdrawal, it does not mandate they must leave Minuteman. Further, consistent with the current Regional Agreement, any attempt to withdrawal must be approved by the Commissioner of the Department of Education.

contributions from non-members, and even the departure of current members not vested in Minuteman's future would be remarkable net improvements. As was the case in 2014, in order to be adopted, the Amended Regional Agreement must first be approved by Town Meeting votes in each of the sixteen (16) member communities, and then further approved by the Commissioner of Elementary and Secondary Education. As such, the Board strongly favors action and urges Town Meeting to approve the December 21, 2015 amendments.

Committee Members~~

~~POLICY: CATEGORY: SCHOOL COMMITTEE FILE NUMBER: 2.10
TOPICS DISTRICT AGREEMENT~~

~~AGREEMENT WITH RESPECT TO THE ESTABLISHMENT OF A
TECHNICAL AND VOCATIONAL REGIONAL SCHOOL DISTRICT~~

This Agreement is entered into pursuant to Chapter 71 of the General Laws of Massachusetts, as amended, among the towns of Acton, Arlington, Belmont, Boxborough, Carlisle, Concord, Lexington, Lincoln, Stow, Sudbury, Wayland, ~~and Weston, and, in accordance with the provisions of Section VIII, such of the Towns of Bolton, Dover, Lancaster, and Needham as shall accept its provisions~~, hereinafter sometimes referred to as member towns. ~~(Amendment #2 2/20/79)~~. In consideration of the mutual promises herein contained, it is hereby agreed as follows:

SECTION I: THE REGIONAL DISTRICT SCHOOL COMMITTEE

(A) Composition

~~The Regional School Committee, hereinafter sometimes referred to as "the Committee," shall consist of one member from each member city or town (the term "city" and the term "town" will hereinafter be referred to jointly as "community"). The members of the Committee shall be appointed as hereinafter provided. All members will serve until their respective successors are appointed and qualified.~~

(B) Staggering of Terms

~~The terms of office shall begin on July 1 and shall be for three years. In order to have approximately one third of the terms of office expire at the end of each year, the initial term of office of a Committee member representing a newly admitted community may be for shorter than three years, said determination to be made by vote of the Committee (or by lot, if there is more than one community being newly admitted at the same time).~~

(B) Initial Committee

~~The existing Committee will continue to function as such until July 1, _____. At any time following the approval of this Revised Agreement by the member communities and by the Commissioner of Education, the Moderator (or Mayor) of each member community shall appoint an individual to serve as a member of the Regional School Committee. These "Initial Committee" appointees will take office on July 1, _____, and the length of their initial terms shall be as follows:~~

- ~~1. Initial three year term: Arlington, Acton, Wayland, Bolton, and Stow.~~
- ~~2. Initial two year term: Lexington, Weston, Dover, Carlisle, and Concord.~~
- ~~3. Initial one year term: Needham, Belmont, Sudbury, Lancaster, Lincoln, and Boxborough.~~

(C) Appointing Authority

Members who have been appointed to the School Committee by their respective Town Moderators prior to the July 1 date on which this amended language becomes effective shall serve out the remaining one, two or three years of their term. Beginning on the July 1 when this amended language becomes effective, each member shall thereafter be appointed by vote of the Board of Selectmen of that town (or by the Mayor in the case of a city), except that in the case of a town, the town may by bylaw or charter provide for appointment of that community's member by the Moderator. The language of the preceding sentence will also apply to any community newly admitted to the District whose membership in the District commences on or after the July 1 effective date of this amended language.

(D) Subsequent Terms of Office

Just prior to the conclusion of the initial terms spoken of in the subsection (B) above, the Appointing Authority of the member community will appoint a member of the Regional School Committee to serve a three year term beginning on July 1.

(E) Vacancies

Should a vacancy occur on the Regional School Committee for any reason, the unexpired term will be filled within sixty (60) days by the Appointing Authority of the community having the vacancy.

(F) Organization

At the first meeting of the Regional School Committee held after July 1, the Committee shall organize and choose a Chairman and a Vice-Chairman from among its membership and will choose a Secretary, who may or may not be from among its membership.

(G) Power and Duties

The Committee shall have all the powers and duties conferred and imposed upon school committees by law and conferred and imposed upon it by this Agreement, and such other additional powers and duties as are specified in Section 16 to 16I, inclusive, of Chapter 71 of the General Laws and any amendments or additions thereto now or hereafter enacted, or as may be specified in any other applicable general or special law.

(H) Weighted Voting

Each member of the Regional School Committee will exercise a weighted vote, rounded to the nearest hundredth of a percent, which will be calculated and established as of July 1 of each year as follows. The first half of the weighted vote for all of the member communities will be the same. (For example, if hypothetically there were 16 member communities, then the first half of each member's weighted vote will be 1/16 of 50%, which would be 3.125%. The second half of each member community's weighted vote will be computed as follows. Based on the official October 1 student enrollment figures as determined by the Department of Elementary and Secondary Education ("DESE"), or its successor agency, a four year "rolling average" of the school's enrollment from member communities, using [the most recent](#) year's October 1 enrollment figures and those

from the three preceding years, will be established. Using the same methodology, each member community's average percentage of student enrollment from all of the member communities for that period, rounded to the nearest hundredth of a percent, will be established and will be used as the second half of that member community's weighted vote to become effective on the following July 1. (For example, if over the four year period a member community supplied an average of 8.67% of the school's enrollment from all of the member communities, then, beginning on the following July 1 and extending for the next year, the second half of that member community's weighted vote would be 8.67% of 50%, which would be 4.335%). The two halves will then be added together, and rounded to the nearest hundredth of a percent, to establish that community's total weighted vote. (For example, using the hypotheticals expressed above in this paragraph, the hypothetical community's total weighted vote as of the July 1 in question would be 3.125% plus 4.335%, which would add to 7.46%. Assuming that a quorum as defined in subsection (I) below is present, and except for a vote to approve the annual budget, to incur debt, or to approve an amendment to this Agreement, a combined total of weighted votes amounting to over 50% of the weighted votes present shall constitute majority approval.

In order to approve the District's annual budget, a combined total of weighted votes equal to or exceeding 66.67% of the weighted vote of the entire Committee (i.e., not merely two thirds of the weighted vote of those present) shall be required.

In order to incur debt, a two-thirds (2/3) vote of all of the members of the Regional School Committee, without regard for the weight of the vote, shall be required. In order to approve an amendment to this Agreement, a three-fourths (3/4) vote of all of the members of the Regional School Committee, without regard for the weight of the vote, shall be required.

(I) Quorum

A majority of the total number of members of the Regional School Committee (regardless of the weighted votes) shall constitute a quorum. A quorum is necessary for the transaction of business, but an assemblage less than a quorum may adjourn a meeting.

(A) Composition

~~The regional district school Committee, hereinafter sometimes referred to as the Committee, shall consist of one member from each member town. The members of the Committee shall be appointed as hereinafter provided. All members shall serve until their respective successors are appointed and qualified.~~

(B) Initial Committee

~~Within ten days after the establishment of the regional school district, the moderator of each member town shall appoint one member to serve on the Committee, each of whom shall have been a member of the regional school district planning board which submitted this agreement if such person is available and willing to serve. The twelve members so appointed shall serve on the Committee until their respective successors are appointed and qualified as provided in subsection 1 (C).~~

(C) Appointed Members

~~On or before April 1, 1972, the moderators of such of the towns of Acton, Arlington, Boxborough and Carlisle as shall become members of the District pursuant to Section XII shall each appoint one member to serve on the committee for a term of one year; the moderators of such of the towns of Belmont, Concord, Lincoln, and Sudbury as shall become members of the District pursuant to Section XII shall each appoint one member to serve on the Committee for a term of two years; and the moderators of such of the towns of Lexington, Stow, Wayland, and Weston as shall become members of the District pursuant to Section XII shall each appoint one member to serve on the Committee for a term of three years.~~

~~The moderator of each town that shall be admitted to the District pursuant to Section VIII of this Agreement shall, prior to the date on which admission takes effect, appoint one member to serve on the Committee beginning on such date for a term of three years, or for such shorter term, as may be necessary to retain symmetry of terms on the Committee as a whole. Prior to the date on which the admission of one or more new member towns is to become effective, the Committee shall determine (by lot, if there is more than one such town) the initial term of the member appointed by the moderator of each such town, unless such initial term is specified in this Agreement. In every year in which the term of office of a member expires, the moderators of the respective member towns shall each appoint one member to serve for a term of three years. The term of each member of the Committee shall commence on July 1 of the year in which he or she is appointed.~~

~~Amendment #2-2/20/79~~ ~~Amendment #3-10/7/80~~

~~(D) **Vacancies**~~

~~If a vacancy occurs among the members appointed by the moderator under subsection 1(B), the moderator of the town involved shall within thirty days after such vacancy occurs appoint a member to serve until his successor is appointed and qualified as provided in subsection 1(C). If a vacancy occurs among the members appointed under subsection 1(C), the moderator of the member town involved shall appoint a member to serve for the balance of the unexpired term, if any.~~

~~(E) **Organization**~~

~~Annually, on a date specified in the by laws of the District, the Committee shall organize and choose by ballot a chairman and a vice chairman from among its own membership.~~

~~(F) **Power and Duties**~~

~~The Committee shall have all the powers and duties conferred and imposed upon school committees by law and conferred and imposed upon it by this agreement, and such other additional powers and duties as are specified in Section 16 to 16-1, inclusive, of Chapter 71 of the General Laws and any amendments thereof or additions thereto now or hereafter enacted, or as may be specified in any other applicable general or special law.~~

~~(G) **Quorum**~~

~~The quorum for the transaction of business shall be a majority of the Committee, but a number less than the majority may adjourn.~~

SECTION II TYPE OF REGIONAL SCHOOL DISTRICT

The regional district school shall be a technical and vocational high school consisting of grades nine through twelve, inclusive. The Committee is also hereby authorized to establish and maintain such kinds of education, acting as trustees therefore, as may be provided by communitiestowns under the provisions of Chapter 74 of the General Laws and acts amendatory thereof, in addition thereto or dependent thereon, including courses beyond the secondary school level in accordance with the provisions of Section 37A of said Chapter 74.

