

OFFICE OF THE GOVERNOR  
**COMMONWEALTH OF MASSACHUSETTS**  
STATE HOUSE • BOSTON, MA 02133  
(617) 725-4000

**CHARLES D. BAKER**  
GOVERNOR

**KARYN E. POLITO**  
LIEUTENANT GOVERNOR

**ORDER SUSPENDING CERTAIN PROVISIONS  
OF THE OPEN MEETING LAW, G. L. c. 30A, § 20**

**WHEREAS**, on March 10, 2020, I, Charles D. Baker, Governor of the Commonwealth of Massachusetts, acting pursuant to the powers provided by Chapter 639 of the Acts of 1950 and Section 2A of Chapter 17 of the General Laws, declared that there now exists in the Commonwealth of Massachusetts a state of emergency due to the outbreak of the 2019 novel Coronavirus (“COVID-19”); and

**WHEREAS**, many important functions of State and Local Government are executed by “public bodies,” as that term is defined in G. L. c. 30A, § 18, in meetings that are open to the public, consistent with the requirements of law and sound public policy and in order to ensure active public engagement with, contribution to, and oversight of the functions of government; and

**WHEREAS**, both the Federal Centers for Disease Control and Prevention (“CDC”) and the Massachusetts Department of Public Health (“DPH”) have advised residents to take extra measures to put distance between themselves and other people to further reduce the risk of being exposed to COVID-19. Additionally, the CDC and DPH have advised high-risk individuals, including people over the age of 60, anyone with underlying health conditions or a weakened immune system, and pregnant women, to avoid large gatherings.

**WHEREAS**, sections 7, 8, and 8A of Chapter 639 of the Acts of 1950 authorize the Governor, during the effective period of a declared emergency, to exercise authority over public assemblages as necessary to protect the health and safety of persons; and

**WHEREAS**, low-cost telephone, social media, and other internet-based technologies are currently available that will permit the convening of a public body through virtual means and allow real-time public access to the activities of the public body; and

**WHEREAS** section 20 of chapter 30A and implementing regulations issued by the Attorney General currently authorize remote participation by members of a public body, subject to certain limitations;

**NOW THEREFORE**, I hereby order the following:

(1) A public body, as defined in section 18 of chapter 30A of the General Laws, is hereby relieved from the requirement of section 20 of chapter 30A that it conduct its meetings in a public place that is open and physically accessible to the public, provided that the public body makes provision to ensure public access to the deliberations of the public body for interested members of the public through adequate, alternative means.

Adequate, alternative means of public access shall mean measures that provide transparency and permit timely and effective public access to the deliberations of the public body. Such means may include, without limitation, providing public access through telephone, internet, or satellite enabled audio or video conferencing or any other technology that enables the public to clearly follow the proceedings of the public body while those activities are occurring. Where allowance for active, real-time participation by members of the public is a specific requirement of a general or special law or regulation, or a local ordinance or by-law, pursuant to which the proceeding is conducted, any alternative means of public access must provide for such participation.

A municipal public body that for reasons of economic hardship and despite best efforts is unable to provide alternative means of public access that will enable the public to follow the proceedings of the municipal public body as those activities are occurring in real time may instead post on its municipal website a full and complete transcript, recording, or other comprehensive record of the proceedings as soon as practicable upon conclusion of the proceedings. This paragraph shall not apply to proceedings that are conducted pursuant to a general or special law or regulation, or a local ordinance or by-law, that requires allowance for active participation by members of the public.

A public body must offer its selected alternative means of access to its proceedings without subscription, toll, or similar charge to the public.

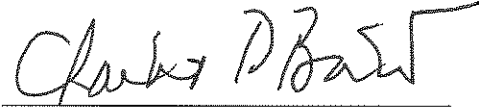

(2) Public bodies are hereby authorized to allow remote participation by all members in any meeting of the public body. The requirement that a quorum of the body and the chair be physically present at a specified meeting location, as provided in G. L. c. 30A, § 20(d) and in 940 CMR 29.10(4)(b), is hereby suspended.

(3) A public body that elects to conduct its proceedings under the relief provided in sections (1) or (2) above shall ensure that any party entitled or required to appear before it shall be able to do so through remote means, as if the party were a member of the public body and participating remotely as provided in section (2).

(4) All other provisions of sections 18 to 25 of chapter 30A and the Attorney General's implementing regulations shall otherwise remain unchanged and fully applicable to the activities of public bodies.

This Order is effective immediately and shall remain in effect until rescinded or until the State of Emergency is terminated, whichever happens first.

Given in Boston at 6:40 PM this 12th day of  
March, two thousand and twenty.

A handwritten signature in cursive script, reading "Charles D. Baker". The signature is written in dark ink and is positioned above a horizontal line.

