2013 STORMWATER AWARENESS SERIES

SESSION #10 – Arlington – Belmont 604b Water Quality Management Grant Presentation

The Town of Arlington Engineering Division is hosting a Stormwater Awareness Series open to residents of the Town of Arlington and the general public.

The series is designed to educate residents on Stormwater and the impacts on runoff, water quality, flood control and prevention, erosion and other stormwater related impacts within the Town of Arlington. Information will be provided by stormwater professionals for the purpose of increasing awareness of these issues within the Town and to provide information for residents to help understand how the surrounding environment affects, and impacts, the local water resources and what can be done to reduce these impacts.

The next presentation is scheduled to be held on December 10th 7:00 – 8:00 p.m. in the Selectmen's Hearing Room, Arlington Town Hall, 2nd floor. The session will include a presentation detailing the recently awarded 604b Water Quality Management Grant issued to the Town's of Arlington and Belmont and will be followed by a question and answer session related to the presentation session topics.

Session #10: December 10, 2013
7:00 p.m. – 8:00pm
Title: Arlington/Belmont 604b Water Quality Grant Project Description
Speaker: Patrick Herron, PhD; Mystic River Watershed Association

Patrick Herron, PhD; Water Quality Monitoring Director, Mystic River Watershed Associations. Mr. Herron received his PhD in Plant Ecology from the University of Connecticut, joined MyRWA in June 2009 as the full-time Water Quality Monitoring Director. Before joining MyRWA, Patrick completed postdoctoral fellowships at the Rowland Institute at Harvard University and Marine Biological Laboratories at Woods Hole. He is responsible for supervising all science, monitoring and restoration projects and publication of technical reports to stakeholders including MaDEP and EPA.

The following is an outline of the presentation topics:

- Mass DEP Stormwater Handbook
- Sources of Pollution in Stormwater Runoff
- Enhancing Water Quality Runoff from Commercial and Residential Properties
- Residential Rain Gardens and other Stormwater Best Management Practices

Future Presentations

This is the final presentation for 2013. The Arlington Engineering Division is planning additional presentation for 2014. Please stay tuned for the upcoming 2014 Arlington Stormwater Series schedule. Updated information on these sessions will be sent by email via Town of Arlington Notices and posted online at arlingtonma.gov/engineering.