SECTION III LOCATION OF THE REGIONAL DISTRICT SCHOOL

The regional district school shall be located within the geographical limits of the District, **or within a radius of 5 miles from the intersection of Route 2 and Bedford Road, which intersection is in the Town of Lincoln, provided that if a community where the school is located ceases to be a district member, the school may continue to be located in that community.** ~~and within a radius of 5 miles from the intersection of Route 2 and Bedford Road~~

~~which intersection is in the town of Lincoln.~~

SECTION IV APPORTIONMENT AND PAYMENT OF COSTS

(A) Classification of Costs

For the purpose of apportioning assessments levied by the District against the member ~~communities~~~~towns~~, costs shall be divided into two categories: capital costs and operating costs.

(B) Capital Costs

Capital costs shall include all expenses in the nature of capital outlay such as the cost of acquiring land, the cost of constructing, reconstructing, or adding to a school building or buildings, the cost of remodeling or making extraordinary repairs to a school building or buildings, the cost of constructing sewerage systems and sewerage treatment and disposal facilities or the cost of the purchase or use of such systems with a municipality, and any other item of capital outlay for which a regional school district may be authorized to borrow, or which could be categorized as a capital expense in conformance with applicable law and regulation, including without limitation ~~of~~ the cost of original equipment and furnishings for such school buildings or additions, plans, architects' and consultants' fees, grading and other costs incidental to placing school buildings and additions, sewerage systems and sewerage treatment and disposal facilities, and any premises related to the foregoing in operating condition. Capital costs shall also include payment of principal of and interest on bonds, notes and other obligations issued by the District to finance capital costs.

(C) Operating Costs

Operating costs shall include all costs not included in capital costs as defined in subsection IV (B), but including interest on temporary notes issued by the District in anticipation of revenue.

(D) Apportionment of Capital Costs

1. The following method will be used for apportioning capital costs incurred prior to July 1, 2016~~2014~~:

After first deducting any other sources of revenue that are appropriately applied against capital costs, capital costs shall be annually apportioned to the member towns which were members of the District as of June 30, 2016~~2014~~ annually for the ensuing fiscal year in the following manner. Each member town's share of capital costs for each fiscal year shall be determined by computing the ratio which the town's pupil enrollment in the regional district school on October 1 of the fiscal year next preceding the fiscal year for which the apportionment is determined bears to the total pupil enrollment from all the member towns on the said date, except that if there is an enrollment of fewer~~less~~ than five pupils from any member town in the regional district school on said date, such member town shall be deemed to have an enrollment of five pupils in the regional district school. For the purpose of this subsection, in computing this apportionment the persons enrolled in courses or programs~~"persons"~~ referred to in subsection IV (F) shall not be included. ~~Notwithstanding the foregoing, in the event that there is no enrollment in the regional district school from all the member towns on October 1 of any such year, capital costs shall be apportioned on the basis of enrollment in grades nine through twelve of pupils residing in each member town and receiving education at such town's expense on October 1 of such year. Capital costs represented by debt service shall be apportioned as a capital cost of the fiscal year in which the debt service falls due.~~

2. The following method will be used for apportioning capital costs incurred on or after July 1, ~~2016~~**2014**:

After first deducting any other sources of revenue that are appropriately applied against capital costs, capital costs which are incurred on or after July 1, ~~2016~~**2014** shall be apportioned to the member communities annually for the ensuing fiscal year in the following manner (for illustration purposes only, examples of these calculations appear in Appendix A.)

- a. Fifty percent (50%) of the capital costs will be apportioned to each of the member communities by computing the ratio which that community's pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, bears to total pupil enrollment in the regional district school from member communities, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, except that if there were an enrollment of fewer than **one (1) pupil ~~five (5) pupils~~** from any member community in the regional district school on any of the four (4) most recent October 1 dates, such member community will be deemed to have had an enrollment of **one (1) pupil ~~five (5) pupils~~** in the regional district school on said date.
- b. An additional one percent (1%) of these costs will be apportioned to each of the member communities regardless of student enrollment.
- c. The balance of these costs will be apportioned by applying DESE's combined effort yield (a measure of a community's ability to pay for education using property values and household incomes) to the percentage of each community's students (as defined by foundation enrollment) that are enrolled at Minuteman. The specific calculation is as follows:
 - Each member community's pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, including the **one (1) pupil ~~five (5) pupil~~** minimum spoken of in 2,a above, will be identified.
 - This average regional enrollment figure for each member community will be compared to that community's most recent October 1 "foundation enrollment" figure (determined by DESE), and the percentage of that community's most recent foundation enrollment figure which is comprised of that town's average regional enrollment figure will be computed.
 - This percentage amount will be multiplied by the lesser of the "combined effort yield" or 100% of the "foundation budget" (using the most recent "final" numbers determined by DESE) for that community, resulting in a number to be called "combined effort yield at Minuteman".
 - The numbers representing each community's "combined effort yield at Minuteman" will be totaled, and each community's percentage of that total (this percentage to be called "combined effort capital assessment share") will be computed.
 - Each community's "combined effort capital assessment share" will be used to calculate the apportionment of the capital costs under this paragraph. (An example of the calculations described in this paragraph is found in the chart

headed "Calculation Factor - Ch. 70 Combined Effort Capital Allocation" appearing on page 2 of Appendix A.)

In the event that changes occur at the state level in either the terminology or the calculation formulas that lie behind the terms used in this paragraph, the Committee will use a calculation approach which replicates the apportionment outcomes that would result from this paragraph if the terms of this paragraph were applied as of the effective date of this Regional Agreement.

(E) Apportionment of Operating Costs

The District will utilize the statutory method in the apportionment of operating costs. Pursuant to this method, the District will deduct from operating costs the total of any revenue from Chapter 70 state aid, Chapter 71 Regional Transportation Reimbursement, and any other revenue as determined by the Regional School Committee. The balance of all operating costs, except those described in subsection IV,F below, shall be apportioned to each member community as follows. Each member community's share of operating costs will be the sum of the following: (a) the member's required local contribution to the District as determined by the Commissioner of Elementary and Secondary Education (hereinafter "the Commissioner"); (b) the member's share of that portion of the District's net school spending, as defined by G.L. chapter 70, section 2, that exceeds the total of the required local contributions for all of the members; and (c) the member's share of costs for transportation and all other expenditures (exclusive of capital costs as defined in subsection IV,(B) above) that are not included in the District's net school spending. A member's share of (b) and (c) above will be calculated by computing the ratio which that member's pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, bears to the total pupil enrollment in the regional district school from member communities, using a rolling average based on the four (4) most recent annual October 1 enrollment figures.

~~All operating costs, except those described in subsection IV(F), for the first fiscal year next following the establishment of the regional school district, and for every fiscal year thereafter, shall be apportioned to the member towns on the basis of each town's respective pupil enrollment in the regional district school. Each member town's share for each fiscal year shall be determined by computing the ratio which that member town's pupil enrollment in the regional district school on October 1 of the fiscal year next preceding the fiscal year for which the apportionment is determined bears to the total pupil enrollment in the regional school from all the member towns on the same date. In computing this apportionment the pupil hours referred to in subsection IV(F) shall be excluded. In the event that enrollment of pupils in the regional district school has not been accomplished by October 1 of any year, operating costs shall be apportioned on the basis of enrollment in grades nine through twelve of pupils residing in each member town and receiving education at such town's expense on October 1 of such year.~~

(F) Special Operating Costs

The Committee shall determine the operating costs for each fiscal year for any courses or programs which are offered by the District to persons other than secondary students attending the regular day regional vocational school. Each member's community's share of such special operating costs shall be apportioned by identifying each member's community's enrollment and/or participation rate in said courses or programs as compared to the overall enrollment and/or participation rate in said courses or programs. Normally said share shall be paid by the members as a special assessment in the fiscal year following the year of the course or program

offering, although exceptions may be made whereby the payment will be made during the fiscal year of the course or program offering.

~~The Committee shall determine the operating costs for each fiscal year of any evening trade extension courses or any other types of courses which are offered by the District to persons other than the pupils attending the regular day regional vocational school. Each member town's share of such operating costs shall be determined by computing the ratio which that town's enrollment of pupil hours in such courses on November 1 of the fiscal year next preceding the fiscal year for which the apportionment is determined bears to the total enrollment of pupil hours in such courses from all the member towns on the same date. In the event that enrollment of pupil hours in such courses on November 1 of the fiscal year next preceding the fiscal year for which the apportionment is determined bears to the total enrollment of pupil hours in such courses from all the member towns on the same date. In the event that enrollment of pupil hours in such courses has not been accomplished by November 1 of any year, such operating costs shall be apportioned on the basis of enrollment in grades nine through twelve of pupils residing in each member town and receiving education at such towns expense on October 1 of such year.~~

(G) Times of Payment of Apportioned Costs

Each member ~~town~~ shall pay to the District in each fiscal year its proportionate share, certified as provided in subsection ~~V(B)V(C)~~, of the capital and operating costs. ~~Except as otherwise provided in subsection V(A) or in Section XI, t~~The annual share of each member ~~town~~ community shall be paid in such amounts and at such times that at least the following percentages of such annual share shall be paid on or before the dates indicated, respectively:

September 1	25%
December 1	60%
March 1	75%
May 1	100%

(H) Apportionment of Costs to New Members ~~Towns~~

1. The share of operating costs which will be paid by a new member community will be determined consistent with subsection IV(E) except that, for purposes of calculating that community's four (4) year rolling average of pupil enrollment, the number of "out of district" students from that community which were enrolled in the regional district school during each of the applicable four (4) years will be regarded as that community's "pupil enrollment" during those years for purposes of this calculation.
2. The Regional School Committee, prior to the admittance of a new member community, will have the option of negotiating a phase in of the amount of capital costs which will be assessed to that new member community during the first three years of membership in the District. Beginning no later than the fourth year of membership and thereafter, however, the new member community will be assessed the full capital cost apportionment that will result from an application of subsection IV(D).

