BOARD OF HEALTH MEETING AGENDA

Date: Wednesday, June 10, 2020

Time: 4:00pm

Location: Conducted by Remote Participation

In accordance with the Governor's Order Suspending Certain Provisions of the Open Meeting Law, G. L. c. 30A, § 20 relating to the COVID-19 emergency, the June 10, 2020 public meeting of the Arlington Board of Health shall be physically closed to the public to avoid group congregation. The meeting shall instead be held virtually using Zoom.

Public access to this meeting shall be provided in the following manner:

Real-time public comment can be addressed to the Board of Health utilizing the Zoom virtual meeting software for remote participation. This application will allow attendees to request an opportunity for public comment, and allow the Board Chair to grant attendees the opportunity for public comment. Attendees can use either phone or computer to participate in the meeting. Public comment can also be sent in advance of the meeting by emailing the Board of Health at boh@town.arlington.ma.us by no later than 5pm on June 9, 2020. Submitted public comment will be read into the record at the appropriate points in the meeting.

Zoom Login instructions:

Instructions and the meeting link for this specific meeting can be found on the Board's agenda and minutes page or on the Town's meeting calendar. The meeting registration information is listed below. When attendees enter the meeting, they will be placed into a virtual waiting room. Attendees will be admitted into the meeting from the waiting room at the start of the meeting.

Please register in advance for this meeting:

After registering, you will receive a confirmation email containing information about joining the meeting.

Agenda Items

1. ADMINISTRATIVE

Good Afternoon, this is Natasha Waden, Arlington's Director of Public Health. Consistent with the Governor's orders suspending certain provisions of the Open Meeting Law and allowing us to adhere to social distancing requirements during the Covid-19 crisis, this Town of Arlington Board of Health meeting is being held virtually via Zoom for audio and video participation of Board Members and the public. When you entered this meeting, you were automatically muted and your video was automatically disabled. During this meeting you will be unmuted individually as needed. During this meeting, Board Members and Department Staff will be the only attendees permitted to share video. These controls are in place to ensure that today's meeting is safe and effective. At this time, I would like to confirm that all members and persons anticipated on today's agenda are present and can hear me.

Board Members, when I call your name and unmute you, please respond in the affirmative.

1. Marie Walsh Condon - Present
2. Kevin Fallon - Present
3. Ken Kohlberg - Present

Health Department staff please respond in the affirmative when I call your name and unmute you.

1. Kylee Sullivan - Present
2. Pat Martin - Present
3. Jessica Kerr - Present
4. Laura Munsey - Present
5. Christine Bongiorno - Present
6. Emily Sullivan - Present

Applicants and Representatives, do we have anyone on the call representing the Apothca hearing?

Present were: Joseph Lekach, Valerio Romano, and Richard Philbrick

Thank you everyone.

As stated, this Open Meeting of the Arlington Board of Health is being conducted remotely consistent with Governor Baker's Executive Order of March 12, 2020, due to the current State of Emergency in the Commonwealth due to the outbreak of the COVID-19 Virus.

In order to mitigate the transmission of the COVID-19 Virus, the Town of Arlington has been advised and directed by the Commonwealth to suspend public gatherings, and as such, the Governor's Order suspends the requirement of the Open Meeting Law to have all meetings in a publicly accessible physical location. Further, all members of public bodies are allowed and encouraged to participate remotely.

The Order, which you can find posted with agenda materials for this meeting, allows public bodies to meet entirely remotely so long as reasonable public access is afforded so that the public can follow along with the deliberations of the meeting.

Ensuring public access does not ensure public participation unless such participation is required by law. This meeting will have two public comment periods, one during the hearing for the Permit to Operate Co-Located Registered Marijuana Dispensary and Marijuana Establishment and the second at the end of the meeting. If you would like to comment during one of these public comment periods, please use the "Raise Hand" function if on a computer, or "Dial *9" if on the phone. When your name or phone number is called, and you are unmuted, please state your name and provide your comment. All attendees will be afforded 3 minutes for any comments.

For this meeting, the Board of Health is convening by telephone and computer conference via Zoom as posted on the Town's Website identifying how the public may join.

As the meeting facilitator, I will be the only participant sharing their screen. Board Members and Department Staff may be participating by video conference. Accordingly, please be aware that other folks may be able to see you. Anything that you broadcast may be captured by the recording.