## Superintendent's Message and Introduction

This budget, presented to the school committee, is the product of work that began in August 2020. It involved all members of the Superintendent's administrative team. The FY2022 budget is the result of a collaborative process that drew on the expertise and experience of central office members, building principals and assistant principals, department directors, teachers, APS families, and the Arlington School Committee.

The guiding principles of this budget are the Arlington Public Schools goals, which were approved after discussion and refinement with the School Committee. This FY2022 budget prioritizes staffing that addresses support for the academic and social-emotional needs for students; closing the achievement gap by increasing support for students in reading and mathematics; supports the goal of equity, inclusion and access, ensuring safe and supportive schools; attracting, retaining and developing talented staff; and improving instruction through best practices curriculum and materials. The School Department is also focused on maintaining and improving school buildings.

The major budget drivers are slightly different from past years but are also still based on the [Five-Year Budget Plan 2020-2024](#) developed in collaboration with the School Committee. A principal driver is adequate resources and student supports for a safe and supportive return to full-time school following the COVID-19 pandemic learning models, including addresses potential learning loss in both the academic and social-emotional spheres. Additional drivers include that the district provides quality instruction that meets the needs of all students, as well as providing support for equity, as the district is diverse demographically and striving for full inclusion of students from varying cultures and abilities.

### *Highlights supporting continued improvement and potential growth of the school district:*

- Additional teaching positions at all levels to ensure appropriate class size, adequate course offerings, and schedule flexibility for all students
- Additional Special Education specialists and Team Chair
- Additional administrative positions to support larger elementary schools
- Increase in leadership in social-emotional learning
- Additional investment in reading and mathematics support at elementary and middle school levels
- Additional support and resources toward the goal of equity, inclusion and access
- Resources for instruction improvement and closing the achievement gap

## Executive Summary – Organizational

### Major Goals and Objectives

The mission of the Arlington Public Schools is to educate students by promoting academic excellence, by empowering students to achieve their maximum potential, and by preparing students for responsible participation in an ever-changing world. The Arlington Public Schools are committed to helping every student achieve emotional, social, vocational, and academic success.

The district's goals outline four areas of focus to ensure that the district is fully focused on achieving its mission.

The Arlington Public Schools will ensure that every graduate is prepared to enter and complete a post-secondary degree program, pursue a career, and be an active citizen in an ever-changing world by offering a rigorous, comprehensive, standards-based and data-driven K-12 system of curriculum, instruction, and assessment that integrates social, emotional and wellness support.

The Arlington Public Schools will recruit, hire, retain, and build the capacity of a diverse staff to be excellent teachers and administrators by providing high quality professional development aligned to needs, instructional support, coaching, and an evaluation framework that fosters continuous improvement.

The Arlington Public Schools will offer a cost-effective education that maximizes taxpayer dollars and utilizes best practices, academic research, and rigorous self-evaluation to provide students and staff the resources, materials and infrastructure required for optimum teaching and learning in a safe and healthy environment.

The Arlington Public Schools will be run smoothly, efficiently and professionally. The district will operate transparently and engage in effective collaboration and responsive communication with all stakeholders. It will provide timely, accurate data to support financial decision-making, envisioning of the district's future, and long-range planning in partnership with other Town officials. Through these actions it will create broad support for a high quality education system, that is the community's most valuable asset.