~~Except as otherwise provided in this subsection, capital costs and operating costs shall be apportioned in accordance with subsections IV(D), (E), and (F) to towns admitted to the~~

~~District pursuant to the provisions of section VIII. In the first fiscal year in which the admission of a new member town is effective, the town shall pay as its share of the capital costs and operating costs for such fiscal year, an amount equal to what the town would pay if the pupils from the town enrolled in the regional district school were tuition pupils. After the first fiscal year in which the admission of a new member town is effective, the town's share of capital costs and operating costs shall be determined in accordance with section IV of this Agreement except that such share shall not include any capital costs on account of the bonds issued by the district dated March 1, 1973 and March 1, 1974. However, commencing in the second fiscal year in which such town is a member and continuing through the eleventh such fiscal year, in lieu of such capital costs and as partial reimbursement to the other member towns for their payment of capital costs on account of the original regional district school building, such town shall pay as part of its share of capital costs an annual surcharge of \$400 per pupil enrolled from such town in the regional district school on October 1 of the next preceding fiscal year. If on such October 1, there is an enrollment of less than five pupils from such town in the regional district school, such member town shall be deemed to have an enrollment of five pupils in the regional district school. The Committee shall determine the amount necessary to meet the annual operating and maintenance budget and shall allocate such amount among the member towns without taking such surcharge into account. After making such allocation, the Committee shall apply the amount of such surcharge to reduce the shares of capital and operating costs of the member towns which are not then required to pay such surcharge, in the same proportion as capital costs are allocable among such towns pursuant to Section IV of this Agreement. For the purposes of Section IX of this Agreement, if a new member town shall withdraw from the District prior to the twelfth year of its membership, such surcharge shall be deemed to be part of the town's share of the indebtedness of the District outstanding at the time of its withdrawal. **(Amendment #2-2/20/79)**~~

(I) Incurring of Debt

~~Other than short-term borrowing for cash-flow purposes, the incurring of debt for purposes expressed in G.L. [Chapter 71, section 16\(d\)](#), will require at least a two-thirds (2/3) vote of all of the members of the Regional School Committee without regard for the weight of the votes. If such a margin exists, the Committee must seek authorization for incurring debt by following the approach set out in [G.L. chapter 71, section 16, subsection \(d\)](#). If one or more member communities vote disapproval of the debt, the Committee, by a majority of the weighted vote, may then seek authorization for the debt via [Chapter 71, section 16, subsection \(n\)](#). If and when subsection (n) [is](#) utilized, and if the incurring of debt is approved via subsection (n), the following option will be open to a member community if a majority of the [residents registered voters](#) voting on the question from that community voted to disapprove the incurring of debt in the subsection (n) election. Said community may seek to withdraw from the District consistent with the procedure in Section IX, and, if the notice of withdrawal is sent consistent with Section IX within sixty (60) days of the subsection (n) election, that community will not be responsible for a share of the debt service attributable to this new debt even if that community's withdrawal from the District is not approved by a majority of the member communities as required by Section IX, or even if the withdrawal of said community is disapproved by the Commissioner. Communities whose resident voters disapprove the incurring of the debt in the subsection (n) election but which do not give a notice of withdrawal consistent with Section IX will remain members of the District and will share in the debt service for the new debt consistent with the apportionment process in this Section IV.~~

SECTION V BUDGET

(A) Initial Budget

~~Within sixty days after the initial regional district school Committee is organized, it shall prepare a reasonably detailed operating and maintenance budget covering expenses, if any, for the balance of the then fiscal year. Copies of such proposed budget shall be submitted to the chairman of the finance or advisory committee in a member town, to the chairman of the board of selectmen, for its consideration. A budget shall be adopted not earlier than fourteen days but within twenty one days after the proposed budget has been so submitted. The amount of the said budget shall be apportioned among the member towns according to the provisions of Section IV herein. Said annual operating and maintenance budget shall include debt and interest charges and any other current capital costs as separate items, and the said Committee shall apportion the amounts necessary to be raised in order to meet the said budget in accordance with the provisions of Section IV. SECTION IX WITHDRAWAL

(A) Procedure

Consistent with 603 CMR 41.03(2) the withdrawal of a member community can occur only as of July 1 of a given fiscal year. A notice of desire to withdraw must be initiated by a two-thirds (2/3) vote of the legislative body of the member community, which must occur no less than three (3) years prior to the desired July 1 withdrawal date. The Municipal Clerk of the community seeking to withdraw must notify the Regional School Committee in writing within seven (7) days of the vote of the legislative body that the ~~2/3~~ two-thirds (2/3) vote has occurred, and the receipt of the notice of withdrawal will be acknowledged in the minutes at a Regional School Committee meeting. Within seven (7) days of its receipt, the District's Clerk will notify in writing the Municipal Clerks of all of the member communities that a notice of withdrawal has been received. Once this notice of withdrawal is given, it may not be rescinded without the unanimous consent of the members of the Regional School Committee. The withdrawal of a community will be allowed only if it is approved by a majority of the other member communities. A failure of the legislative body of a member community to vote disapproval of a requested withdrawal within sixty (60) days of the notice of withdrawal being submitted to the Regional School Committee will constitute approval. During this three (3) year notice period, the departing member will continue to be responsible for the following:

1. Payment of its share of operating costs apportioned by way of subsection IV(E).
2. Payment of its share of capital costs apportioned by way of subsection IV(D), except that no apportionment for a withdrawing member will be made for a share of debt that was disapproved by the voters of said withdrawing member in a G.L. Chapter 71, subsection 16(n) election and after said disapproval a notice of withdrawal was sent by said member consistent with the terms of subsection IV(I). Similarly, no apportionment for a withdrawing member will be made for a share of any debt incurred after the member has given a notice of withdrawal.
3. The withdrawing community shall continue to have a right to appoint and be represented by its member on the School Committee will full voting authority until the date of final withdrawal, on which date the withdrawing community member's term shall end.

(B) Continuing Obligations After Withdrawal

A departing member shall have no right or claim to the assets of the District, and a departing member shall continue to be responsible, after withdrawal, for the following:

1. Payment of its share of capital costs incurred prior to withdrawal apportioned by way of subsection IV(D), provided that for purposes of this apportionment the withdrawn community's enrollment shall be deemed to be its enrollment determined pursuant to subsection IV(D) immediately prior to the date of its notice of intent to withdraw, except that:
 - a. no apportionment for a withdrawing member will be made for a share of debt that was disapproved by the voters of said withdrawing member in a G.L. Chapter 71, subsection 16(n) election and after which disapproval a notice of withdrawal was sent by said member consistent with the terms of subsection IV(I); and,
 - b. no apportionment for a withdrawing member will be made for a share of debt that was incurred by the District following receipt of the withdrawing member's notice of intent to withdraw, such notice having not been rescinded.

(C) Commissioner's Approval

Consistent with 603 CMR 41.03(2) the withdrawal of any member requires the approval of the Commissioner of Education, and all requisite approvals must be obtained no later than the December 31 preceding the July 1 effective date of withdrawal.

(D) Amendment to Agreement

The withdrawal of a member which occurs consistent with **this Section**~~the above~~ will, upon its completion, constitute an amendment to the Regional Agreement, regardless of the fact that said amendment was not processed via the procedure contained in Article VII.

(E) Initial Procedure for Withdrawal

Consistent with 603 CMR 41.03(2), the communities of Boxborough, Carlisle, Dover, Lincoln, Sudbury, Wayland, and Weston may withdraw from the District effective on the first July 1 after the first December 1 following the Commissioner of Education's approval of the 2016 Amended Regional Agreement, all of the following requirements having been met by each departing member:

- (a) On or before March 1, 2016, voted by simple majority of its legislative body to confirm its commitment to withdraw from the District;
- (b) On or before March 1, 2016, voted to approve the 2016 Amended Regional Agreement;
- (c) Approval of the 2016 Amended Regional Agreement by the Commissioner of Education.

A vote by any member to adopt the 2016 Amended Regional Agreement shall also constitute approval of the withdrawal of any or all of the communities of Boxborough, Carlisle, Dover, Lincoln, Sudbury, Wayland, and Weston from the District pursuant to the Initial Procedure for Withdrawal.

The terms of School Committee members representing communities which withdraw under this Initial Procedure for Withdrawal shall end on the withdrawal date of the community which the member represents. No such community shall have any right or claim onto the assets of the District. Such communities shall continue to be responsible for their respective shares of the District's indebtedness as of the withdrawal date, except that no community withdrawing under this Initial Procedure for Withdrawal shall be responsible for District debt incurred after December 10, 2015.

