Executive Secretary

The Finance Committee was established by vote of the Town over a century ago on March 7, 1895. Article 33 provided for the selection of a "committee of twenty-one", which would consider all articles in the warrant involving an appropriation of money and "make report thereof in print, with their estimates and recommendations for final action of the town....."

Arlington's Finance Committee, however, was not the first in the state. According to the Massachusetts Finance Committee Handbook, "The Finance Committee's beginning was the action of a group of citizens of Quincy in 1870, who created themselves a committee to restore financial order." In 1910, the legislature required finance committees for every town "whose valuation for the purposes of apportioning the state tax exceeds one million dollars." Chapter 39, Section 16, also provided that any other town may "by by-law provide for the election or the appointment and duties of appropriation, advisory or finance committees, who shall consider any or all municipal questions for the purpose of making reports or recommendations to the town...."

In Arlington, the duties and responsibilities of the Finance Committee are stated in the Town Manager Act, Sections 31-35, and in the Bylaws, Title I, Article 7. Finance Committee members must be registered voters of the town. They are appointed by a three-member committee composed of the Moderator, the chairman of the Finance Committee and the chairman of the Board of Trust Fund Commissioners.

Under Section 4 of Article 7 of Title I of the Bylaws, the Finance Committee "shall consider all articles contained in any warrant except articles on zoning...and those articles which do not require or request an appropriation of money...said committee shall make recommendations, and shall report in print, if possible at or prior to each town meeting, but the omission of said committee so to consider, recommend and/or report shall not affect the validity of any vote or other action at any town meeting. The committee shall also make such general suggestions, criticisms and recommendations, as it may deem expedient. Nothing contained in this section shall preclude the Committee from considering, if it sees fit, articles which do not require or request an appropriation of money."

CHERRY SHEET – A formerly, cherry-colored form showing state and county charges and reimbursement to the Town as certified by the State Director of Accounts.

ENTERPRISE FUNDS -- Funds that account for all revenues and expenditures for services and allow surpluses to be used to reduce user fees for the services or to pay for capital improvements. Each fund has an independent budget. Losses are made up from the Town's general fund. Presently, Arlington has enterprise funds for Council on Aging Transportation, Recreation, Veterans' Memorial Rink, Water & Sewer and Youth Services.

FISCAL YEAR -- July 1 through June 30.

FREE CASH -- See Unencumbered Funds.

OVERLAY -- Funds set aside to cover abatements and exemptions. The amount is determined by the Board of Assessors.

OVERLAY RESERVE -- Unused accumulated amount of Overlay for previous years that is not required to be held in a specific Overlay account for a given year. Once released by the Board of Assessors, the funds may be used for any municipal purpose.

RESERVE FUND -- A fund established by the Annual Town Meeting. It is under control of the Finance Committee, which may authorize transfers for extraordinary or unforeseen expenditures. The fund may be composed of an appropriation of not more than 5% of the tax levy for the preceding year.

STABILIZATION FUND -- A special account created to provide a reserve for municipal expenditures. Transfers into and out of these funds require a 2/3 vote of Town Meeting.

SURPLUS REVENUE -- The total amount of cash, accounts receivable, and other current assets that exceed liabilities and reserves.

UNENCUMBERED FUNDS -- The amount of surplus revenue, minus uncollected taxes of prior years. Unencumbered funds must be certified by the State Bureau of Accounts before they can be used. This is also known as Free Cash or Available Funds.

REPORT OF THE CHAIR OF THE FINANCE COMMITTEE

The Town is now entering the ninth year since the last tax override in 2011. The plan has worked well not only because of the successful override and the caps on Town spending, but also because of the successful implementation of legislation allowing towns to enter the State Group Insurance Commission ("GIC") to cover their employee health insurance.

The main goal for the last few years has been to delay and reduce the size of the deficit and the tax limit override that would be needed to maintain services. However, the school enrollment increases have continued to impact Town budgets. To deal with this, the Long-Term Planning Committee and the Finance Committee are proposing to continue the school general fund allowable increase at 3.5%, the special education increase at 7% and modify the enrollment increase allowance from last year. The other Town budgets will be limited to 3.25%. For several years the allowance for additional students was 25% of the per pupil cost as determined by the State. This was increased two years ago to 35%, and the change was made retroactive to fiscal year 2014. A further increase of \$1.5 million was allowed for the opening of the Gibbs Middle School for the current fiscal year. For next year, we are proposing that this student growth allowance be further increased to 50%.

In addition to the impact on the operating budget, the school enrollment increases are having a substantial impact on the capital budget. Increases in the number of students have used up spare classrooms, and projections show continuing increases over the next several years. Fortunately, the voters stepped to the plate and approved debt exclusions for an addition to the Thompson Elementary school, the Gibbs Middle School renovation and the feasibility plans for the High School. The Capital budget provided funds for the additional classrooms at the Hardy Elementary School.

