Medical Marijuana Treatment Center	Consumer facing; Site(s) of dispensing, cultivation, and preparation of marijuana for medical use.	B2A, B3, B4, B5, I

## **Proposed Bylaw Elements**

Requirement	Purpose	
Buffer	An element of local control; Ensures that consumer oriented establishments are sited appropriately in relation to schools and public youth facilities	
Density	An element of local control; Ensures that there is not an oversaturation of the consumer oriented establishments in Arlington	
Cap	An element of local control to cap the number of marijuana retailers in a community; As proposed, decouples the cap from the number of package stores licensed in Arlington.	
Environmental Design Review Special Permit	Gives the Arlington Redevelopment Board the authority to review and grant a special permit for Marijuana Establishments and Medical Marijuana Treatment Centers; Also required for a Medical Marijuana Treatment Center that will convert or co-locate with adult use.	
Production Facility Limits	Designed to limit the facility size and canopy grown at a marijuana production facility	
Fixed Building	Prevents mobile establishments, but does not prohibit home deliveries when authorized by local and state licensing	

## **Licensing Process**

Apply to Cannabis Control Commission

- After complete application is received, Commission has 90 days to issue Provisional License.
- Municipality must receive complete application and has 60 days to respond with a statement of local compliance.
- Expedited process for licensed Medical Marijuana Treatment Centers.

**Issuance of Provisional License** 

- •Application must demonstrate a community outreach meeting was held within 6 months of application.
- Provisional license will identify conditions that must be met for final license, including final local permits and agreements.

**Issuance of Final License** 

•Timeline can vary depending on local permitting process and satisfaction of any conditions related to local permitting and Commission permitting.

Between the issuances of the provisional license and the final license, the following local approvals must be secured:

- Select Board: Execution of a Host Community Agreement
- Board of Health: Marijuana Establishment Operating Permit
- Arlington Redevelopment Board: Environmental Design Review Special Permit