~~(A) Limitations~~

~~The withdrawal of a member town from the District may be effected by an amendment to this agreement in the manner hereinafter provided by this section. Any member town seeking to withdraw shall by vote at an annual or special town meeting, request the committee to draw up an amendment to this agreement setting forth the terms by which such town may withdraw from the District, provided that the said town shall remain liable to the District for its share of the indebtedness of the District outstanding at the time of such withdrawal, and for interest thereon, to the same extent and in the same manner as though the town had not withdrawn from the District.~~

~~(B) Procedure~~

~~The clerk of the town seeking to withdraw shall notify the Committee in writing that such town has voted to request the Committee to draw up an amendment to the agreement (enclosing a certified copy of such amendment). The selectmen of each member town shall include in the warrant for the next annual or a special town meeting called for the purpose an article stating the amendment or the substance thereof. Such amendment shall take effect upon its acceptance by all of the member towns acceptance by each town to be by a majority vote at a town meeting as aforesaid.~~

~~(C) Cessation of Terms of Office of Withdrawing Town's Members~~

~~Upon the effective date of withdrawal the terms of office of the member serving on the regional district school committee from the withdrawing town shall terminate and the total membership of the Committee shall be decreased accordingly.~~

~~(D) Apportionment of Capital Costs after Withdrawal~~

~~The withdrawing town's annual share of any future installment of principal and interest on obligations outstanding on the effective date of its withdrawal shall be not less than the average of such town's annual capital cost apportionment percentages for the three years next preceding the year in which its withdrawal becomes effective, or, in case such withdrawal becomes effective, the withdrawing town's annual share of such future installments of principal and interest shall be not less than the average of such town's annual capital cost apportionment percentage for such of the year or years preceding the year in which its withdrawal becomes effective for which an apportionment of capital costs shall have been made. The remainder of any such installment after subtracting the share of any town or towns which have withdrawn shall be apportioned to the remaining member town or towns in the manner provided in sub-section IV(D) or as may be otherwise provided in the amendment providing for such withdrawal.~~

SECTION X TUITION STUDENTS

(A) The Committee may accept for enrollment in the regional district school pupils from communities towns other than member communitiestowns on a tuition basis. Income received by the District from tuition pupils and not previously deducted from operating costs shall be deducted from the total operating costs in the next annual budget to be prepared after the receipt thereof, prior to apportionment under Section IV subsection FV(E) to the member communitiestowns, provided that income identified as a contribution to capital costs shall be applied to the capital budget.

(B) **Subject to state law, and applicable regulations, effective June 30, 2018, it shall be the policy of the District to admit out-of-district students only based on tuitions and charges equal or greater than the District's similarly-calculated average per pupil cost for in-district communities as determined by the Committee. Exceptions to this policy may only be made by two-thirds weighted vote of the Committee. The provisions of this paragraph (B) shall not apply to incoming school choice students under M.G.L. c. 76, § 12B.**

SECTION XI FISCAL YEAR

The fiscal year for the district shall run from July 1 to June 30.

~~Except as may otherwise be provided by law, the fiscal year of the district shall be the same as the fiscal period of the member towns and the work year or fiscal year as it relates in this agreement to a fiscal or budget period shall mean the fiscal year of the District.~~

~~If the fiscal year of the District shall be other than the calendar year, the dates on or before which the respective percentages of the annual share of each member town shall be paid as provided in subsection IV (G) shall be adjusted so that not less than 25% thereof shall be paid not later than the first day of the third month of such fiscal year, 60% shall be paid not later than the first day of the sixth month of such fiscal year, 75% shall be paid not later than the first day of the ninth month of such fiscal year and 100% shall be paid not later than the first day of the eleventh month of such fiscal year.~~

SECTION XII SUBMISSION FOR APPROVAL

This ~~A~~greement shall be submitted for approval pursuant to the applicable provisions of ~~Section 15 of Chapter 71 of the General Laws, to the towns of Acton, Arlington, Belmont, Boxborough, Carlisle, Concord, Lexington, Lincoln, Sudbury, Stow, Wayland and Weston.~~ In the event that at least the towns of Arlington, Belmont, Concord and Lexington vote in the affirmative as provided in said ~~Section 15~~ to establish a regional technical and vocational school district, composed of the towns of Arlington, Belmont, Concord, Lexington and such additional towns, if any, as so vote, shall be deemed to be established; otherwise this agreement shall be void and of no effect.

~~NOTE ON EFFECTIVE DATE OF AMENDMENT NO. 2~~

Amended: 1973, 1979, 1980, 2013

DRAFT 12/21/15

REGIONAL AGREEMENT

This Agreement is entered into pursuant to Chapter 71 of the General Laws of Massachusetts, as amended, among the towns of Acton, Arlington, Belmont, Boxborough, Carlisle, Concord, Lexington, Lincoln, Stow, Sudbury, Wayland, Weston, Bolton, Dover, Lancaster, and Needham, hereinafter sometimes referred to as member towns. In consideration of the mutual promises herein contained, it is hereby agreed as follows:

SECTION I: THE REGIONAL DISTRICT SCHOOL COMMITTEE

(A) Composition

The Regional School Committee, hereinafter sometimes referred to as "the Committee," shall consist of one member from each member city or town (the term "city" and the term "town" will hereinafter be referred to jointly as "community"). The members of the Committee shall be appointed as hereinafter provided. All members will serve until their respective successors are appointed and qualified.

(B) Staggering of Terms

The terms of office shall begin on July 1 and shall be for three years. In order to have approximately one third of the terms of office expire at the end of each year, the initial term of office of a Committee member representing a newly admitted community may be for shorter than three years, said determination to be made by vote of the Committee (or by lot, if there is more than one community being newly admitted at the same time).

(C) Appointing Authority

Members who have been appointed to the School Committee by their respective Town Moderators prior to the July 1 date on which this amended language becomes effective shall serve out the remaining one, two or three years of their term. Beginning on the July 1 when this amended language becomes effective, each member shall thereafter be appointed by vote of the Board of Selectmen of that town (or by the Mayor in the case of a city), except that in the case of a town, the town may by bylaw or charter provide for appointment of that community's member by the Moderator. The language of the preceding sentence will also apply to any community newly admitted to the District whose membership in the District commences on or after the July 1 effective date of this amended language.

(D) Subsequent Terms of Office

Just prior to the conclusion of the initial terms spoken of in the subsection (B) above, the Appointing Authority of the member community will appoint a member of the Regional School Committee to serve a three year term beginning on July 1.

(E) Vacancies

Should a vacancy occur on the Regional School Committee for any reason, the unexpired term will be filled within sixty (60) days by the Appointing Authority of the community having the vacancy.

(F) Organization

At the first meeting of the Regional School Committee held after July 1, the Committee shall

organize and choose a Chairman and a Vice-Chairman from among its membership and will choose a Secretary, who may or may not be from among its membership.

(G) Power and Duties

The Committee shall have all the powers and duties conferred and imposed upon school committees by law and conferred and imposed upon it by this Agreement, and such other additional powers and duties as are specified in Section 16 to 16I, inclusive, of Chapter 71 of the General Laws and any amendments or additions thereto now or hereafter enacted, or as may be specified in any other applicable general or special law.

(H) Weighted Voting

Each member of the Regional School Committee will exercise a weighted vote, rounded to the nearest hundredth of a percent, which will be calculated and established as of July 1 of each year as follows. The first half of the weighted vote for all of the member communities will be the same. (For example, if hypothetically there were 16 member communities, then the first half of each member's weighted vote will be 1/16 of 50%, which would be 3.125%). The second half of each member community's weighted vote will be computed as follows. Based on the official October 1 student enrollment figures as determined by the Department of Elementary and Secondary Education ("DESE"), or its successor agency, a four year "rolling average" of the school's enrollment from member communities, using the most recent year's October 1 enrollment figures and those from the three preceding years, will be established. Using the same methodology, each member community's average percentage of student enrollment from all of the member communities for that period, rounded to the nearest hundredth of a percent, will be established and will be used as the second half of that member community's weighted vote to become effective on the following July 1. (For example, if over the four year period a member community supplied an average of 8.67% of the school's enrollment from all of the member communities, then, beginning on the following July 1 and extending for the next year, the second half of that member community's weighted vote would be 8.67% of 50%, which would be 4.335%). The two halves will then be added together, and rounded to the nearest hundredth of a percent, to establish that community's total weighted vote. (For example, using the hypotheticals expressed above in this paragraph, the hypothetical community's total weighted vote as of the July 1 in question would be 3.125% plus 4.335%, which would add to 7.46%). Assuming that a quorum as defined in subsection (I) below is present, and except for a vote to approve the annual budget, to incur debt, or to approve an amendment to this Agreement, a combined total of weighted votes amounting to over 50% of the weighted votes present shall constitute majority approval.

In order to approve the District's annual budget, a combined total of weighted votes equal to or exceeding 66.67% of the weighted vote of the entire Committee (i.e., not merely two thirds of the weighted vote of those present) shall be required.

In order to incur debt, a two-thirds (2/3) vote of all of the members of the Regional School Committee, without regard for the weight of the vote, shall be required. In order to approve an amendment to this Agreement, a three-fourths (3/4) vote of all of the members of the Regional School Committee, without regard for the weight of the votes, shall be required.

(I) Quorum

A majority of the total number of members of the Regional School Committee (regardless of the weighted votes) shall constitute a quorum. A quorum is necessary for the transaction of business, but an assemblage less than a quorum may adjourn a meeting.

SECTION II TYPE OF REGIONAL SCHOOL DISTRICT

The regional district school shall be a technical and vocational high school consisting of grades nine through twelve, inclusive. The Committee is also hereby authorized to establish and maintain such kinds of education, acting as trustees therefore, as may be provided by communities under the provisions of Chapter 74 of the General Laws and acts amendatory thereof, in addition thereto or dependent thereon, including courses beyond the secondary school level in accordance with the provisions of Section 37A of said Chapter 74.

SECTION III LOCATION OF THE REGIONAL DISTRICT SCHOOL

The regional district school shall be located within the geographical limits of the District, or within a radius of 5 miles from the intersection of Route 2 and Bedford Road, which intersection is in the town of Lincoln, provided that if a community where the school is located ceases to be a district member, the school may continue to be located in that community.

