

ARLINGTON  
BRT

# MASS. AVE. BUS PRIORITY PILOT FINAL COMMUNITY FORUM

## When

7 – 8:30 pm

## What's happening:

The Town invites you to the final community forum on the bus rapid transit (BRT) pilot. Attendees will learn about the preliminary results of the pilot and be able to provide feedback.

## Where

**Town Hall Auditorium**  
730 Mass Ave. Arlington

## We tested:

The diagram illustrates three transit features: 1. Bus-only lane: A bus icon with 'BUS ONLY' text below it, flanked by vertical lines. 2. Transit signal priority for buses: A bus icon next to a traffic light icon. 3. Inbound queue-jump lanes: A bus icon and a car icon with an arrow indicating a lane change.

Part of a larger effort funded by the Barr Foundation to demonstrate how features of bus rapid transit can improve mobility in the Boston region.
