MODERATOR

Town Meeting in Spring 2022 was lengthy by any standard, covering 13 evenings from the last week of April to the second week of June. Despite improved availability and effectiveness of COVID vaccines and treatments, the Moderator, in consultation with the Director of Health and Human Services and others, requested that Town Meeting convene remotely out of an abundance of caution due to a significant increase in cases in the weeks leading up to Town Meeting. The Select Board approved the request, at which point several members of Town staff, the Town Clerk, volunteers, and vendors quickly mobilized and worked long hours on short notice to pull together training, logistics, and technology to make a remote Town Meeting possible.

Several Town Meeting Members, at the request of the Moderator and at the direction of the Assistant Town Moderator, volunteered to organize an orientation for new members over Zoom. Also, Town staff and volunteers offered training and dress rehearsals for Town Meeting Members to familiarize themselves with the remote platform. The Moderator directed the developer of the remote platform to make a handful of changes from the version of the platform used the previous year, such as adjusting the display of the speaker queue so that Town Meeting Members could see their position in the order of speakers.

As was the case with remote Town Meeting over the prior two years since the beginning of the pandemic, attendance among Town Meeting Members was exceptionally high from beginning to end. The first nights of Town Meeting encountered technical issues with voting on the remote platform that were largely addressed by software changes made by the platform's developer to rate-limit voting by groups of precincts. While this solution was effective at resolving the earlier technical issues, it introduced longer voting periods. Slower voting was most noticeable during articles with multiple amendments and attempts to terminate debate.

Town Meeting New Member Orientation

The 13 sessions of Town Meeting covered the 77 articles of the Annual Town Meeting Warrant and the 6 articles of the Special Town Meeting Warrant. Notable articles include:

- Expansion of the definition of Domestic Partnerships in the Town Bylaws (Article 11, passed 162-68)
- Regulation of single-use plastic water bottles (Article 12, debated for just under an hour, passed 199-42)
- Regulation of noise for gas-powered leaf blowers (Article 16 with 4 amendments, debated for about two hours, passed 187-44)
- Conversion of gas-station pumps to self service (Article 17, failed 105-119)
- Home Rule Legislation to allow early voting options for Town elections (Article 25, passed 214-4)

Town Meeting Budget Vote

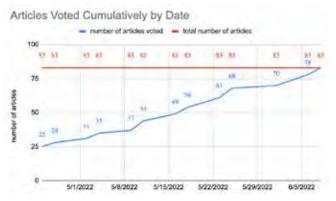

The total budgets and appropriations that were passed at the 2022 Town Meeting for Fiscal Year 2023 reflect a balanced budget, as required by law. Expenditures for FY2023 totaled \$197,385,239, an increase of 5.02% from the FY2022 budget.

Zoning articles represented a significant fraction of the articles in both the Annual and Special Town Meeting Warrants. In total, there were 21 zoning articles with actions recommended by the Arlington Redevelopment Board across the two Warrants, with most zoning articles requiring a two-thirds vote. All zoning articles passed with the exception of Article 38 which sought to allow two-family housing in the two current single-family residential zones (R0 and R1).

Article 38 received an exceptionally high level of participation from Town Meeting Members during debate. Within seconds of opening the speaker queue for debate on the article, more than 50 Town Meeting Members requested to speak. Several members reported technical issues when attempting to join the speaker queue, likely due to the exceptionally high demand in such a short time. Given the uniquely large scale of the debate and the anticipation of intense debate from both sides of the issue, the Moderator instituted a rule

for maintaining balance in the speaker queue among those in favor, those opposed, and those with questions seeking clarification. The number of speakers falling into each of those categories were tracked, and occasionally the Moderator selected speakers out of order to compensate when any of the categories was receiving less speaking time than the others. Article 38 was debated for over two hours before its two amendments failed and the main motion, requiring a two-thirds vote, failed 112-113. Based on positive feedback received about the balanced debate on Article 38, similar techniques are being considered more broadly in the future.

In a first for Arlington Town Meeting, a live Town Meeting Dashboard was published on the Town website, offering Town Meeting Members and members of the public real-time updates on the meeting's progress. The dashboard includes a list of all the articles, their status, amendments, and a chart showing progress in terms of articles completed over time.

Town Meeting Dashboard

While more changes to Town Meeting practices to make Town Meeting more inclusive and welcoming are being considered, many practices from past years were retained at the 2022 Town Meeting to ensure a smooth transition to a new Moderator, including a 48-hour rule requiring substantive amendments to be submitted in writing at least 48 hours in advance. One area of departure from prior practice was the handling of termination of debate. In order to balance the right of two-thirds of Town Meeting Members to terminate debate when recognized with the right of individual members to speak when recognized, a new rule was instituted whereby the Moderator would conduct a straw poll gauging interest in terminating debate no sooner than fifteen minutes into debate. If the straw poll exceeded 75% in favor of terminating debate, the Moderator would call on a member interested in moving to terminate debate to proceed to a formal vote which requires two-thirds. Some Town Meeting Members voiced concerns that the rule would terminate debate prematurely. In practice, these straw polls generally didn't reach the 75% threshold, calling into question the value of interrupting debate with straw polls that generally result in debate continuing.

In the months following the 2022 Town Meeting, the Moderator worked with volunteers to develop a survey to gather feedback from Town Meeting Members about their experiences at Town Meeting and to gauge interest in possible changes to rules, procedures, and practices going forward. The Moderator has convened the Town Meeting Procedures Committee since completion of the survey to study the results and make recommendations. Two areas in particular that continue to be a high priority are the management of the speaker queue with the goal of making the selection of speakers equitable and transparent, and better understanding of Arlingtonians' desire to serve as Town Meeting Members.

A debt of gratitude is owed to the Town staff, the Town Clerk, ACMi staff, and volunteers who worked long hours, often with short notice, over several weeks to develop training materials, deploy technologies, adapt gracefully to dynamic circumstances during the meeting, and assist Town Meeting Members with technical issues. Some of these efforts were visible on-screen during debate and voting, while most of the efforts took place off-screen as staff and volunteers worked through countless issues to keep the meeting on track. Gratitude is also owed to Town Meeting Members for serving under challenging circumstances with new technologies and evolving rules that are a work in progress. Town Meeting is both a venerable civic institution and a collaborative process, requiring broad participation for it to be successful in serving the people of Arlington.
