- B. An approved infrared heater shall be placed over the area to be repaired for a sufficient time until a depth of two (2) or more inches of existing pavement has been softened. The heater must be capable of producing a true infrared ray with a minimum of convection heat.
- C. Care must be taken to avoid oxidation of the pavement by improper heating techniques. If this condition occurs, the unsuitable material must be discarded.
- D. The softened area shall be scarified and raked to a workable condition.
- E. Surplus material must be removed, or bituminous concrete top added as required to bring the heated area to the desired grade.
- F. Any additional bituminous concrete top needed for the above work shall be obtained from a suitable infrared heated storage unit to keep the asphalt mix at a proper working temperature of 270 to 300 degrees Fahrenheit. The asphalt to be used will be 3/8" top mix or as directed by the Town of Arlington.
- G. After the paving mixture has been properly blended, spread and raked to grade, compaction shall be obtained by use of a power roller of sufficient weight to establish a uniform density comparable to that of adjacent surfaces within the work area. The finished patch shall be level with no depression holding water on any of its surface.
- H. The edges of the rolled area shall be sealed with a specified petroleum emulsion and a diluted specified petroleum emulsion shall be uniformly hand sprayed on the patched area. Mineral filler will then be spread over the entire newly patched area.
- I. The work area shall then be swept of all old and excess material, and left in a neat condition. Traffic shall be kept off the patch area to allow for proper cooling time to prevent damage or distortion of patch.
- J. The petroleum emulsion shall conform to the following specifications:

Awarding Authority: Town of Arlington
Contract Number: 22-06 **City/Town:** ARLINGTON
Description of Work: Infrared Patching of Bituminous Pavement at various locations for a period on one (1) year from date of contract, option to renew for a second and third year.
Job Location: Various Locations

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the “Wage Request Number” on all pages of this schedule.
 - An Awarding Authority must request an updated wage schedule from the Department of Labor Standards (“DLS”) if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
 - The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
 - All apprentices working on the project are required to be registered with the Massachusetts Department of Labor Standards, Division of Apprentice Standards (DLS/DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DLS/DAS regardless of whether or not they are registered with any other federal, state, local, or private agency must be paid the journeyworker's rate for the trade.**
 - The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F “rental of equipment” contracts.
 - Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee’s name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
 - Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
 - Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
 - Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
