<u>VOTED</u>: That the Town does hereby adopt provisions of Chapter 218 of the Acts of 2016 ("An Act Modernizing Municipal Finance and Government"), Sections 26, 27 and 30 regarding the authorization to establish Parking Benefits Districts in the Town of Arlington, including any subsequent amendments or modifications thereto, such adoption shall be effective upon acceptance.

COMMENT: The Board of Selectmen enthusiastically endorses positive action on this article, which accepts a provision of the Massachusetts Municipal Modernization Act to enable the Town to establish "Parking Benefits Districts." Through the establishment of these districts, the Town may segregate its parking revenues for expenditure in designated geographic areas (for example, the areas with parking meters) for a wide range of purposes including parking meter maintenance, increased street sweeping or snow removal, beautification, or larger street and infrastructure improvements such as lighting improvements or roadway improvements. These districts have been tremendously successful throughout the country, and represent an innovative means of focused investment, particularly in commercial districts in Town.

It should be noted that it is the Town Manager's intention that any operating improvements in a parking benefit district still be brought before the Finance Committee, while any capital improvements be brought before the Capital Planning Committee; and further that both would subsequently be presented to Town Meeting in a manner similar to the CDBG disbursements.