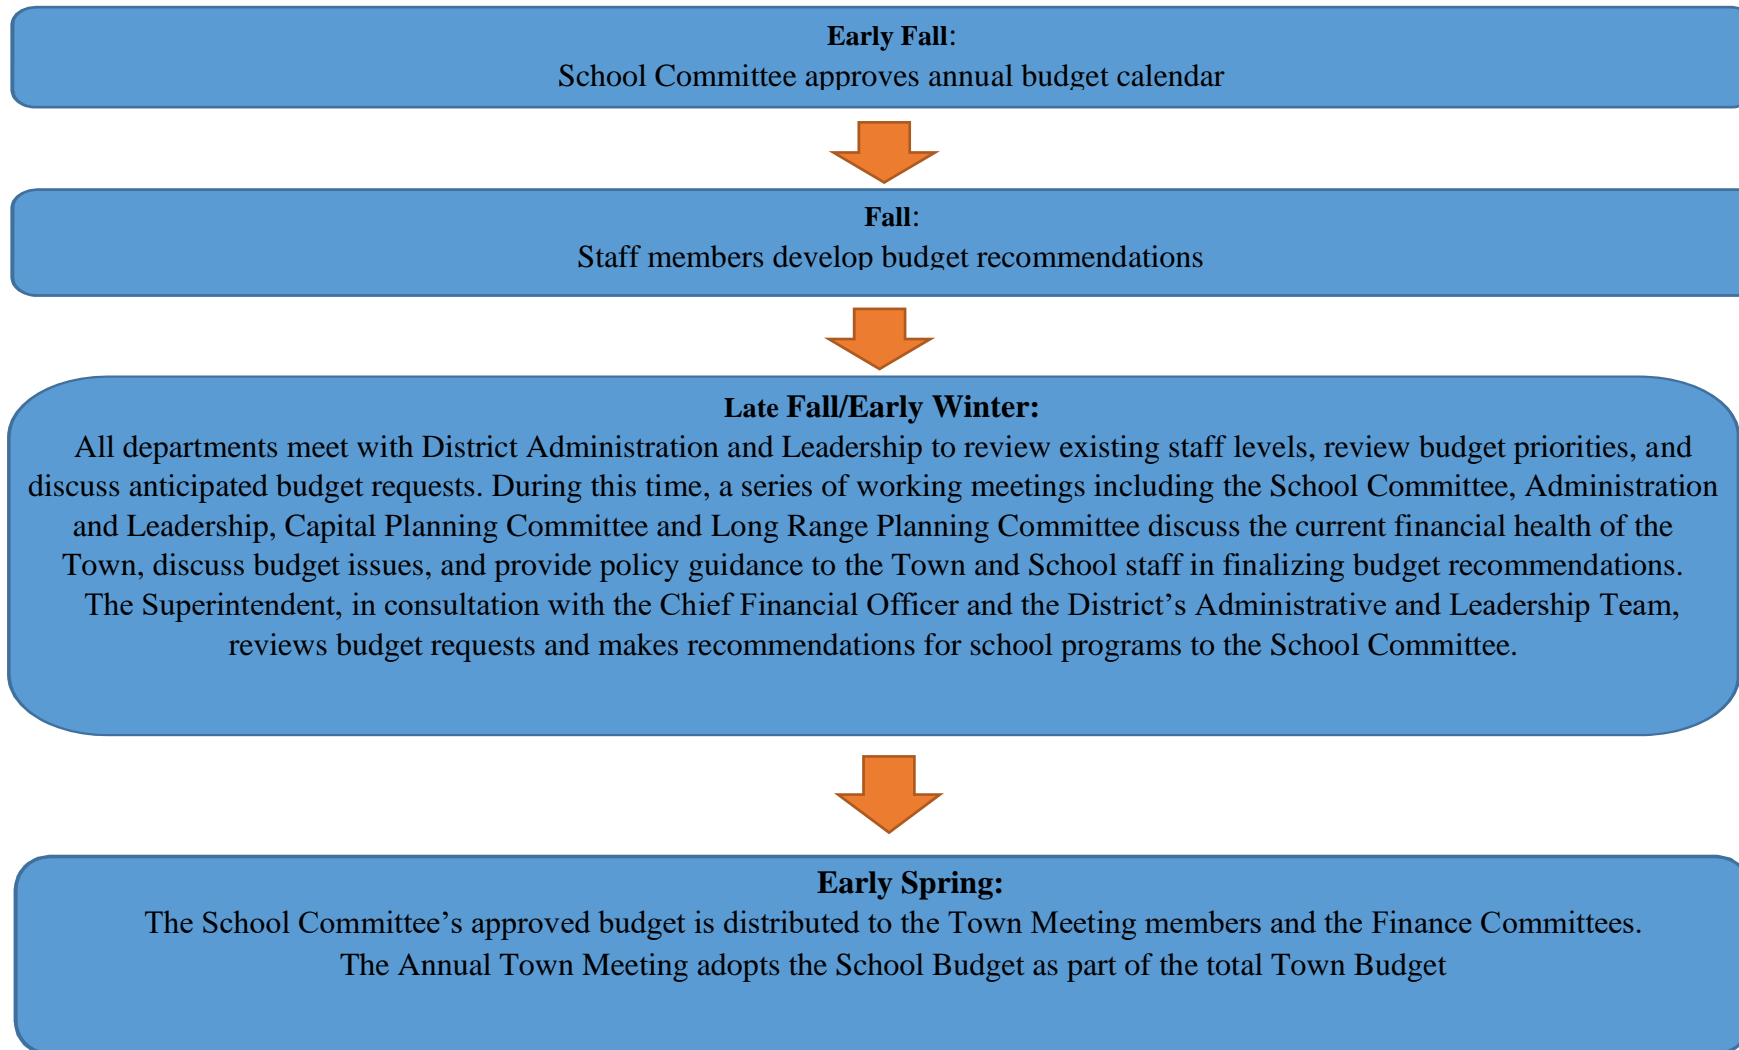

### Budget Process

Each year the Arlington School Committee develops its capital and operating budgets.

This process is a collaborative effort and public process that engages the School Committee, Capital Planning Committee, Long Range Planning Committee, Town and School staff, budget guidelines and budget calendar.

The Superintendent of Schools is tasked with developing a budget that advances the District according to the outlined policy objectives and overall district goals. The School Committee is responsible for reviewing and approving the budget for incorporation with the full Town budget.