On April 16, numbers were updated when the House Ways and Means Committee recommended an additional \$2,305,899 in net local aid which allowed for the increase in the enrollment adjustment to 50% discussed above. The balance is being used to reduce the amount needed from the override stabilization fund. This will allow for an 6.90% increase in the school appropriation. See Appendix D1 for a breakdown of projected revenue and expenditures. As you can see, even with this increase in State Aid, we will still have a structural deficit in fiscal 2020. Because of the additional funds that will be provided by the Commonwealth, decreased projections in some expenses, larger free cash balances, and substantial overlay reserve funds that we are recommending be transferred to the override stabilization fund, the first deficit is projected to be pushed off until fiscal year 2023.

Under this policy, the Finance Committee, in cooperation with other Town officials, proceeded to move ahead with the fiscal year 2020 budget. Both the Town Manager and School Superintendent presented budgets within the limits agreed to by the Long-Term Planning Committee as described above. Our initial revenue projections were based upon levels agreed to by various Town officials and local aid as recommended by the Governor and later modified by the House Ways and Means Committee. The Finance Committee has been working since mid-January reviewing budgets and warrant articles and examining the revenue projections for next year. After the House Ways and Means Committee reported their recommendations, we fine-tuned the numbers, and went to print with the Finance Committee Report, making it available to you as soon as possible.

We have thoroughly reviewed all of the budgets and kept them within the guidelines agreed to by all parties in the Long-Range Planning Committee. We have continued to fund the long-term stabilization fund and the Other Post-Employment Benefits Fund (OPEB) to protect our credit rating and provide for the Town's long-term financial health. We continue to maintain the snow and ice budget and increase the reserve fund to prevent snow and ice deficits. However, this will be the second year that we are required to draw-down funds from the Override Stabilization Fund. As you can see from Appendix D1, these funds will be drawn down quickly over the next few years.

As you know, there will be a Proposition 2 ½ debt exclusion for the rebuilding of Arlington High School on June 11th. The High School Building Committee has been working on this project for two years with the assistance of the Massachusetts School Building Authority. They have spent endless hours reviewing every reasonable alternative and developed what we believe is a cost-effective project that will be before you at the Special Town Meeting on April 29th. The Finance Committee unanimously recommends this project to you.

In addition, the Select Board is recommending a Proposition 2 ½ override on the same ballot. This will provide additional funds to the school department in accordance with their 5-year plan and some additional funds to assist in transportation projects aimed at increasing mobility to our senior citizens. It will also delay the next operating deficit until 2024. The Finance Committee is supporting this override and the Select Board's plan. The vote was 8-7. We have included alternatives in the budget that must be approved so that if the override is successful, we will not need to come back for another Town Meeting.

In closing, we need to emphasize the importance of controlling appropriations in the fiscal year 2020 budget. In the fall of 2018, when we last issued Town bonds, the Town maintained its high AAA rating from Standard and Poor's, which rates the Town's bonds. We accomplished this because we have a multi-year revenue and expenditure plan, a capital plan with strong support from Town Meeting, a strong reserve position and continued funding of the retiree health insurance fund. We cannot use any more of the Town's reserves without jeopardizing the Town's future financial condition. The voters must know that the Town can control expenditures. We need to continue to utilize conservative financial practices if we are to maintain our high credit rating, which lowers interest costs for future bonding and keeps faith with our promise to the voters.

As in past years, we ask for your support in keeping the budgets balanced. We have allocated revenues as prudently and fairly as possible. Proposed increases must be balanced by reductions elsewhere. As always, we are available to answer any questions you may have.

Respectfully submitted,

Allan Tosti, Chair Arlington Finance Committee

The Finance Committee recommends passage of the following votes:

(Unless otherwise indicated, the following recommendations were by unanimous votes: any exceptions are noted in parentheses following the text of the recommended vote. The Chair votes only when the recommendation of the Finance Committee will be affected.)

ARTICLES 1-45 The Redevelopment Board and the Select Board will report on these Articles.

ARTICLE 46 ACCEPTANCE OF LEGISLATION/ESTABLISHMENT OF A COMMISSION ON DISABILITIES FUND

To see if the Town will vote to accept provisions of Mass General Law 40, Section 22G regarding allocating all funds received from fines assessed for violations of handicap parking to the Arlington Commission on Disabilities. Funds so received shall be deposited by the city or Town Treasurer in a separate account and shall be used solely for the benefit of persons with disabilities. Expenditures from said account, including accrued interest, if any, shall be made upon the recommendation of the Commission of Disabilities in accordance with the accepted procedures of the Town for the disbursement of funds, including the approval of the Town Manager or Select Board. The Town Treasurer shall submit annually a report of said account to the Town Manager or Select Board for review and a copy of said report shall be forwarded to the Bureau of Accounts; or take any action related thereto.

