Michele gave a CPA update. Ray Dunetz was awarded the Old Burying Ground study and the tombs at Mt. Pleasant Cemetery.

Chapel doors; there is an estimate from Home Depot. Mike would like another estimate and we will find out more info on who did the Jarvis House door.

Stonework; Kevin Duffy of Line and Stone has straightened many stones at Old Burying Ground and Mt. Pleasant as well as cleaning the Police, Fire and AFSCME monument. He will continue working at the Old Burying Ground.

Benches; Mike will look into ADA compliance for the columbarium bench and we will talk more about the replacement benches on Center Ave.

We discussed placing markers on the road side to assist with plowing. Wooden stakes will probably work best.

Tree removal; caution tape will be removed and the remainders of the trees are still scheduled to be removed over the winter.

HH section; engineering will take new GPS shots of the field, hopefully by Christmas.

We will mark out the area where the Fire monument was moved from for single graves, flat marker only.

Flower circle; area will have marker pins placed for single graves, flat marker only. Is it possible to place the trees that are there on the map?

Street signs; Jason will do a walk through with the sign shop and Bill will note where signs should be. Color will be decided.