## Budget Timeline

## Allocation of Resources to Achieve Goals and Objective

This budget recommendation was developed in accordance with direction and guidance from the Arlington School Committee.

- The FY2022 budgeted amount is agreed to by the Town of Arlington and the Arlington School Committee based on the school department funding formula. This formula is based on expected town revenues, student enrollment growth, and an agreed increased percentage for general education and special education expenses.
- The School Department's [Five-Year Budget Plan 2020-2024](#) laid out the expected financial needs of the district over the coming years.
- School Committee approved overarching goals as outlined in the Major Goals and Objectives section above.
- The [Vision of a Student as Learner and as a Global Citizen](#) as adopted by the Arlington Public Schools.
- Planned school and district-based work to build on some of the [FY2020-2021 School Department Goals](#). This includes the second year of construction of Arlington High School, continued focus on data-informed decision-making, professional development in support of anti-racist and data-informed practices, and supporting students' social-emotional skills learning.

## Summary – Financial

### Summary of Revenues and Expenditures

The Town of Arlington supports the School Department by providing the Town Appropriation. For FY21, the town appropriation includes an increase of 3.5% in the appropriation for general education, plus an allocation for enrollment growth. The appropriation also includes a 7% increase in the allocation for special education. This results in a 6% increase in the Town Appropriation to \$80,104,634. The Town Appropriation is made up of funds from Chapter 70 education state aid, as well as locally raised property tax revenues. These two funding sources combined create Town Appropriation which makes up the General Fund for Arlington’s schools.

Grant revenue for FY22 is budgeted to be the same as the adjusted FY21 awarded grants. The district also receives revenue from fees and reimbursements, including athletic fees, foreign student tuition, and income from the rental of Peirce Field and school buildings. The state special education Circuit Breaker is the largest source of reimbursement revenue. For FY22, the district is budgeting less revenue from Circuit Breaker, based on declining student placements in out-of-district schools. As a result, revenue from fees and reimbursements is budgeted to be 11.2% lower, at \$2,040,018.

All-in revenue for the District is budgeted at \$86,793,200, a 5.2% overall increase from FY21, with the funding increase coming from the higher Town Appropriation and minimal state aid increase.

FY22 Funding Sources Chart

## Funding Summary

The Funding Summary shows a breakdown of the District funding changes through the FY18, FY19, FY20 and FY21 Budgets as revised to reflect final grant amounts. It also shows the funding changes that are expected to happen as the District moves from the FY21 Budget to the Superintendent's Proposed FY22 Budget.

The School Department, unlike other departments of the Town of Arlington, does not receive all of its funding from the Town Appropriation voted by Town Meeting. In the FY21 Budget, the Town Appropriation was 91.56% of the total school budget, and is budgeted to be 92.29% in the Superintendent's Proposed FY21 Budget. Grants, revolving fees and reimbursements make up the rest of the school budget.

The **Town Appropriation** for FY22 is calculated using the current funding formula established by the Town Manager and the Long Range Planning Committee. This budget formula increases the General Education funding by 3.5%, Special Education Funding by 7%, and an additional increase in General Education funding of 50% of Per Pupil Expenditures for each additional student added this year. However, this year there was not a growth factor due to enrollment decline.

**Grant** funding is budgeted to remain level funded with the FY21 final approved numbers except for Title I which it is projected to decrease by 15% due to a decline in students of poverty by the same amount. Also, in FY21, Arlington Public Schools received funding (CvRF) to address the impact of COVID-19 and to support the reopening of schools. In FY22, it is not certain the level of federal grant funding that will be provided to Arlington Public Schools besides an allocation of ESSER II funding that has been announced.

**Revolving Fees and Reimbursements** There have been a few changes to our revenue in this area. Circuit Breaker has decreased by \$256,399 to reflect the anticipated amount of Circuit Breaker the district should receive in FY21. In efforts to make improvements to facilities to ensure a safe and secure environment for students, the district is budgeting \$500K for the Facilities department from revolving. In addition, to purchase curriculum materials, curriculum software for remote learning, textbooks and increase professional development offerings district wide, Foreign Exchange revolving fund spending will be level funded at \$500K.

In total, the FY21 Budget formula increases the General Education funding by 3.5%, Special Education Funding by 7%, plus an additional \$1,030,000. This results in a Superintendent's Proposed Budget number of \$86,793,200.

With careful and thoughtful consideration, the budget presented is balanced and will greatly support the Arlington Public Schools goals and mission. This budget has additional schedules and tables to explain the detail of this budget. The school committee is responsible for voting on a budget to fund Arlington Public Schools in a format in which it also controls the budget. This format breaks the School Budget into six major categories, using the following category codes:

1. Elementary
2. Secondary
3. Special Education\*
4. Curriculum & Instruction
5. Administration
6. Other (Facilities, IT, and Transportation)

\*Special Education budget transfer category does not include expenditures for preventative efforts that the district may take to assist students that are identified that may need additional services provided through Interventions.