(Inserted at the request of the Commission on Disabilities)

VOTED: That no action be taken under this article.

COMMENT: The Finance Committee believes that funds should be provided to the

Commission on Disabilities through the normal budget process. This article would have segregated revenues and bypassed the Finance Committee and Town Meeting. Funds are provided to the Commission under Article 64.

ARTICLE 47 ACCEPTANCE OF LEGISLATION/PEG ACCESS FUND

To see if the Town will vote to establish a Cable Access Fund, pursuant to Massachusetts General Laws, Chapter 44, Section 53F¾, said fund to be funded by fees received pursuant to the Town's cable franchise agreements, and furthermore, to transfer all funds currently held by the Town for the purpose of cable PEG access operations to said fund, said transfer to be effective upon passage of this article; or take any action related thereto.

(Inserted at the request of the Town Manager)

VOTED: The Finance Committee supports the favorable action recommendation of the Select Board.

COMMENT: Changes in State regulations require that funds from cable revenue be appropriated by Town Meeting rather then automatically being used for cable access operations. The fund is being created to allow for the appropriation of revenues for this purpose as shown in the following article.

APPROPRIATION/PEG ACCESS BUDGET

To see if the Town will vote to appropriate or transfer a sum or sums of money for the support of public, educational, and/or governmental ("PEG") access cable television services, said sum or sums to be provided for by the cable franchise agreements and cable licensing fees, detailed in an operational cost, building expenses, and capital expense budget, and expended under the direction of the Town Manager; or take any action related thereto.

(Inserted at the request of the Town Manager)

(Unless otherwise indicated, the following recommendations were by unanimous votes: any exceptions are noted in parentheses following the text of the recommended vote. The Chairman votes only when the recommendation of the Finance Committee will be affected.)

ARTICLE 1 CAPITAL BUDGET/ARLINGTON HIGH SCHOOL REBUILD

Shall the Town of Arlington be allowed to exempt from the provisions of Proposition two-and-one-half, so called, the amounts required to pay for the bond or bonds issued for the purposes of paying costs of a project to demolish, design, construct, reconstruct, remodel, add to, and originally equip the Arlington High School, including replacing the existing facility located at 869 Massachusetts Avenue, Arlington MA, and for the payment of all other costs incidental and related thereto?

(Inserted at the request of the Town Manager)

VOTED:

That the Town appropriate the amount of Two Hundred Ninety One Million Four Hundred Thousand \$291,400,000 Dollars for the purpose of paying costs of demolishing, designing, constructing or re-constructing and originally equipping of Arlington High School to be located at 869 Massachusetts Ave., Arlington, MA 02476, including the payment of all costs incidental or related thereto (the "Project"), which school facility shall have an anticipated useful life as an educational facility for the instruction of school children for at least 50 years, and for which the Town may be eligible for a grant from the Massachusetts School Building Authority ("MSBA"), said amount to be expended under the direction of the Town Manager. To meet this appropriation the Treasurer, with approval of the Select Board, is authorized to borrow said amount under M.G.L. Chapter 44, or pursuant to any other enabling authority.

The Town acknowledges that the MSBA's grant program is a non-entitlement, discretionary program based on need, as determined by the MSBA, and any project costs the Town incurs in excess of any grant approved by and received from the MSBA shall be the sole responsibility of the Town; provided further that any grant that the Town may receive from the MSBA for the Project shall not exceed the lesser of (1) Twenty nine point fifty eight percent (29.58%) of eligible, approved project costs, as determined by the MSBA, or (2) the total maximum grant amount determined by the MSBA; provided that any appropriation hereunder shall be subject to and contingent upon an affirmative vote of the Town to exempt the amounts required for the payment of interest and principal on said borrowing from the limitations on taxes imposed by M.G.L. 59, Section 21C (Proposition 2½); and that the amount of borrowing authorized pursuant to this vote shall be reduced by any grant amount set forth in the Project Funding Agreement that may be executed between the Town and the MSBA.

ACQUISITION OF REAL ESTATE/PARCEL 54-3-3.A (25 GROVE STREET)

To see if the Town will vote to authorize the Select Board to acquire, by purchase, gift, eminent domain or otherwise, in fee simple, an approximately 8,427 square foot developed parcel of land identified as parcel 54-3-3.A, located at 25 Grove Street, Arlington, including all buildings and structures thereon, and all privileges and appurtenances thereto belonging, as well as all trees and shrubs thereon, excepting therefrom any easements of record included within such description by whomsoever the same may be owned, for general municipal purposes, and for all purposes and uses accessory thereto, including but not limited to, inter alia, the expansion of either or both the existing Department of Public Works facility and/or the Arlington High School campus and Arlington High School educational facilities and amenities, including parking, service stations and areas for DPW vehicles, and/or class rooms, conference and meeting rooms, study areas and educational office space, and that to meet such expenditure to appropriate a sum of money to be expended at the direction of the Town Manager, to pay costs of acquiring said property, and for the payment of all costs incidental and related thereto, and to determine whether such amount shall be raised by taxation, transfer from available funds, borrowing or otherwise; to authorize the Town Manager and Select Board to apply for, accept and expend any grants from any source whatsoever that may be available to pay any portion of this project; or to take any other action related thereto. (Inserted at the request of the Town Manager)

VOTED: That no action be taken under this article.

