QUESTIONS FROM BIDDERS

1. Q: Please provide the Massachusetts Prevailing Wage Rates
A: See attached document for Massachusetts Prevailing Wage Rates.
2. Q: Is any work required to the existing electrical structures, labelled E on the survey?
A: The existing electrical structures are to remain and be protected during construction. In one instance, an existing electrical vault cover and manhole are to be set into new concrete walk, without any modifications to the vault or covers.
3. Q: Please clarify on the plans where the electrical power will come from?
A: Power for the existing light poles on site is drawn from the Jefferson Cutter House, located within the park. New light poles will draw from the same source, modifying conduit as necessary.
4. Q: Will the town pay for police details, if not please advise of an allowance
A: The contractor will be responsible for coordinating and paying for all necessary police details. Please carry a \$5,500 allowance for police details.
5. Q: Please confirm on the plans where the water will come from for the irrigation.
A: Existing irrigation system is run from the Jefferson Cutter House, within the park. Contractor is to assume existing meter and back flow preventer can be reused for new irrigation system. See notes on L500 and Spec Section 32 80 00 for more information.

6. Q: We assume we can close the sidewalks to complete the work – please confirm.
A: Sidewalks must remain accessible at all times unless otherwise approved by the Town of Arlington Police Department. Requests shall be made in writing to the Arlington Police Department Traffic Unit and shall at minimum include a pedestrian management plan clearly identifying closure locations, detours, and applicable MUTCD compliant signage. Any detours or temporary sidewalk features must comply with ADA regulations. If the plan is approved by the Police Department, the contractor may then apply to the Town of Arlington Engineering Division for a Sidewalk Occupancy Permit. The \$50 permit fee will be waived for this project. Additional conditions, including but not limited to sidewalk protection requirements, may be applied during the permitting process.
7. Q: Please clarify what is expected for site protection – a 6ft CLF fence in the sidewalk?
A: A 6ft chain link fence at the limit of work is acceptable.
8. Q: What are we to do with all salvaged items – plaques, boulder with plaque?
A: In-ground stone plaques are to be removed from the ground and protected, and will be removed by the town for storage off-site. The granite boulder is to be relocated to a new location at the side of the Cutter House, on-site but outside the limit of work.
9. Q: Specs mention providing granite to match existing – what features to the project are to be from offsite granite sources? It appears all are salvaged and reused from the site. Please clarify.
A: All granite to be used should be salvaged from on site. Notes about matching existing granite only apply if salvaged material is damaged or otherwise unusable.

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the “Wage Request Number” on all pages of this schedule.
 - An Awarding Authority must request an updated wage schedule from the Department of Labor Standards (“DLS”) if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
 - The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
 - All apprentices working on the project are required to be registered with the Massachusetts Department of Labor Standards, Division of Apprentice Standards (DLS/DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DLS/DAS regardless of whether or not they are registered with any other federal, state, local, or private agency must be paid the journeyworker's rate for the trade.**
 - The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F “rental of equipment” contracts.
 - Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee’s name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
 - Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
 - Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
 - Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