SECTION IV APPORTIONMENT AND PAYMENT OF COSTS

(A) Classification of Costs

For the purpose of apportioning assessments levied by the District against the member communities, costs shall be divided into two categories: capital costs and operating costs.

(B) Capital Costs

Capital costs shall include all expenses in the nature of capital outlay such as the cost of acquiring land, the cost of constructing, reconstructing, or adding to a school building or buildings, the cost of remodeling or making extraordinary repairs to a school building or buildings, the cost of constructing sewerage systems and sewerage treatment and disposal facilities or the cost of the purchase or use of such systems with a municipality, and any other item of capital outlay for which a regional school district may be authorized to borrow, or which could be categorized as a capital expense in conformance with applicable law and regulation, including without limitation the cost of original equipment and furnishings for such school buildings or additions, plans, architects' and consultants' fees, grading and other costs incidental to placing school buildings and additions, sewerage systems and sewerage treatment and disposal facilities, and any premises related to the foregoing in operating condition. Capital costs shall also include payment of principal of and interest on bonds, notes and other obligations issued by the District to finance capital costs.

(C) Operating Costs

Operating costs shall include all costs not included in capital costs as defined in subsection IV (B), but including interest on temporary notes issued by the District in anticipation of revenue.

(D) Apportionment of Capital Costs

1. The following method will be used for apportioning capital costs incurred prior to July 1,

2016:

After first deducting any other sources of revenue that are appropriately applied against capital costs, capital costs shall be annually apportioned to the towns which were members of the District as of June 30, 2016 for the ensuing fiscal year in the following manner. Each member town's share of capital costs for each fiscal year shall be determined by computing the ratio which the town's pupil enrollment in the regional district school on October 1 of the fiscal year next preceding the fiscal year for which the apportionment is determined bears to the total pupil enrollment from all the member towns on the said date, except that if there is an enrollment of fewer than five pupils from any member town in the regional district school on said date, such member town shall be deemed to have an enrollment of five pupils in the regional district school. For the purpose of this subsection, in computing this apportionment the persons enrolled in courses or programs referred to in subsection IV (F) shall not be included.

2. The following method will be used for apportioning capital costs incurred on or after July 1, 2016:

After first deducting any other sources of revenue that are appropriately applied against capital costs, capital costs which are incurred on or after July 1, 2016 shall be apportioned to the member communities annually for the ensuing fiscal year in the following manner (for illustration purposes only, examples of these calculations appear in Appendix A.)

a. Fifty percent (50%) of the capital costs will be apportioned to each of the member communities by computing the ratio which that community's pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, bears to total pupil enrollment in the regional district school from member communities, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, except that if there were an enrollment of fewer than one (1) pupil from any member community in the regional district school on any of the four (4) most recent October 1 dates, such member community will be deemed to have had an enrollment of one (1) pupil in the regional district school on said date.

b. An additional one percent (1%) of these costs will be apportioned to each of the member communities regardless of student enrollment.

c. The balance of these costs will be apportioned by applying DESE's combined effort yield (a measure of a community's ability to pay for education using property values and household incomes) to the percentage of each community's students (as defined by foundation enrollment) that are enrolled at Minuteman. The specific calculation is as follows:

- Each member community's pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, including the one (1) pupil minimum spoken of in 2,a above, will be identified.
- This average regional enrollment figure for each member community will be compared to that community's most recent October 1 "foundation enrollment" figure (determined by DESE), and the percentage of that community's most recent foundation enrollment figure which is comprised of that town's average regional enrollment figure will be computed.
- This percentage amount will be multiplied by the lesser of the "combined effort yield" or 100% of the "foundation budget" (using the most recent "final" numbers determined by DESE) for that community, resulting in a number to be called "combined effort yield at Minuteman".

- The numbers representing each community's "combined effort yield at Minuteman" will be totaled, and each community's percentage of that total (this percentage to be called "combined effort capital assessment share") will be computed.
- Each community's "combined effort capital assessment share" will be used to calculate the apportionment of the capital costs under this paragraph. (An example of the calculations described in this paragraph is found in the chart headed "Calculation Factor – Ch. 70 Combined Effort Capital Allocation" appearing on page 2 of Appendix A.)

In the event that changes occur at the state level in either the terminology or the calculation formulas that lie behind the terms used in this paragraph, the Committee will use a calculation approach which replicates the apportionment outcomes that would result from this paragraph if the terms of this paragraph were applied as of the effective date of this Regional Agreement.

(E) Apportionment of Operating Costs

The District will utilize the statutory method in the apportionment of operating costs. Pursuant to this method, the District will deduct from operating costs the total of any revenue from Chapter 70 state aid, Chapter 71 Regional Transportation Reimbursement, and any other revenue as determined by the Regional School Committee. The balance of all operating costs, except those described in subsection IV,F below, shall be apportioned to each member community as follows. Each member community's share of operating costs will be the sum of the following: (a) the member's required local contribution to the District as determined by the Commissioner of Elementary and Secondary Education (hereinafter "the Commissioner"); (b) the member's share of that portion of the District's net school spending, as defined by G.L. chapter 70, section 2, that exceeds the total of the required local contributions for all of the members; and (c) the member's share of costs for transportation and all other expenditures (exclusive of capital costs as defined in subsection IV,(B) above) that are not included in the District's net school spending. A member's share of (b) and (c) above will be calculated by computing the ratio which that member's pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, bears to the total pupil enrollment in the regional district school from member communities, using a rolling average based on the four (4) most recent annual October 1 enrollment figures.

(F) Special Operating Costs

The Committee shall determine the operating costs for each fiscal year for any courses or programs which are offered by the District to persons other than secondary students attending the regular day regional vocational school. Each member community's share of such special operating costs shall be apportioned by identifying each member community's enrollment and/or participation rate in said courses or programs as compared to the overall enrollment and/or participation rate in said courses or programs. Normally said share shall be paid by the members as a special assessment in the fiscal year following the year of the course or program offering, although exceptions may be made whereby the payment will be made during the fiscal year of the course or program offering.

(G) Times of Payment of Apportioned Costs

Each member shall pay to the District in each fiscal year its proportionate share, certified as provided in subsection V(B), of the capital and operating costs. The annual share of each member community shall be paid in such amounts and at such times that at least the following percentages of such annual share shall be paid on or before the dates indicated, respectively:

September 1	25%
December 1	60%
March 1	75%
May 1	100%

(H) Apportionment of Costs to New Members

1. The share of operating costs which will be paid by a new member community will be determined consistent with subsection IV(E) except that, for purposes of calculating that community's four (4) year rolling average of pupil enrollment, the number of "out of district" students from that community which were enrolled in the regional district school during each of the applicable four (4) years will be regarded as that community's "pupil enrollment" during those years for purposes of this calculation.

2. The Regional School Committee, prior to the admittance of a new member community, will have the option of negotiating a phase in of the amount of capital costs which will be assessed to that new member community during the first three years of membership in the District. Beginning no later than the fourth year of membership and thereafter, however, the new member community will be assessed the full capital cost apportionment that will result from an application of subsection IV(D).

(I) Incurring of Debt

Other than short-term borrowing for cash-flow purposes, the incurring of debt for purposes expressed in G.L. Chapter 71, section 16(d), will require at least a two-thirds (2/3) vote of all of the members of the Regional School Committee, without regard for the weight of the votes. If such a margin exists, the Committee must seek authorization for incurring debt by following the approach set out in G.L. Chapter 71, section 16, subsection (d). If one or more member communities vote disapproval of the debt, the Committee, by a majority of the weighted vote, may then seek authorization for the debt via Chapter 71, section 16, subsection (n). If and when subsection (n) is utilized, and if the incurring of debt is approved via subsection (n), the following option will be open to a member community if a majority of the registered voters voting on the question from that community voted to disapprove the incurring of debt in the subsection (n) election. Said community may seek to withdraw from the District consistent with the procedure in Section IX, and, if the notice of withdrawal is sent consistent with Section IX within sixty (60) days of the subsection (n) election, that community will not be responsible for a share of the debt service attributable to this new debt even if that community's withdrawal from the District is not approved by a majority of the member communities as required by Section IX, or even if the withdrawal of said community is disapproved by the Commissioner. Communities whose resident voters disapprove the incurring of the debt in the subsection (n) election but which do not give a notice of withdrawal consistent with Section IX will remain members of the District and will share in the debt service for the new debt consistent with the apportionment process in this Section IV.

SECTION V BUDGET

(A) Tentative Operating and Maintenance Budget

The Committee shall annually prepare a tentative operating and maintenance budget for the ensuing fiscal year, attaching thereto provision for any installment of principal or interest to

become due in such fiscal year on any bonds or other evidence of indebtedness of the District and any other capital costs to be apportioned to the member communities. The said Committee shall mail a copy to the chairman of the Board of Selectmen and the Finance or Advisory Committee, if any, of each member town at least fifteen days prior to the date on which the final operating and maintenance budget is adopted by the Committee, said copy to be itemized in a fashion consistent with DESE's chart of accounts.

(B) Final Operating and Maintenance Budget

After conducting a public hearing consistent with G.L. Chapter 71, section 38M, the Committee shall adopt an annual operating and maintenance budget for the ensuing fiscal year not later than forty-five days prior to the earliest date on which the business session of the annual town meeting of any member town is to be held, but in no event later than March 31, provided that said budget need not be adopted earlier than February 1. Said adoption of the budget will require a combined total of weighted votes equal to or exceeding 66.7% of the weighted vote of the entire Regional School Committee (i.e., not merely two-thirds of the weighted vote of those present at the meeting). Said annual operating and maintenance budget shall include debt and interest charges and any other current capital costs as separate items, and the said Committee shall apportion the amounts necessary to be raised in order to meet the said budget in accordance with the provisions of Section IV. The amounts so apportioned to each member community shall be certified by the district treasurer to the treasurer of such member community within thirty days from the dates on which the annual operating and maintenance budget is adopted by the Committee, and each such community shall, at the next annual town meeting or meeting of the city council, appropriate the amounts so certified. The annual Regional School District budget shall require approval by the local appropriating authorities of at least two-thirds (2/3) of the member communities consistent with G.L. Chapter 71, section 16B.