All of these categories are presented here for the FY18, FY19, FY20 Budget, and the FY21 proposed Superintendent's Budget. The School Committee uses the budget transfer categories as a control mechanism over the budget. This practice was established as a School Committee Policy entitled Budget Transfer Authority on June 28, 2011. The policy requires that the Superintendent receive School Committee approval prior to transferring budgeted funds between any of the six categories that make up the total School Department budget. This format allows a clear understanding of how the District Budget is allocated among key elements of the Arlington Public Schools.

#### Districtwide Changes – Brief Narrative

1. Salary Increases, Contract Obligations, Step & Lane Changes, COLA, and other position adjustments - This amount is necessary for contractual agreements for salary changes for current APS personnel.
2. Special Education Tuition Adjustment – Over the last few fiscal years, special education out of district tuition has been overbudgeted. This adjustment is to reduce the budget to be in line with current enrollment. Also, it includes likely out of district placements from the district’s watchlist.
3. Utilities Adjustment – Historically utilities have been underbudgeted. This increases utilities budget to meet the expected needs for FY22.
4. Department Budget Increases – Increase in departmental budgets to meet the needs of departments and inflation of expenses.
5. Reserve Teachers - General Education - The district is reserving funding for three general education teachers to allow class size management and course offerings as needed based on potential enrollment changes
6. Reserve Teachers - Special Education - The district is reserving funding for three special education teachers to allow for necessary implementation of student IEPs, based on potential enrollment changes.
7. Equity, Inclusion & Access Coordinator - The district is creating a new Equity, Inclusion & Access Coordinator position to ensure appropriate improvements in student equity, inclusion, and access experience preschool-grade 12, as well as supporting staff in these areas.
8. District Data Analyst, Manager/Testing Coordinator - An added district data analyst will also be a manager/testing coordinator. This position will coordinate testing, as well as collect and review student data points to inform the creation of goals and pinpoint strategies to address the achievement gap.

#### Preschool & Elementary Changes – Brief Narrative

9. Preschool ELL Teacher - A 0.2 FTE preschool English Language Learner teacher is needed to provide ELL instructional support services to begin English language development in preschool, as well as for required testing for compliance with federal and state regulations

10. Special Education Teacher for SLC-C - In coordination with the SLC-C program move to Hardy Elementary School, the program will be split between two buildings in FY22 and the age span/grade span will be too large for one class.
11. Special Education TA for SLC-C - Two paraprofessionals are needed to support the additional SLC-C class in FY22 in coordination with the move to Hardy Elementary School.
12. SLP Assistant – A Speech and Language Pathologist assistant is needed at the elementary level to support caseload growth.
13. SLP split between SLC-A & SLC-C – This position is currently covered by the building Speech and Language Pathologist and an Assistant Speech and Language Pathologist. In FY22, the program will be at three buildings, so this is an increase from the 1.0 FTE SLP-A previously covering this role.
14. Team Chair – A 0.5 FTE special education Team Chair is necessary at the elementary level to support caseloads.
15. Assistant Principals – An additional 3.5 FTE Assistant Principals are necessary to ensure that each elementary school has an Assistant Principal. With growing staff, there are more teacher evaluations to be completed. Additional staff will also allow Principals to be instructional leaders for their school, and they will also be able to attend internal administrative meetings during the school day while leaving adequate administrative coverage in each elementary school.
16. Reading Teacher – An additional elementary reading teacher is needed to meet enrollment growth and to provide equitable services across all elementary schools.
17. Nurse – An elementary nurse is being added because of enrollment growth and increased job duties for school nurses.
18. Math Interventionist – As the district has been implementing a system of tiered supports for math at the elementary level, an additional interventionist assures equity across all elementary schools.
19. K-5 Lead Math Coach – This position is to provide for elementary math coaches and will provide more consistent oversight of the programs that are elementary specific as well as allowing additional meeting time with elementary principals to assure coordination in math instruction.
20. K-5 Lead Literacy Coach - This position is to provide for elementary literacy coaches and will provide more consistent oversight of the programs that are elementary specific as well as allowing additional meeting time with elementary principals to assure coordination in literacy instruction.
21. Social Studies Coach – The K-5 social studies coach will help write and develop APS’s customized social studies curriculum, support teachers with instructional coaching, and help align APS’s social studies curriculum with the district’s diversity, equity, and inclusion initiatives.

