

Battle Road Scenic Byway Public Infrastructure and Land Use Committee Meeting
Thursday, August 26, 2021 at 10:00 AM via Zoom

Agenda:

1. Approval of Minutes for July 8, 2021
2. Discussion of the MassDOT resurfacing Plan

At the Full Byway August 2 meeting, we heard inputs from our five entities. We did not have time to examine the resurfacing program in context with our Corridor Management Plan (CMP), which the BRSB Committee is mandated to follow and implement.

We will discuss the CMP and how it informs us on what our position will be when we write our comments to MassDOT (who apparently expects to hear from us next month at the earliest). We will attempt to see if there is a consensus as to implementation of the CMP along the proposed project corridor, especially with respect to phase 1 and phase 2 timetables.

We will try to have a consensus position for the Full BRSB meeting in September

4. Discuss potential projects for Federal Highway Scenic Byway Grant program. MassDOT apparently will not proceed with a phase 2 Study for four years. We may wish to see if the BRSB Committee can fund some studies before then. Typical FHWA approved projects have included Vegetation Management Plans which may be helpful in our case for the portion of the Byway through the Park. Other ideas are encouraged.

Richard Canale, Public Infrastructure and Land Use Committee Chair