SECTION VI TRANSPORTATION

School transportation shall be provided by the regional school district and the cost thereof shall be apportioned to the member communities as an operating cost.

SECTION VII AMENDMENTS

(A) Limitation

This Agreement may be amended from time to time in the manner hereinafter provided, but no such amendment shall be made which shall substantially impair the rights of the holders of any bonds or notes or other evidences of indebtedness of the District then outstanding, or the right of the District to procure the means for payment thereof, provided that nothing in the section shall prevent the admission of new communities to the District and the reapportionment accordingly of capital costs of the District represented by bonds or notes of the District then outstanding and of interest thereon.

(B) Procedure

Any proposal for amendment, except a proposal for amendment providing for the withdrawal of a member community (which shall be acted upon as provided in Section IX), may be initiated

by a vote of at least three-fourths (3/4) of all of the members of the Regional School Committee, without regard for the weight of the votes, so long as the proposed amendment was discussed as an agenda item at no less than one prior Committee meeting. Alternatively, a proposal for amendment may be initiated by a petition signed by at least 10 per cent of the registered voters of any one of the member communities. In the latter case, said petition shall contain at the end thereof a certification by the Municipal Clerk of such member community as to the number of registered voters in said community according to the most recent voting list and the number of signatures on the petition which appear to be the names of registered voters of said community and said petition shall be presented to the secretary of the Committee. In either case, the Secretary of the Committee shall mail or deliver a notice in writing to the Board of Selectmen, or City Council, of each of the member communities that a proposal to amend this Agreement has been made and shall enclose a copy of such proposal (without the signatures in the case of a proposal by petition). The Selectmen of each member town shall include in the warrant for the next annual or a special town meeting called for the purpose an article stating the proposal or the substance thereof, and the City Council in each member city shall vote on said proposed amendment within two months of its submittal by the Committee. Such amendment shall take effect upon its acceptance by all of the member communities, acceptance by each community to be by a majority vote at a town meeting in the case of a town, or by majority vote of the City Council in the case of a city, and after approval by the Commissioner.

(C) Approval by Commissioner

All amendments to this Agreement are subject to the approval of the Commissioner.

SECTION VIII ADMISSION OF NEW COMMUNITIES

By an amendment of this Agreement adopted under and in accordance with Section VII above, any other community or communities may be admitted to the regional school district. The effective date for the admission of each such new member shall be the July 1 following the adoption by the District of such an amendment, the acceptance by all of the existing members, and the approval by the Commissioner. All of the above approvals must be completed by December 31 for the new member to be admitted on the following July 1. Such admission also shall be subject to compliance with such provisions of law as may be applicable and such terms as may be set forth in such amendment.

SECTION IX WITHDRAWAL

(A) Procedure

Consistent with 603 CMR 41.03(2) the withdrawal of a member community can occur only as of July 1 of a given fiscal year. A notice of desire to withdraw must be initiated by a two-thirds (2/3) vote of the legislative body of the member community, which must occur no less than three (3) years prior to the desired July 1 withdrawal date. The Municipal Clerk of the community seeking to withdraw must notify the Regional School Committee in writing within seven (7) days of the vote of the legislative body that the two-thirds (2/3) vote has occurred, and the receipt of the notice of withdrawal will be acknowledged in the minutes at a Regional School Committee meeting. Within seven (7) days of its receipt, the District's Clerk will notify in writing the Municipal Clerks of all of the member communities that a notice of withdrawal has been received. Once this notice of withdrawal is given, it may not be rescinded without the unanimous consent of the members of the Regional School Committee. The withdrawal of a community will be allowed

only if it is approved by a majority of the other member communities. A failure of the legislative body of a member community to vote disapproval of a requested withdrawal within sixty (60) days of the notice of withdrawal being submitted to the Regional School Committee will constitute approval. During this three (3) year notice period, the departing member will continue to be responsible for the following:

1. Payment of its share of operating costs apportioned by way of subsection IV(E).
2. Payment of its share of capital costs apportioned by way of subsection IV(D), except that no apportionment for a withdrawing member will be made for a share of debt that was disapproved by the voters of said withdrawing member in a G.L. Chapter 71, subsection 16(n) election and after said disapproval a notice of withdrawal was sent by said member consistent with the terms of subsection IV(I). Similarly, no apportionment for a withdrawing member will be made for a share of any debt incurred after the member has given a notice of withdrawal.
3. The withdrawing community shall continue to have a right to appoint and be represented by its member on the School Committee with full voting authority until the date of final withdrawal, on which date the withdrawing community member's term shall end.

(B) Continuing Obligations After Withdrawal

A departing member shall have no right or claim to the assets of the District, and a departing member shall continue to be responsible, after withdrawal, for the following:

1. Payment of its share of capital costs incurred prior to withdrawal apportioned by way of subsection IV(D), provided that for purposes of this apportionment the withdrawn community's enrollment shall be deemed to be its enrollment determined pursuant to subsection IV(D) immediately prior to the date of its notice of intent to withdraw, except that:
 - a. no apportionment for a withdrawing member will be made for a share of debt that was disapproved by the voters of said withdrawing member in a G.L. Chapter 71, subsection 16(n) election and after which disapproval a notice of withdrawal was sent by said member consistent with the terms of subsection IV(I); and,
 - b. no apportionment for a withdrawing member will be made for a share of debt that was incurred by the District following receipt of the withdrawing member's notice of intent to withdraw, such notice having not been rescinded.

(C) Commissioner's Approval

Consistent with 603 CMR 41.03(2) the withdrawal of any member requires the approval of the Commissioner of Education, and all requisite approvals must be obtained no later than the December 31 preceding the July 1 effective date of withdrawal.

(D) Amendment to Agreement

The withdrawal of a member which occurs consistent with this Section will, upon its completion, constitute an amendment to the Regional Agreement, regardless of the fact that said amendment was not processed via the procedure contained in Article VII.

(E) Initial Procedure for Withdrawal

Consistent with 603 CMR 41.03(2), the communities of Boxborough, Carlisle, Dover, Lincoln, Sudbury, Wayland, and Weston may withdraw from the District effective on the first July 1 after the first December 1 following the Commissioner of Education's approval of the 2016 Amended

Regional Agreement, all of the following requirements having been met by each departing member:

- (a) On or before March 1, 2016, voted by simple majority of its legislative body to confirm its commitment to withdraw from the District;
- (b) On or before March 1, 2016, voted to approve the 2016 Amended Regional Agreement;
- (c) Approval of the 2016 Amended Regional Agreement by the Commissioner of Education.

A vote by any member to adopt the 2016 Amended Regional Agreement shall also constitute approval of the withdrawal of any or all of the communities of Boxborough, Carlisle, Dover, Lincoln, Sudbury, Wayland, and Weston from the District pursuant to the Initial Procedure for Withdrawal.

The terms of School Committee members representing communities which withdraw under this Initial Procedure for Withdrawal shall end on the withdrawal date of the community which the member represents. No such community shall have any right or claim onto the assets of the District. Such communities shall continue to be responsible for their respective shares of the District's indebtedness as of the withdrawal date, except that no community withdrawing under this Initial Procedure for Withdrawal shall be responsible for District debt incurred after December 10, 2015.

SECTION X TUITION STUDENTS

(A)

The Committee may accept for enrollment in the regional district school pupils from communities other than member communities on a tuition basis. Income received by the District from tuition pupils and not previously deducted from operating costs shall be deducted from the total operating costs in the next annual budget to be prepared after the receipt thereof, prior to apportionment under Section IV to the member communities, provided that income identified as a contribution to capital costs shall be applied to the capital budget.

(B)

Subject to state law, and applicable regulations, effective June 30, 2018, it shall be the policy of the District to admit out-of-district students only based on tuitions and charges equal or greater than the District's similarly-calculated average per pupil cost for in-district communities as determined by the Committee. Exceptions to this policy may only be made by two-thirds weighted vote of the Committee. The provisions of this paragraph (B) shall not apply to incoming school choice students under M.G.L. c. 76, § 12B.

SECTION XI FISCAL YEAR

The fiscal year for the district shall run from July 1 to June 30.

SECTION XII SUBMISSION FOR APPROVAL

This Agreement shall be submitted for approval pursuant to the applicable provisions of Chapter 71 of the General Laws.

ASSESSMENT OF CAPITAL COSTS Based on most recent year's enrollment share with a five-student minimum used in the calculation.	ASSESSMENT OF CAPITAL COSTS Each member community pays base 1% of yearly total. 50% is based on 4-year rolling average enrollment share and remainder considers certain factors used in calculating Chapter 70 state aid to education along with enrollment.	ASSESSMENT OF CAPITAL COSTS No change from 2014, except that in calculating the rolling average, a one-student minimum enrollment per year would be used, replacing the five-student minimum enrollment used for capital assessment under the present (1980) agreement.
SCHOOL COMMITTEE VOTES Each member town has one vote for all questions	SCHOOL COMMITTEE VOTES Weighted votes with 50% of vote strength shared equally among members and 50% based on the 4-year rolling average enrollment. Incurring debt is specifically excepted and would require approval by 2/3 of all school committee members regardless of enrollment share or actual attendance at meeting.	SCHOOL COMMITTEE VOTES No change from 2014
ADMISSION OF NEW MEMBER COMMUNITIES New member would carry full share of capital costs from day one. Current language does not account for admission of a city.	ADMISSION OF NEW MEMBER COMMUNITIES School Committee could negotiate gradual 4-year "buy-in", subject to approval by all of the existing member communities. Language contemplates membership by a city. Because it constitutes an amendment to the Regional Agreement, adding a new member would continue to be subject to approval by all of the then-current member communities, and those votes would include any buy-in provisions.	ADMISSION OF NEW MEMBER COMMUNITIES No change from 2014

4. **Frequently Asked Questions about the Revised Regional Agreement
Minuteman Regional Vocational Technical School District
January 19, 2016**

Question #1: What's a Regional Agreement?