#### Secondary Changes – Brief Narrative

22. SEL Coach – A social-emotional learning coach will oversee the implementation of RULER at the secondary level. The position will focus on this tier 1 and 2 work which is deeply rooted in emotional fluency, mental health care, equity and anti-racism, and social-emotional learning.
23. Student Support Staff – 4.0 FTE of student support staff are being added at the secondary level base on prior enrollment growth.
24. SLP-Gibbs – An additional 0.4 FTE for the Speech and Language Pathologist will bring this position to full-time, in order to support student needs.
25. Social Worker – An additional social worker at Gibbs is to support the social-emotional needs of students based on the effect of COVID-19 on school, and to support equity.
26. Math Support – A 1.0 FTE position is being added for math support at Gibbs to help close the student achievement gap.
27. Administrative Assistant – A half-time administrative assistant is needed at Gibbs to provide additional support to the principal and to ensure administrative equity with the Ottoson Middle School.
28. OT-Gibbs/OMS – An additional 0.2FTE occupational therapist is necessary to address enrollment growth.
29. Reading Teacher-OMS – A third reading teacher is needed at Ottoson Middle School as the current teachers have full caseloads, and 82 students at the Gibbs who receive reading services will be enrolled at OMS in FY22. Gibbs already has three reading teachers.
30. Social Worker – An additional full-time social worker will join the two current social workers who support students with IEPs. The additional social worker will counsel students in the Bridge program and students who do not have an IEP.

31. Spanish Teacher – OMS – Adding 0.6 FTE for Spanish teaching will allow appropriate class sizes for grade 7 and grade 8 Spanish classes. Class sizes would be over 30 in some cases without this addition.
32. Math Support – OMS – An additional 0.2 FTE for math support at OMS will help close the student achievement gap in math.
33. Music Teacher – An additional 0.6 FTE for music teaching at OMS will accommodate the anticipated FY22 student enrollment.
34. Classroom Teachers – 3.0 FTE additional teachers are being added at Arlington High School to ensure adequate class sections to allow student access to courses, and to manage class size.

### **Significant Financial and Demographic Changes**

The FY2021 APS budget did not foresee the COVID-19 pandemic and its impact on education. The district created two new learning models: hybrid and remote. The district invested in additional online learning resources, devices for teachers, and Chromebooks and iPads for students. The Information Technology Department provided help desk support to students and their families in addition to APS staff. District buildings' ventilation systems were reviewed, upgraded, or overhauled, depending on the building. Custodians deployed electrostatic sprayers and increased cleaning schedules. The district hired additional teaching assistants and other staff to allow the implementation of two educational models simultaneously. Teachers attended professional development to adapt their teaching. In FY2021, federal resources supported these investments through the Coronavirus Relief Fund School Reopening Grant Program and the Elementary and Secondary Education Emergency Relief Funds. Ongoing federal support for FY2022 is unknown at this time.

Student enrollment halted its rise in Arlington and even declined slightly. Some Arlington families chose to homeschool their students or enroll them in private school during the pandemic. As a result, no enrollment growth factor is included in the FY2022 budgeted amount from the Town. However, prior enrollment growth that began in the lower grades continues to make its way up through the grade levels.

Construction continues on the new Arlington High School. Arlington began addressing the building needs of the high school when it was invited by the Massachusetts School Building Authority into the School Building Grant Program in 2016. Arlington voted to support the project in June 2019. In fall 2020, Consigli Construction and the Town of Arlington signed a Guaranteed Maximum Price agreement to set the construction budget as \$234,287,347, roughly \$1 million less than the construction cost approved by the voters in 2019. In addition, the AHS Building Committee was able to add back several items to the project. With associated soft costs added to construction cost, this brings the total project cost to \$289.8M. The MSBA is expected to fund \$86 million. The steel frame of the first two wings – the Performing Arts wing and the STEAM (Science, Technology, Engineering, Arts & Mathematics) classroom wing – is anticipated to be complete in early February 2021. The project is on schedule and faculty and students should move into the new wings in February 2022. The construction project will continue through FY2024, with the planned opening of the new building.

As part of the construction process, Menotomy Preschool moved to the former Parmenter School on the corner of Academy and Irving Streets for the 2020-2021 school year. It will remain there until the new high school is ready for it to move into new construction after the last phase of the project is complete. Financial impacts continue to be addressed, as the district is now operating 11 school facilities with the opening of the fall 2019 opening of the Gibbs School and the move of Menotomy Preschool.

## Executive Summary – Informational

### Student Enrollment Trends

Arlington Public Schools enrollment had been climbing since the 2012-2013 school year. Since 2012-2013 the district added 1,399 students. Student population growth began at the early elementary level and moved up through the system. Prior projected growth was expected to slow slightly at the elementary and middle school level. High school enrollment may be impacted by

the opening of the new Minuteman Vocational-Technical School together with the start of construction at Arlington High School. However, all-in prior projections show growth continuing district- wide.

Since March of this year, schools have faced unprecedented challenges due to the global pandemic. With regard to student enrollment for the 2020-21 school year, Arlington, like many districts nationwide, continues to see the deleterious effect on enrollment. Accordingly, Arlington Public Schools contracted with DecisionInsite for enrollment forecast. The district is still reviewing the draft projections provided, but DecisionInsite has already provided interesting reflections which are referenced here.