COMMENT: The taking of private property by eminent domain for public purpose is a power that should only be used as a last resort, that is, when the public objective cannot otherwise be achieved. In a hearing on this article, the Town reported that there was not a clear consensus on the High School Building Committee that a taking was necessary, and any decision on the matter was likely a year or more in the future. Since there was no clear and compelling argument for the Town to take this property, the Finance Committee recommends No Action on this matter.

COMMENT: Future zoning bylaw amendments would include updating the Industrial zoning district to reflect current needs of today's industrial and innovation uses and markets and further refinement of business zoning districts per the Master Plan.

ARTICLE 4 DISPOSITION OF REAL ESTATE/ PARCEL 133-1-8 GLOUCESTER STREET

To see if the Town will vote to authorize the Select Board to dispose of, or grant access to or through a 216 square foot parcel of land identified as 133-1-8 Gloucester Street by sale, grant of easement, or otherwise under such terms as the Town may specify consistent with applicable legal requirements; or take any action related thereto.

(Inserted at the request of the Town Manager)

VOTED: That the Town authorize the Select Board to dispose of, or grant access to or through a 216 square foot parcel of land identified as 133-1-8 Gloucester Street by sale, grant of easement, or otherwise under such terms as the Town may specify consistent with applicable legal requirements.

COMMENT: This small plot of land is landlocked from other Town property or any public way. This motion authorizes the Select Board to dispose of this property in the best interests of the Town.

ARTICLE 5 APPROPRIATION/RESIDENTIAL DESIGN GUIDELINES

To see if the Town will vote to appropriate or transfer a sum of money to fund development of residential design guidelines, including payment of a consultant to develop such guidelines and recommend a design review process for the Town; or take any action related thereto.

(Inserted at the request of the Town Manager)

VOTED: That the sum of \$50,000 be and hereby is appropriated to fund development of residential design guidelines, including payment of a consultant to develop such guidelines and recommend a design review process for the Town, provided however that such guidelines shall not take affect until the Town Meeting reviews and approves of such guidelines. Said sum to be raised by general taxes and expended under the direction of the Town Manager. (9-5)

COMMENT: When boards such as the Redevelopment Board and the Zoning Board of Appeals make decisions on approval of residential development, they, at present, have no formal guidelines on which to base their design recommendations. The purpose of this appropriation is to develop official guidelines.

ARTICLE 6 APPROPRIATION/MUGAR PROPERTY APPLICATION REVIEWS

To see if the Town will appropriate or transfer a sum of money to fund support of the review and/or comment of any application or request for approval to the Town or the Commonwealth of Massachusetts for or accessory or otherwise related to the construction of residential dwelling units off of Dorothy Road in Arlington, Massachusetts (otherwise known as the "Thorndike Place" or the "Mugar Property"), including payment of legal, consultant, expert, and technical review fees in furtherance of such review and/or comment, and any legal actions reasonably arising therefrom permissible under law; or take any action related thereto.

(Inserted at the request of the Town Manager)

VOTED:

That the sum of \$25,000 be and hereby is appropriated to fund support of the review of the and/or comment of any application or request for approval to the Town or the Commonwealth of Massachusetts for or accessory or otherwise related to the construction of residential dwelling units off of Dorothy Road in Arlington, Massachusetts (otherwise known as the "Thorndike Place" or the "Mugar Property"), including payment of legal, consultant, expert, and technical review fees in furtherance of such review and/or comment, and any legal actions reasonably arising therefrom permissible under law. Such sum to be raised by general taxes and expended under the direction of the Town Manager.

COMMENT: This would continue to support both the Town's position that this project should not be exempted from the normal zoning review and standards process; and for technical expertise to scrutinize the applicants claims before the Zoning Board of Appeals as necessary.

The Finance Committee recommends that the sums be appropriated to defray obligations, outlays, and expenses for the Fiscal Year ending June 30, 2020 to be raised by general tax except as otherwise specifically voted, and expended.

Individual Sub-Budgets to be voted separately.

FY 2019 Personnel Services accounts do not include salary increases voted under a separate warrant article. FY 2020 amounts include current salary increases for both years.

Stipends and clothing allowances are taxable as income and have been moved to the salary accounts in FY 2020.
