RE: Downing Square Improvement Project: Road Work Notice – Final Paving

Dear Resident/Business Owner:

This is an important update informing you that the contractor for the Town's Downing Square Improvement Project will soon be performing the final paving work.

This work will take place on Tuesday October 22, 2013 between the hours of 8:00 p.m & 6:00 a.m. The work area will include the intersection and the connecting streets of Park Avenue, Park Avenue Extension, Lowell Street, Bow Street and Westminster Avenue. Given the potential traffic congestion, business disruptions, logistical and safety challenges involved it was determined that this work should be performed at night to increase safety and expedite the project.

Traffic will be managed by the Police Department's Traffic Detail Officers and will include road closures and detour routes. Please adhere to traffic signs and directions. Police detail officers will be available to provide assistance with traffic management as required and will enforce parking restrictions as necessary. Please plan accordingly to avoid travel in the area if possible.

All scheduling details are weather permitting and may be altered due to encountered site conditions. If you have any questions about the project, please contact the Arlington Engineering Division; Pete Lento at (781) 316-3323 or Wayne Chouinard at (781) 316-3320.