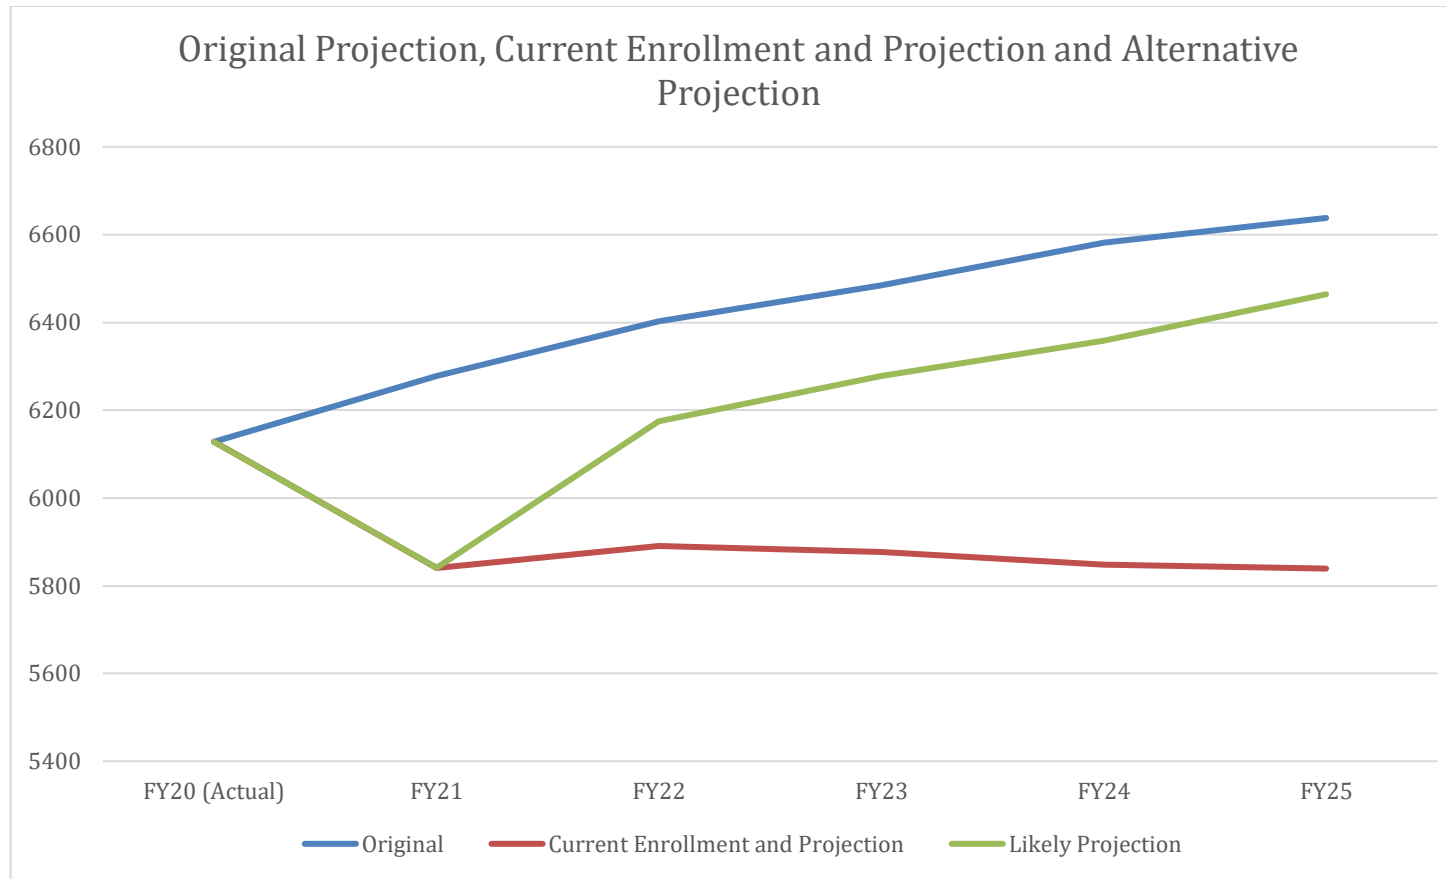

DecisionInsite makes the following assumptions in their forecast: 1) with the proviso that medical advancements in the treatment and prevention of Covid-19 occur in the next twelve months, a return to on-site education is both desirable and probable for the majority of school districts across the country, and 2) many students who opted out of public education due to Covid-19 will return to schools over time as the health threat subsides. For now, the key is in determining a new normal versus an annual anomaly. In the absence of reliable comparatives due to the unique nature of this event, DecisionInsite is proceeding cautiously but optimistically in our moderate and conservative forecast studies.