A Regional Agreement – also known as a District Agreement or Regional District Agreement – is the document that establishes a Massachusetts regional vocational-technical school district and outlines how the District will be governed.

Question #2: What's the history of the Minuteman Regional Agreement?

The original Agreement creating the Minuteman Regional Vocational Technical School District was passed in 1970. That Agreement has been amended three times since: in 1973, 1979, and 1980. In 2013, there was another attempt to revise the Agreement. A revised Agreement was endorsed by the Minuteman School Committee in the spring of 2014 and sent to the member towns for ratification. However, that effort failed when one town rejected the proposal. (All 16 members must vote “yes” in order to revise the Regional Agreement.)

Question #3: What Regional Agreement is Minuteman currently working under?

The Minuteman Regional Agreement was last revised in 1980. Minuteman continues to operate under the terms of that 1980 Agreement.

Question #4: Where do the latest revisions come from?

The package being presented to Town Meetings in January and February of 2016 is the culmination of *years of work* by town officials and other stakeholders in the Minuteman District. The latest version of the Agreement is the result of meetings by a working group of selectmen representing each of the 16 member towns. The latest version, approved December 21, 2015, by the Minuteman School Committee, builds on the revisions proposed to area Town Meetings in early 2014.

Question #5: The March 11, 2014 version of the Regional Agreement was passed by most – but not all – of the towns in the Minuteman District. What's the difference between that version and the December 21, 2015 version being presented to us now?

Simply put, the new Agreement streamlines the process for withdrawal by member towns, eliminates the five-student minimum charged to member towns for capital costs, and requires out-of-district communities to pay an equitable share of any capital costs associated with a Massachusetts School Building Authority (MSBA) project. For a more detailed review of the changes, please visit the Minuteman website: www.minuteman.org. See the link titled “The Regional Agreement and Proposed Amendments.”

Question #6: How many towns must approve changes in the Regional Agreement?

Changes in the Minuteman Regional Agreement require the approval of every member town. That means that Town Meetings in all 16 towns must vote “yes”.

Question #7: What makes you think these revisions will be more acceptable to the member towns?

The goal of the Selectmen's working group that agreed on the latest revisions was to "get to YES" in all 16 communities. This required negotiation and compromise by all parties. These are *consensus revisions*, recommended by the working group, without any opposition, and approved by the Minuteman School Committee by a unanimous vote for town consideration. The latest changes appear to address the main concerns raised during debate over the 2014 revisions. Further, all 16 towns quickly called Special Town Meetings to consider the changes. This gives great cause for optimism.

Question #8: Is the new Regional Agreement linked to the Minuteman building project?

Technically speaking, there is no link between the Regional Agreement and Minuteman's plans to build a new school with financial help from the Massachusetts School Building Authority (MSBA). The MSBA is not requiring Minuteman to secure a new Agreement. Practically and politically speaking, however, there is direct link. Several town officials have said they could not support the Minuteman project in their towns until a new Regional Agreement is approved by all 16 towns.

Question #9: Is that why there's such a sense of urgency?

Yes. The Minuteman building project is certainly a big part of it. The MSBA has given Minuteman only until June 30, 2016, to secure local approval for the building project, which includes bonding.

Question #10: What are some of the key reasons to support the new Agreement?

There are several reasons. Ratification of the Agreement will:

- End years of dispute among member towns over Minuteman governance issues...and create a more unified District
- Help the District proceed with its long-planned, state funded construction project
- Protect a roughly \$45 million reimbursement from MSBA
- Honor the hard work of the selectmen's working group representing our 16 member towns
- Establish a tone of cooperation among member communities, paving the way for a brighter future for vocational-technical education in the region
- Make it more attractive for other cities or towns to join the District
- Ensure continued educational excellence for Minuteman students

Question #11: How would approving the new Regional Agreement make it more attractive for new member towns (or cities) to join the Minuteman District?

The new Regional Agreement will strengthen Minuteman's governance structure and quickly clarify District membership (i.e., identify which towns are staying in the District and which ones, if any, are leaving). While a number of communities have expressed interest in possibly joining the Minuteman District, community leaders have also indicated they would be more inclined to join once all of these issues have been resolved.

Question #12: What is the effective date of the new Regional Agreement?

Assuming all actions are in the affirmative, the effective date would be July 1, 2017. The new agreement will become effective when it is accepted by all 16 member towns, and approved by the Commissioner of Education. Pursuant to Section VII of the existing agreement, any amendment “shall take effect upon its acceptance by all the member towns, acceptance by each town to be by a majority vote at a town meeting.” Although the existing agreement does not so state, approval by the Commissioner of Education is also required for any amendment to a Regional Agreement, pursuant to 603 CMR 41.03(4) (“The Commissioner shall approve or disapprove a Regional District Agreement, and any subsequent amendments to the Agreement, based on review and recommendation by the Department that the Agreement meets the standards in 603 CMR 41.00 and applicable law.”). Incidentally, one of the changes in the new Regional Agreement is to add a provision to Section VII explicitly stating that amendments require the approval of all member towns and the Commissioner. However, even without that language in the existing Agreement, the regulations require it. Thus, the amended Regional Agreement will become effective when it is approved by the Commissioner. The Commissioner will not approve the Agreement until it has been approved by all 16 towns. **Source:** Kevin F. Bresnahan, Esq., Murphy, Hesse, Toomey & Lehane, LLP

Question #13: What would be the effective date for withdrawal if one of the seven towns specifically listed as a declarant town in this Agreement (that is, in Section IX (E) Initial Procedure for Withdrawal in the December 21, 2015 proposal) actually votes to leave under its terms?

July 1, 2017 will be the effective date of withdrawal of any member towns whose town meetings vote to withdraw, assuming approval of the amended Regional Agreement by all 16 member towns and the Commissioner (and assuming that the Commissioner’s approval comes prior to December 31, 2016). This is because 603 CMR 41.03(2)(a) provides that a member may withdraw from a region effective July 1, so long as all requisite approvals (of other member towns and the Commissioner) have been obtained by the preceding December 31. **Source:** Kevin F. Bresnahan, Esq., Murphy, Hesse, Toomey & Lehane, LLP

Question #14: What’s the process for approval by DESE?

Once the agreement is approved at all 16 town meetings, Minuteman will need to submit the final approved copy of the Agreement, along with the certified town meeting votes, to the Commissioner for his approval. The amended Agreement will only be sent to the Commissioner after approval by all of the member towns.

Question #15: I have heard that a town leaving the Minuteman district would need to submit a plan to the Department of Education to provide Chapter 74 education to students in the town who want to pursue that type of education. I have also heard that that a plan would need to be approved before the town’s departure from Minuteman can be finalized. Am I correct about that?

Until three days ago, Minuteman had the same understanding. However, DESE’s Deputy Commissioner provided the following statement to Minuteman on January 15, 2016: “I’d like

to clarify the process for DESE review of a town's proposed withdrawal from a regional vocational school district. The Department's primary role in this situation is to ensure that the withdrawal conforms to the procedural requirements set out in the regional agreement, and to assist the district and the withdrawing town in addressing the various financial and logistical issues that arise from a withdrawal. There is no requirement that a withdrawing town submit a plan on providing alternative access to vocational education. Although we encourage towns to provide or arrange for appropriate vocational education opportunities for their students, there is no legal requirement that they do so. State law (G.L. c74, s.7) already provides a mechanism for students to enroll in out-of-district vocational programs.

This is a different situation than a town seeking to withdraw from a regional academic school district. Every town has a legal obligation to provide an academic course of study for its resident children, either by operating its own school, joining a regional academic school district, or entering into a tuition agreement with another district. Towns seeking to withdraw from a regional academic district would be required to provide a satisfactory plan for meeting this obligation." **Source:** Deputy Commissioner Jeffrey Wulfson, Massachusetts Department of Elementary and Secondary Education, January 16, 2016

Question #16: If a town leaves the District, what happens to students from that town currently enrolled at Minuteman?

All student currently enrolled at Minuteman are held harmless and remain students until graduation. While the town remains a member, all students can continue to apply and be accepted. Once the town is no longer a member, Minuteman can make no guarantees.

Question #17: What would the policy be regarding admitting students from communities that leave the district? That is, would it be an option for a departing town to continue to send students to Minuteman on a tuition basis and under what conditions?

Any Intermunicipal Agreements (IMAs) would need to be approved by the Minuteman School Committee. If the district were to agree to allow departing students to apply through an IMA, Minuteman's Superintendent would recommend that the IMA be for a period of three (3) years. Any renewal of an IMA would be subject to space being available in the new school. (Overall capacity has been shrunk to 628 students.) Overall enrollment from member towns (even if several current smaller towns depart) is expected to increase. Some larger non-member communities have expressed interest in exploring the idea of joining the region with a more 'user friendly' Regional Agreement in place. If any new members were to join, this would reduce significantly any room for non-member applicants.

Question #18: Are there any incentives for new cities or towns to join the Minuteman District?

Yes. First, new members would be able to guarantee access at Minuteman High School for students from their communities. Second, the community would gain a seat on the Minuteman School Committee which sets policy for the District.

