2015 STORMWATER AWARENESS SERIES

SESSION #16: After the Snow

The Town of Arlington Engineering Division is hosting a Stormwater Awareness Series open to residents of the Town of Arlington and the general public.

The series is designed to educate residents on Stormwater and the impacts on runoff, water quality, flood control and prevention, erosion and other stormwater related impacts within the Town of Arlington. Information will be provided by stormwater professionals for the purpose of increasing awareness of these issues within the Town and to provide information for residents to help understand how the surrounding environment affects, and impacts, the local water resources and what can be done to reduce these impacts.

The next presentation is scheduled to be held on April 14th 7:00 – 8:00 p.m. in the Selectmen’s Hearing Room, Arlington Town Hall, 2nd floor. The session will include a presentation “After the Snow”. Sand & salt, freeze & thaw, and snow & ice, the remedy for winter effects requires special attention in the spring. Information will be provided for businesses and residents about the deleterious effects of winter and the related impacts as they relate to stormwater runoff and how to clean up the after the winter mess deleterious. The presentation will be followed by a question and answer session related to the presentation session topics.