All of the materials for this meeting are available on the Novus Agenda dashboard, and I recommend that Board Members and the public follow the agenda as posted on Novus unless otherwise noted. Similarly, members of the public are encouraged to provide written public comments, but should understand that not all participants, nor all Board Members, will be able to see any written comments during the course of this meeting.

Before we get to today's agenda, I am going to cover some ground rules for effective and clear conduct of our business and to ensure accurate meeting minutes.

Marie Walsh Condon, the Board Chair, will introduce each agenda item. After the item is presented, she will go down the list of Board Members, inviting each by name to provide any comment, questions, or motions. Please hold comments or questions until your name is called and you are unmuted.

For any response, please wait until the Chair yields the floor to you, and state your name before speaking.

Finally, each vote taken during this meeting will be conducted by roll-call vote.

For anyone who speaks during today's meeting: Please remember to speak clearly and in a way that helps generate accurate minutes

Floor yielded to Dr. Marie Walsh Condon to review the agenda.

2. ACCEPTANCE OF MEETING MINUTES FROM FEBRUARY 5, 2020

Dr. Marie Walsh Condon welcomed all to today's Board of Health meeting. We will start today's meeting by accepting meeting minutes from the Board's 02/05/2020, 05/06/2020, and 05/13/2020 meetings.

Does any Board member have comments on the 02/05/2020 meeting minutes? Please respond after I call your name:

Marie Walsh Condon – no comments

Kevin Fallon – no comments

Ken Kohlberg – no comments

Thank you. Does a Board member move to approve the minutes as discussed?

Motion made by Dr. Kevin Fallon, which was seconded by Mr. Kenneth Kohlberg to approve the February 5, 2020 minutes as submitted.

We will now take a roll-call vote to approve the meeting minutes. Please respond after I call your name:

Marie Walsh Condon - Yes

Kevin Fallon - Yes

Ken Kohlberg – Yes

Motion approved unanimously (3-0)

3. ACCEPTANCE OF MEETING MINUTES FROM MAY 6

Does any Board member have comments on the 05/06/2020 meeting minutes? Please respond after I call your name:

Marie Walsh Condon – no comments

Kevin Fallon – no comments

Ken Kohlberg – no comments

Thank you. Does a Board member move to approve the minutes as discussed?

Motion made by Dr. Kevin Fallon, which was seconded by Mr. Kenneth Kohlberg to approve the May 6, 2020 minutes as submitted.

We will now take a roll-call vote to approve the meeting minutes. Please respond after I call your name:

Marie Walsh Condon - Yes
Kevin Fallon - Yes
Ken Kohlberg – Yes

Motion approved unanimously (3-0)

4. ACCEPTANCE OF MEETING MINUTES FROM MAY 13

Does any Board member have comments on the 05/13/2020 meeting minutes? Please respond after I call your name:

Marie Walsh Condon – no comments
Kevin Fallon – no comments
Ken Kohlberg – no comments

Thank you. Does a Board member move to approve the minutes as discussed?

Motion made by Dr. Kevin Fallon, which was seconded by Mr. Kenneth Kohlberg to approve the May 13, 2020 minutes as submitted.

We will now take a roll-call vote to approve the meeting minutes. Please respond after I call your name:

Marie Walsh Condon - Yes
Kevin Fallon - Yes
Ken Kohlberg – Yes

Motion approved unanimously (3-0)

Thank you everyone. We will now continue to our next agenda item, with a situational update from Natasha Waden regarding the Town's response to the COVID-19 pandemic.

Unanimous of all 3 minutes 3-0

5. COVID-19 SITUATIONAL UPDATE

Director Natasha Waden informed the Board that as of today there are 299 positive COVID-19 cases in town resulting in 38 deaths. We continue to monitor the ongoing

issues related to COVID-19 and have several conference calls weekly with the Department of Public Health, and other leadership groups throughout the Community, and Commonwealth. This week Phase 1 of the re-opening was rolled out. The Health Department is getting back to many duties and responsibilities which are not related to COVID-19 such as rodent complaints, etc. Director Waden reported the Health Department has brought on some additional temporary staff for contact tracing, because experts in the field are anticipating another surge in the next 6-8 weeks, or in early fall. Environmental health officers will be the enforcing agents for any of the re-opening phases. Prior to the Phase 1 roll-out, the Health Department staff reached out to hair salons, golf course, restaurants, construction companies, pet groomers, and houses of worship in town. Staff have been fielding numerous inquiries from Restaurants for the anticipated Phase 2 opening. We are still waiting for information from the State regarding pools, bathing beaches, and camps. Director Waden stated, we have partnered with AFC Urgent Care and last Thursday they conducted a drive through testing clinic and tested approximately 230 individuals. As a result of that clinic we have received 10 additional positives, and AFC will continue drive through clinics once a week, until June. The Health Department is continuing to look at some of the senior housing facilities, and is working with the schools for the graduation procession, election, and is working with other departments regarding the opening of town hall and town offices, with the guidance from the State of 25% of employees. It is anticipated to be a slow opening for the town offices, but all services are being conducted via email, website, and telephone inquiries.

Director Waden yielded the floor to Jessica Kerr for Public Health Nurse Updates.

Jessica Kerr stated she has been busy training 3 new individuals for contact tracing, and has continued to work with and monitor our nursing homes, long term care facilities, assisted living facilities, and group homes. On a positive note, those numbers have not been increasing over the last week.

Chair, Marie Walsh Condon yielded the floor to Mr. Ken Kohlberg in inquired if the Contact Tracing Positions were posted, and inquired how we are getting people to fill those roles. Director Waden stated, some individuals, who were known to the Department, called to offer assistance, including a former intern, who is now a Public Health Major at Northeastern University, Another is a retired school nurse, as well as the Council on Aging Geriatric Nurse Clinician. She also reported, if the need arises, we may bring on some of the school nurses during the summer months.

4. [Hearing: Apothca Inc, - Permit to Operate Co-Located Registered Marijuana Dispensary and Marijuana Establishment]

The Board will now review an application for a permit to operate a co-located registered marijuana dispensary and marijuana establishment proposed by Apothca, Inc. located at 1386 Massachusetts Avenue.

Chair Walsh Condon yielded the floor to Inspector Pat Martin to brief the Board on this application.

Inspector Martin informed the Board that an application to operate co-located registered marijuana dispensary and marijuana establishment was received on January 22, 2020. He reported the application was complete, however, he had a few items to go over which required clarification and further discussion.

It was confirmed/clarified that Apothca will only be selling a 30 day supply in Arlington. A customer could potentially order another 30 day supply outside of Arlington, resulting in a 60 day supply, however only a 30 day supply would be allowed in Arlington.

Inspector Martin had additional inquiries regarding the applicants "employee discount program", which were discussed.

Inspector Martin referred to Exhibit R of the application and Apothca's request that the Board waive the requirement that Medical Consult and Advice can only be allowed by a licensed medical professional.

Inspector Martin also referenced the change regarding Hazardous waste, and if it is necessary to include via the Town, because Apothca needs a security bond from the Cannabis Control Commission as well, which should cover everything. Inspector Martin has reached out to Town Counsel and waiting to hear back regarding this request.

Apothca's plan is to locate at Massachusetts Ave for adult use, and would close their Water Street location. They are awaiting approval from the Cannabis Control Commission. The Arlington Police Department is reviewing the security plans, and we are awaiting recommendations or final approval. Inspector Martin reported that Apothca has been very responsive to any and all inquiries and recommendations.

Dr. Marie Walsh Condon thanked Inspector Martin for the update, and yielded floor to the applicant. The Applicant/Representative for this hearing is now invited to speak about the proposal and application.

Joseph Lekach, thanked the Board for the opportunity to present their proposal and discuss their application. He stated Apothca has been operating since October, and has been working with the Board of Health to be compliant to any and all recommendations. They, as all businesses, have been working hard on strategies for working with social distancing and testing staff at their facilities due to COVID-19, and there have been no Positive cases of COVID-19 to report. From an operational perspective a lot of material was submitted. One adjustment being asked of the Board is related to the requirement regarding medical advice. Mr. Lekach inquired if they could keep a medical nurse or practitioner on retainer, and only be used on a case by case basis if the need arise, and not be on-site at all times.

Dr. Marie Walsh Condon opened the floor to her colleagues for any questions or comments. Dr. Walsh yielded the floor to Dr. Kevin Fallon who reported he had no questions at this time.

Dr. Marie Walsh Condon yielded the floor to Mr. Kenneth Kohlberg who stated he thought the materials were thorough, complete, and professional.

Dr. Marie Walsh Condon stated many of the items she had questions about had been covered earlier by Inspector Martin, but requested confirmation be made that only a 30 day supply would be available in Arlington. That was confirmed by Apothca.

She further inquired that the Employee Discount sounds to be a monetary supply, but it too, should also be limited to a 30-day supply per regulations.

Mr. Lekach stated that currently you cannot give discounts on the adult use side, only with medical cards, and the Standard Operating Procedures regarding employee discounts will need to be reviewed by the Cannabis Control Commission.

Next, Dr. Walsh Condon reiterated that if any medical advice is given to anyone, it has to come from a licensed medical professional. It can never come from anyone who is not licensed in the medical field. Joseph Lekach inquired if the Board would be in approval of having Nurse or Practitioner available on a case-by-case basis rather than on a monthly retainer for any medical consultations that arose or if a customer had inquiries or questions. Dr. Walsh Condon stated she would be fine with that if the rest of the Board is in Agreement, as long as it meets those requirements as referenced above.

Lastly, Dr. Walsh Condon inquired about the separation of Adult Use and Medical Use and what that separation would look like. A virtual tour of the Massachusetts Avenue facilities was presented, and Mr. Lekach stated that similar to their Lynn facility which is co-located, a concrete column would be used as a barrier, and stanchions would be used for separation. He further stated at both Arlington and in Lynn there is a fee free atm within the establishment.

Dr. Walsh Condon yielded the floor to Director, Natasha Waden, who asked for a review regarding training of employees regarding I.D checks in relation to the Arlington facility. Mr. Lekach discussed the 3 point check process, including a visual I.D check outside the main door, another visual check at the vestibule/waiting room, and a scanner check of the ID itself once inside. The scanner check will also show how many visits they have made that calendar day, which is tracked by the State. He stated no more than 1 oz can be purchased per transaction.

Mr. Lekach stated that part of the Training includes I.D checks, and regulation requires a vendor be approved for this training, and they are finalizing an agreement at this time. Additionally they will have a quarterly training for all new employees.

Director Waden also asked for an updated escrow account report, because the last one on file is dated May of 2019. Mr. Lekach stated one will be forwarded by the end of the day today.

Mr. Lekach stated he is working with the Arlington Police Department to review the security plan and for an opening date. He also noted that no security incidents have occurred in their Water Street location which has been open for over 1 year.

It was further stated that the existing ATM at this location will be sealed off and they have added a new door to separate the entrances with no direct access to their facility from the ATM area.

Director Waden stated that the COVID-19 pandemic has slowed the process of receiving and reviewing all the confidential documents that were submitted to the Board. It was recommended that the Board have a little more time to review all the documents, and wait for an update from the APD as well as Town Council. Dr. Marie Walsh Condon stated that the Board is meeting regularly, so this delay shouldn't cause a hardship to Apothca.

Dr. Walsh Condon circled back to her colleagues and yield the floor to Dr. Kevin Fallon who stated he believed waiting to make sure we have all documentation and recommendations from APD and Town Council is ideal.

Dr. Walsh Condon yielded the floor to Mr. Ken Kohlberg who stated he was in full agreement with his colleagues.

A Motion was made by Dr. Kevin Fallon, which was seconded by Mr. Kenneth Kohlberg to Table the vote to the June 10, 2020 Board of Health Meeting.

Dr. Marie Walsh Condon - Yes
Dr. Kevin Fallon - Yes
Mr. Kenneth Kohlberg – Yes

Vote: 3-0 in the Affirmative (Unanimous)

Dr. Marie Walsh Condon asked if any member of the public that would like to comment on this application is asked to please use the "Raise Hand" function if on a computer, or "Dial *9" if on the phone. When your name or phone number is called, and you are unmuted, please state your name and provide your comment. All attendees will be afforded 3 minutes for any comments. Please note, comments should be related to the permit hearing at this time, there will be a public comment period at the end of the meeting for general comments.

No Public Comments Made.

