MEETING SUMMARY

Attendees: Andrew Bunnell, Mike Byrne, Mike Ciampa, Bill Copithorne, Pat Hanlon, Steve McKenna, Jonathan Nyberg, Liz Pyle, Jenny Raitt, Erin Zwirko

Guests: Wendy Richter, Jo Anne Preston, Don Seltzer

The Residential Study Group met on George Street between Numbers 48 and 67. Once all attendees had arrived, Erin noted that the Residential Study Group would debrief on the tours at the next meeting of the Study Group. While on George Street, Erin provided some facts about the houses that were recently built, such as the size of the lot, zoning district, date of construction, and sale price, among other items. Handouts were provided to the attendees that included before and after pictures of the structure.

From George Street, the attendees then drove to Epping Street and regrouped between Numbers 24 and 55. Erin again provided handouts and some facts about the structures.

Next, the attendees visited the intersection of Oldham Road and Country Club Drive, where the attendees saw a subdivision including other rebuilt homes. Erin again provided handouts and some facts about the structures.

Finally, the Study Group visited the final structure at 330 Ridge Street. Erin again provided handouts and some facts about the structures.

The Study Group planned to discuss their findings at the upcoming meeting scheduled for October 26, 2018.