There was a 13% drop on Kindergarten enrollment in fall 2020, Following the methodology outlined above, DecisionInsite projects a return of K students next year as 1st graders and a return towards norm in K next year as well.

It is important to understand the difference between an enrollment forecast and the enrollment projections that have been done within our district. An enrollment projection mathematically extends past changes in enrollment into the future. An enrollment projection may provide somewhat of a guess at what will happen with enrollment. The disadvantage is that a projection will never be able to predict changes in the enrollment pattern before they happen. Our enrollment projections are based on a five-year weighted average, which generates a continuity rate from one grade to the next. Please see the formula on the next page.

An enrollment forecast, on the other hand, looks at a variety of factors, including, but not limited to, interest rates, housing stock, real estate markets and rates, employment, birth and death rates, ages of current residents, housing turnover rates and many other elements which help pinpoint more closely likely changes to the current enrollment.

The following chart shows a mathematical projection for FY22 completed using the formula used in prior internal enrollment projections. The chart shows the actuals for FY20 and FY21 (Original Projection is a prior projected figure of the FY21 enrollment, and projections for FY22, FY23 and FY24. The original projection was the projection that was completed last year using a 5-year weighted average on enrollment data prior to FY20 to determine the continuity rate. The current enrollment and projection line uses FY21 enrollment and the enrollment data for the 4 years prior to FY21 to determine the continuity rate. Due to the decrease of FY21 enrollment, the continuity rate is very different and projects a downward trend to enrollment. Therefore, the alternative projection (Likely projection) uses the original continuity rate on this year's enrollment data and adds takes select group of students who left the district in FY21 that are likely to return into consideration.

*APS Projection Formula:*

*To calculate the grade one continuity rate in 2017, the formula would be as follows, where Gr1 indicates Grade One population, Kg indicates Kindergarten population, and the subscript indicates the year.*

$$\text{Gr1 Rate} = \left( \frac{\left( \left( \frac{\text{Gr1}_{2013}}{\text{Kg}_{2012}} \times 1 \right) + \left( \frac{\text{Gr1}_{2014}}{\text{Kg}_{2013}} \times 2 \right) + \left( \frac{\text{Gr1}_{2015}}{\text{Kg}_{2014}} \times 3 \right) + \left( \frac{\text{Gr1}_{2016}}{\text{Kg}_{2015}} \times 4 \right) + \left( \frac{\text{Gr1}_{2017}}{\text{Kg}_{2016}} \times 5 \right) \right)}{15} \right)$$

### Program Summary

The Program Summary includes the FY18, FY19, and FY20 Final Expenses, FY21 Budget and the Superintendent’s Proposed FY22 Budget.

In this view we are looking at all expenses, regardless of funding source, subtotaled by Program. This Program view allows us to look at activity in our budget by educational themes.

For example, elementary classroom instruction is found in Program 6506 – Elementary Education. At the Middle and High School levels, classroom instruction is divided by areas of subject content, like Mathematics or Social Studies. Program 6507 – Secondary Education is primarily used for supplies, while teacher salaries are to be found under the subject content that they teach. Athletics are shown in greater detail in Programs 6620 to 6656.

Program codes 6705 to 6760 are our areas of Curriculum and Instruction (C & I). This is where to find expenses for our curriculum leaders and their modest supply budgets.

Program codes 6800 to 6866, as well as 6975, 6980 and 6990, capture activity for Special Education.

## Special Education & Interventions

### Special Education

Special Education is an area of interest to many people. Committed to the education of our most vulnerable students, and driven by a wide array of Federal and State mandates, Special Education has been an area of budget growth in Arlington, as in most communities, for quite some time. Like the Program Summary view, the Special Education Budget Detail includes the FY18, FY19 and FY20 final expenses, FY21 Budget and the Superintendent’s Proposed FY22 Budget.

### Interventions

As we work to support all students, we find that there are services needed beyond those a classroom teacher can provide. Students who struggle with the English language needs special support from ELL (English Language Learners) teachers until their skills improve. Some students require highly skilled support to develop good literacy or mathematics comprehension. Guidance has long provided different types of support for students in need.

We are calling these support services “Interventions”, and want to highlight them as an important part of the budget. These types of services tend to be more vulnerable in times of budget stress, since they are not mandated by law, as Special Education services are, nor are they directly visible in terms of class sizes, as are cuts to classroom teachers. However, these services reach and support students whose struggles have not yet reached the level that requires Special Education, but whose difficulties are holding them back in the general education classroom. By funding these areas of expert support, we are providing the network to help all children learn and helping to contain the cost growth of Special Education. Like the Program summary view, the Intervention’s summary includes the FY18, FY19 and FY120 final expenses, FY21 Budget, and the Superintendent’s Proposed FY22 Budget.