Thank you everyone. We will now continue to our next agenda items, with updates regarding environmental health, restaurants, and an update from our Public Health Nurse.

5. [Update: Environmental Health]

Inspector Kylee Sullivan stated she had no new updates to report. Many inspections have been put on hold due to the COVID-19 pandemic. She stated we are awaiting guidance from the state regarding camps, pools, and bathing beaches. She stated the Health Department has reached out to all camps, pools, and bathing beaches and sent applications, with the hopes we will be ready to go, when state approves the opening. Inspector Sullivan stated she has listened to the National Camp webinar, in attempts to get ahead of the game so we can let our operators open successfully.

6. [Update: Restaurants]

Inspector Sullivan reported no new updates. Only 2 food establishments submitted applications and were approved to temporarily change to retail operations including: Otto Pizza, and Adventure Pub. Neither establishment will be repackaging, so they don't need scale, and Sealer of Weights & Measures Services. Restaurant establishments are still providing service curbside and delivery only.

Ice cream establishments are working with the Planning Department and Health Department regarding best practices for ordering, and service. It was reported some communities have banned ice cream trucks due to the difficulty in social distancing.

7. [Update: Public Health Nurse]

Moved to Agenda Item 5 – COVID-19 Situational Updates

8. [Public Comment Period]

Our final agenda item is the public comment period.

If you would like to comment during the public comment period, please use the "Raise Hand" function if on a computer, or "Dial *9" if on the phone. When your name or phone number is called, and you are unmuted, please state your name and provide your comment. All attendees will be afforded 3 minutes for any comments.

No public comments.

That concludes the Board of Health's agenda for today's meeting. Does a Board Member move to close this meeting?

Motion to Adjourn made by Dr. Kevin Fallon, Seconded by Mr. Kenneth Kohlberg.

We will now take a roll-call vote to close today's meeting. Please respond after I call your name:

1. Marie Walsh Condon - Yes
2. Kevin Fallon - Yes
3. Ken Kohlberg – Yes

Vote 3-0 in the affirmative (Unanimous)

Thank you everyone for attending and participating in today's meeting. Have a nice day.

Hard copies of all documents will be provided to all Board Members by the end of the week.

MEMO

To: Board of Health Members
From: Pdraig Martin, Lead Health Compliance Officer
Date: June 8, 2020
RE: Permit to Operate Co-Located Registered Marijuana Dispensary and Marijuana Establishment- 1386 Massachusetts Avenue

As you are aware, Apothca, Inc. has submitted an application to the Board for the purpose of operating a Co-Located Registered Marijuana Dispensary (RMD) and Marijuana Establishment at 1386 Massachusetts Avenue. At our last meeting, representatives from Apothca, Inc. were present and provided an overview of their operation.

In the time since the hearing on May 27, 2020, Apothca, Inc. has submitted updated information regarding their escrow agreement and have also provided clarification on their request to have a Registered Nurse available on a case-by-case basis rather than on a monthly retainer. Additionally, they have provided clarification regarding their employee discount program (specifically that employees purchasing medical marijuana through their employee discount program will be limited to a 30 day supply in Arlington). The Arlington Police Department is currently in possession of the security plan for review and we are waiting for their comment(s). Any information received from the APD will be provided at the meeting.

Re: Medical Advice at Apothca

Dear Member of the Board of Health,

Apothca, Inc. (“Apothca”), with our current Operating Permit for our Medical Marijuana Treatment Center (“MMTC”) at 11 Water St, currently has a Registered Nurse (“RN”) on retainer should any medical card holders want to consult with a medical expert or receive medical advice about what kind of medical marijuana they should consume, the form in which it should be consumed, the potency, or any other medical questions.

As we seek to open our co-located MMTC and Retail Marijuana Establishment at 1386 Massachusetts Ave, we are requesting that the Board of Health allow us to change the status of our retainer with a RN to allow us to offer the RN’s services on a per-case basis instead of a monthly retainer basis.

Apothca’s agents will continue to offer no medical advice and offer consultations with the RN but the new proposed arrangement would unburden Apothca from having the expense of a monthly retained RN and still provide patients with the same level of service.

Thank you for your consideration.

Regards,

Joseph Lekach
CEO, Apothca, Inc.
