"Beautiful Solutions" (This is more a collection of examples and ideas than a coherent article, but most of them are New Economy aligned, so I encourage you to explore it. There are many good real-world examples.) <https://solutions.thischangeeverything.org/>

If you're looking for a little more depth, the author of the second article above, a man named Gar Alperovitz, wrote a short and easy to read book called *What Then Must We Do? Straight Talk about the Next American Revolution*