Question #19: I have a question regarding Section X(B). That section reads: “(B) Subject to state law, and applicable regulations, effective June 30, 2018, it shall be the policy of the District to admit out-of-district students only based on tuitions and charges equal or greater than the District’s similarly-calculated average per pupil cost for in-district communities as determined by the Committee. Exceptions to this policy may only be made by two-thirds weighted vote of the Committee. The provisions of this paragraph (B) shall not apply to incoming school choice students under M.G.L. c. 76, § 12B.” Why does this section have an effective date of June 30, 2018?

Because this is expected to be the first fiscal year that the district will bear significant project borrowing costs.

Question #20: I have a second question about Section X(B). The Commissioner consistently sets the tuition at a level lower than the average cost per in-district pupil. If the Commissioner sets a similar low level of tuition in the future, will this section require an annual 2/3’s vote by the school committee to allow out-of-district student to attend?

No. State law prohibits a district from charging an operating tuition above the level set by the Commissioner. However there (currently) is no state law prohibiting the District from charging a non-member capital fee (on top of the operating tuition) greater (or less than) the capital fee set by the Commissioner. The intent of this section is to give the School Committee the ability to waive a capital fee in certain circumstances. In order to waive the capital fee, it would require a 2/3 vote of the School Committee.

Question #21: Can my town reject the “escape clause” by which those towns leaving the District may avoid paying their share of the capital expense for a new school?

Rejection of all or part of the proposed agreement by any of the 16 member towns will kill the Regional Agreement. Defeat of the Regional Agreement may increase the likelihood that roughly \$45 million committed by the state to the Minuteman high school construction project will be lost to the District. If the Massachusetts School Building Authority (MSBA) project fails, District taxpayers will be required to pay approximately \$100 million for repairs, without any help from the MSBA.

Question #22: What would be the financial impact of the new Regional Agreement on the District as it is currently comprised with 16 towns?

Appendix A of the revised Regional Agreement outlines the financial impact of the revised Capital Assessment model. There is a link on the front page of the Minuteman website that includes information about “The Regional Agreement and Proposed Amendments”, including Appendix A. The Minuteman website may be found at www.minuteman.org.

Question #23: What would be the impact of a new Regional Agreement and seven towns departing on our town’s project capital commitment?

The impact would be minimal on a percentage basis. The range of impact can be determined by reviewing the spreadsheets developed by the District showing projected member assessments for 16 towns and projected member assessments for nine towns.

Generally, the overall impact is small given the small enrollment that would be associated with departing towns. Remaining small towns may see a greater per pupil impact.

Question #24: I am a town official in the Minuteman District. Do you have a brief Summary that we could use to explain the revised Regional Agreement on the Town Meeting Warrant?

Yes, we do. It can be found on the Minuteman website: www.minuteman.org.

Question #25: Where could I get more information about the new Regional Agreement?

Go to the "Quick Link" titled "The Regional Agreement and Proposed Amendments" on the main page of the Minuteman website, www.minuteman.org.

Question #26: I am a town official in the Minuteman District. What if I have additional questions?

The Superintendent will be hosting a breakfast meeting for town officials to talk about the revised Regional Agreement on Thursday, January 21, 2016, at 7:30 a.m. in the Paul Revere Room at Minuteman High School.

What is the Regional Agreement?

A REVOLUTION IN LEARNING

What Is the Regional Agreement?

- The Regional Agreement, also known as the District Agreement:
 - Created the Minuteman District
 - Outlines how the District is governed
 - Was revised in 1973, 1979, and 1980
- The District has been trying to improve and modernize the Regional Agreement for several years.

Background

- In 2014, the Minuteman School Committee approved a series of changes.
- Changes in the Agreement require all member towns to agree.
 - Ten towns voted “yes.”
 - One town voted “no”.
 - Five towns didn’t vote.

Status of Proposed Changes

- During the Fall of 2015, a working group led by area selectmen decided to try again.
- Stakeholders recommended “consensus” revisions to the Minuteman School Committee.
- The Minuteman School Committee approved the revisions on December 21, 2015.

What's in the new Regional Agreement?

A REVOLUTION IN LEARNING

What's in the New Agreement?

- The new Regional Agreement represents a ***compromise*** designed to stabilize and strengthen the District.
- The new Regional Agreement includes amendments from 2014, ***plus*** several new terms recommended by Selectmen and approved by the Minuteman School Committee.

Major Features of the Agreement

- Uses a four-year “rolling” average for capital and operating assessments in order to avoid budget volatility for member towns
- Uses modified weighted voting, giving towns with greater numbers of students greater say in School Committee decisions
- Simplifies the process for withdrawal by member towns.

Major Improvements to the 2014 Revisions

- Eliminates the five-student minimum charged to member towns for capital costs, replacing it with a one-student minimum
- Requires out-of-district communities to pay their share of capital costs for a new MSBA-supported school building

MINUTEMAN
A REVOLUTION IN LEARNING

Why Should We Support This?

A REVOLUTION IN LEARNING

Reasons to Approve the New Regional Agreement

- Ratification of a new Regional Agreement will end years of dispute among member towns over Minuteman governance issues...and create a more unified District.
- Ratification of a new Regional Agreement will help the District proceed with its long-planned and badly needed, state-funded construction project.
- Ratification of a new Regional Agreement will protect a roughly \$45 million reimbursement from the MSBA.

Reasons to Approve the New Regional Agreement

- Ratification of a new Regional Agreement will honor the hard work of the working group of Selectmen representing our 16 towns.
- Ratification of a new Regional Agreement will establish a tone of cooperation among member communities, paving the way for a brighter future for vocational-technical education in the region.
- Ratification of a new Regional Agreement may make it more attractive for new members to join.

Recap

A REVOLUTION IN LEARNING

Recap

- The new Regional Agreement is the product of compromise and consensus.
- It strengthens Minuteman's governance structure and quickly clarifies District membership.
- Ratification clears the way for a decision about the MSBA-supported Minuteman building project.

**6 . Minuteman Regional Vocational Technical School District
Proposed Amendment to the Regional Agreement
Information for Participants at Upcoming Special Town Meetings
January 12, 2016**

This Article would approve revision of the Minuteman Regional Vocational Technical School District Agreement. Ratification of the revised Agreement requires Town Meeting approval in all sixteen (16) member communities.

The revision is part of an effort to advance a major capital project for Minuteman High School in coordination with the Massachusetts School Building Authority (MSBA). The current MSBA timeline requires the District to secure necessary approvals for its share of capital borrowing by June 30, 2016.

The current facility, built in the early 1970's, has serious building systems and capital maintenance issues, does not meet current code and architectural standards, and cannot optimally support Minuteman's vocational-technical education programs.

The changes in the revised agreement are intended to improve governance and cost sharing and facilitate realignment of the district, including allowing some communities to withdraw from membership, before a decision has to be made on bonding the Capital Project, which will require assent of all member towns or a district-wide referendum

The recommended changes to the District Agreement have been requested by the Minuteman School Committee based on the work of a study committee and substantial input from town officials and other stakeholders. A similar proposal was approved by ten towns in 2014, but did not receive all sixteen necessary approvals. Because this revision has some improvements from the 2014 language, a second vote is required.

Principal features of the revised Regional Agreement include:

1. A new formula for sharing capital costs among member communities. The new formula includes factors for each community's enrollment at Minuteman, relative community ability to pay, and a minimum share for each community. The current formula attributes a five-student minimum to low-enrolling communities but otherwise is based on enrollment only. The new formula would employ a one-student per year minimum and help retain as members those communities that have typically sent the fewest students to Minuteman.
2. Reducing volatility in assessments by using a four year rolling average for enrollment based charges, which are currently established by the previous year only.
3. Weighted voting on the Minuteman School Committee with 50% of vote strength shared equally among members and 50% based on each community's 4-year rolling average enrollment. The present agreement provides for one vote per town, even though some towns have much larger numbers of students at Minuteman and, even

under the new agreement, will continue to carry a higher percentage of the costs. The new Agreement calls for weighted voting in most cases. Exceptions include votes to incur debt, which require approval by 2/3 of all School Committee members regardless of enrollment.

4. Appointment of Minuteman School Committee members by the boards of selectmen of the member town (or the mayor, in the case of a city), unless the town provides otherwise by bylaw or charter. It is hoped that moving to executive branch appointments, instead of moderators' appointments, will improve accountability of the District to the member communities. Towns wishing to retain the moderator's appointing authority may do so by bylaw/charter.
5. A more workable process for communities to withdraw from the district. The revised agreement provides several, mostly low-enrolling, communities the option to withdraw as part of the ratification process. Going forward, a member town could withdraw from the District by town meeting vote on reasonable notice, subject to an obligation to pay its share of outstanding capital, and with approval from the State Education Commissioner, unless at least half of the other members' legislative bodies vote to disapprove. The current agreement requires an affirmative vote by every member town to allow a community to withdraw.

Revision to the Regional Agreement is seen as critical to the Capital Project effort.

If the Capital Project is not approved, the District will face difficult challenges operating and maintaining its existing facility. All member communities will share those costs, which without MSBA assistance may be higher than the cost to build a new school.

Minuteman is an important option for our students who either seek or will be better served by vocational education. The new agreement is intended to help assure that opportunity.

Additional information, including copies of the current agreement, proposed agreement, and text and summaries of the changes, are posted on the Minuteman website, <http://www.minuteman.org//site/default.aspx?PageID=196>

This document, with minor edits, was compiled by Needham Selectman Dan Matthews to assist town meeting participants in Minuteman's 16 member communities in voting on the new Regional Agreement endorsed by the Minuteman School Committee on December 21, 2015. Mr. Matthews served as a member of the Regional Agreement Amendment Subcommittee, the Regional Agreement Advocacy Group, and a working group that met during the fall of 2015 to further refine the Regional Agreement. Minuteman gratefully acknowledges Mr. Matthews' work and the work of his colleagues in this important effort.
