

Arlington High School Building Project

AHS Construction Update – 6/17/2021

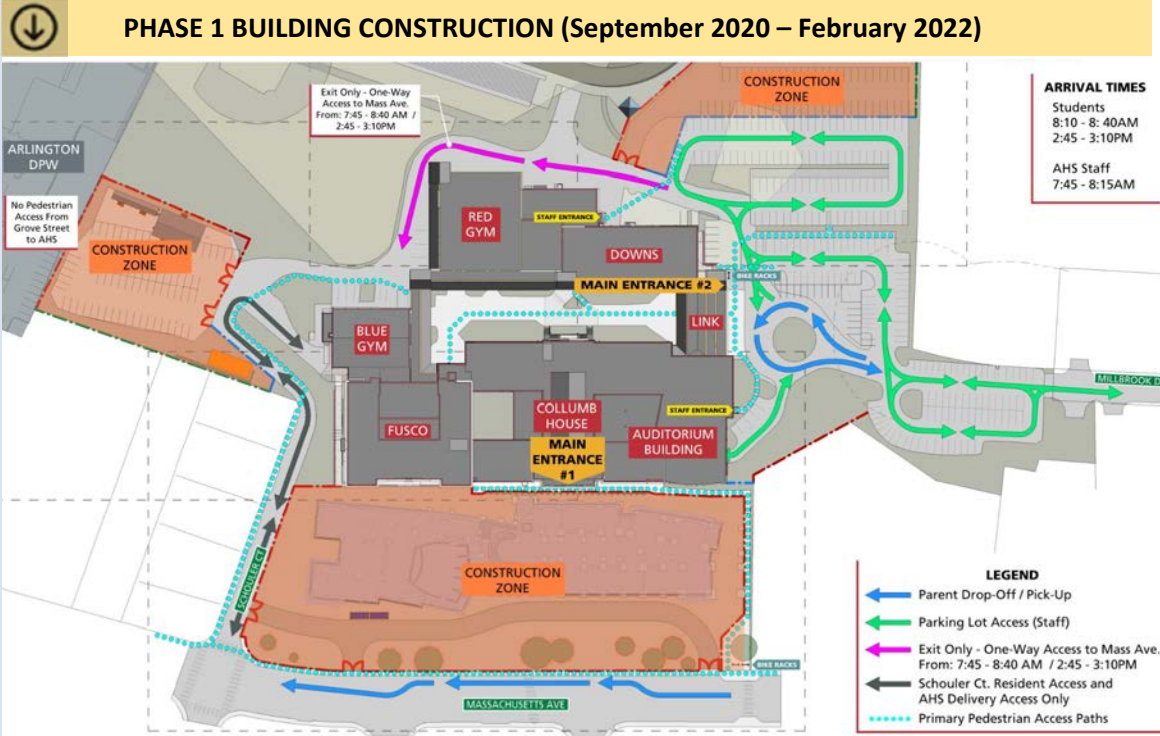

Arlington HS Construction Schedule: April 2020 – April 2025

Construction Details

Phase 1 site-work is complete, and the Phase 1 Building construction is in progress. Work areas during this phase include the front green, the Peirce practice field, and the current softball field. Weekday construction work hours have been temporarily approved for 7AM – 6 PM. Saturday work is required to maintain the schedule. Material deliveries and other work will be coordinated around the school and traffic schedules to create as little disruption as possible.

COVID-19 Update

The health and safety of the community and workers on-site are of the highest priority and were taken into consideration in all project-related decisions. Per Governor Baker’s announcement, construction work is deemed ‘essential’ and can continue. For the school to be completed on time, it is very important to maintain the original construction timeline as closely as possible. The construction team will also be maximizing the schedule as students are off-site during this time. The Town of Arlington continues to monitor all state and federal guidelines regarding best practices during this unusual time and will modify recommendations as necessary to maintain safety and health for our community and construction workers.

Construction Look Ahead – Week of June 21, 2021

The above diagram covers all work to be performed during the current phase. Specific work to be performed this week includes:
