The Finance Committee was established by vote of the Town over a century ago on March 7, 1895. Article 33 provided for the selection of a "committee of twenty-one", which would consider all articles in the warrant involving an appropriation of money and "make report thereof in print, with their estimates and recommendations for final action of the town....."

Arlington's Finance Committee, however, was not the first in the state. According to the Massachusetts Finance Committee Handbook, "The Finance Committee's beginning was the action of a group of citizens of Quincy in 1870, who created themselves a committee to restore financial order." In 1910, the legislature required finance committees for every town "whose valuation for the purposes of apportioning the state tax exceeds one million dollars." Chapter 39, Section 16, also provided that any other town may "by by-law provide for the election or the appointment and duties of appropriation, advisory or finance committees, who shall consider any or all municipal questions for the purpose of making reports or recommendations to the town...."

In Arlington, the duties and responsibilities of the Finance Committee are stated in the Town Manager Act, Sections 31-35, and in the Bylaws, Title I, Article 7. Finance Committee members must be registered voters of the town. They are appointed by a three-member committee composed of the Moderator, the chair of the Finance Committee and the chair of the Board of Trust Fund Commissioners.

Under Section 4 of Article 7 of Title I of the Bylaws, the Finance Committee "shall consider all articles contained in any warrant except articles on zoning...and those articles which do not require or request an appropriation of money...said committee shall make recommendations, and shall report in print, if possible at or prior to each town meeting, but the omission of said committee so to consider, recommend and/or report shall not affect the validity of any vote or other action at any town meeting. The committee shall also make such general suggestions, criticisms and recommendations, as it may deem expedient. Nothing contained in this section shall preclude the Committee from considering, if it sees fit, articles which do not require or request an appropriation of money."

## REPORT OF THE CHAIR OF THE FINANCE COMMITTEE

As we emerge from the darkest days of the COVID-19 pandemic and look forward to our first inperson Town Meeting since 2019, we find Arlington a rugged and resilient community, proud of its achievements during this unique period in our history. Due to the superb leadership of our Town Manager and Superintendent of Schools, as well as the hard work and perseverance of all of their employees, the Town continued to deliver the level of services that our residents have come to expect, and our excellent schools remained among the best in the Commonwealth. Given the lingering impacts of the pandemic – economic and otherwise – on the Town and its people and during a time when inflation was at its highest rate in forty years and our economy on the verge of recession, this was, indeed, no small feat. The Finance Committee commends everyone's efforts in this most difficult time.

# **Time of Change**

After two years guiding the Finance Committee as its Chair, and many more years before that as its Vice Chair, Charles (Charlie) Foskett stepped down from a leadership role in June of 2022. Charlie's stewardship of the Committee during the worst days of the pandemic was nothing short of masterful. Despite the Committee's inability to meet in-person with one another or with department heads, despite the myriad of operational and fiscal challenges the pandemic caused the Town, and despite all the uncertainties of the future, it was because of Charlie's efforts that the Finance Committee was able to present a financially sound budget to Town Meeting in 2021 and 2022. The Finance Committee is truly fortunate that Charlie remains an active member of the Committee.

This year, the Committee welcomed its largest cohort of new members in many years, with eight people joining its ranks. Among these new members are long-time residents of the Town as well as some who recently moved into Arlington. They include people already known to the Town for their service on other boards and committees as well as people who are completely new to Town government. They include Town Meeting Members and non-Town Meeting Members. What all have in common are impressive professional backgrounds and deep skill sets. In addition to their energy, these new members bring a wealth of knowledge and experience to the Committee, which will serve the Town well.

Last June 2022, our long-serving Town Manager, Adam Chapdelaine departed Arlington. The Town was fortunate that stepping forward to fill that position was our Deputy Town Manager, Sandy Pooler, who provided a seamless transition. Regrettably, Sandy, too, will be leaving Arlington in July 2023. Throughout his tenure in Arlington, Sandy has been a true partner to the Finance Committee. His professionalism, his dedication to the Town, and his financial acumen will be sorely missed.

New to the Manager's office as the Town's new Deputy Town Manager/Finance Director is Alex Magee, who brings with him extensive financial expertise. Replacing the steady hand of Phyllis Marshall, who served for several years as our Treasurer, is Ana Terrell. In the coming year, the Finance Committee looks forward to working with both Alex and Ana, as well as with the Town's Budget Director, Julie Wayman, who continues to provide the Finance Committee with invaluable assistance in building a budget for Town Meeting.

Lastly, the Finance Committee welcomes Dr. Kathleen Dawson who assumed the position of Superintendent of Minuteman Regional Vocational Technical High School in July 2022.

# A Balanced Budget

Immediately after receipt of the Town Manager's proposed budget on January 13, 2023, the Finance Committee began its budget review process. Meeting as a full committee twice a week from January into April, and with smaller working groups engaging in innumerable additional meetings and conversations with department heads during that same time period, the Finance Committee worked to ensure presentation to Town Meeting of a balanced and fiscally sound budget, consistent with commitments made to the voters in the last override and in accord with the Long-Range Plan.

The FY2024 budget that the Finance Committee presents to Town Meeting totals \$205,697,156, which reflects an increase of less than 4.5% over last year's budget. Notwithstanding the continuing impact of the pandemic and a 6% inflation rate for the year ending February 2023, with this budget the Town meets its obligation made in 2019 to avoid a Proposition 2 ½ override for at least four years.

Those departments seeing significant funding increases in FY2024 include Public Works, which will be in its second year of a three-year recycling and solid waste hauling contract, and Facilities which continues to assume responsibility for additional buildings including, this year, the Community Center, 23 Maple Street, Jefferson Cutter House and the new DPW facility on Grove Street. With the Town preparing for new collective bargaining with its unions, \$700,000 has been budgeted to cover potential additional labor costs. On the school side, funding has been increased 5.33% over FY2023 for a total of \$88,947,334.

Arlington is known for being a community that cares for its seniors. Years ago, the Council on Aging Transportation Enterprise Fund was created to help meet some of their needs. Enterprise Funds, however, are intended to conduct business-type activities, have their own revenue source, and require limited financial support from the General Fund. For several years now, the Council on Aging Transportation Enterprise Fund has not met the criteria of an Enterprise Fund because it has required significant financial support from the General Fund. This calls into question whether it should continue to be an Enterprise Fund or, alternatively, dissolved with all expenses and programs transferred to the General Fund. Any decision on dissolution and transfer of programs and expenses to the General Fund has to be approved by Town Meeting. After the 2023 Annual Town Meeting, the Finance Committee will begin a review of the status of the Council on Aging Transportation Enterprise Fund and will report to Town Meeting next year. The Finance Committee anticipates no reductions in any of the services provided to our seniors as a consequence of this potential change; rather, it is intended simply to provide for more transparent budgeting.

Due much because the Group Insurance Commission (GIC) rate increase was lower than forecasted, being a mere 1.17%, rather than a forecasted 3.17%, the Finance Committee anticipates some savings with respect to the Town's Insurance budget. While Arlington is on schedule to fund its Pension liability in accordance with state mandate, its Other Post-Employment Benefits (OPEB) liability continues to be a concern. It has long been the practice of

the Town to appropriate a total of \$655,000 from the general fund into the OPEB Trust Fund, and to make an additional contribution of \$300,000 into OPEB from monies in the Health Claims

Trust Fund, a remnant of the health insurance system used by the Town prior to joining the GIC. With a current balance of \$1,462,454 in the Health Claims Trust Fund, and with little likelihood of any significant claims being made to it, the Finance Committee recommends (Article 57) that \$1,412,454 be appropriated from that Fund into the OPEB Trust Fund. This will leave a balance of \$50,000 in that fund to cover any potential residual claims. Even with this sizeable one-time contribution, however, our OPEB liability is less than 11% funded.

# **Challenges Ahead**

Arlington may be resilient, but its financial position is nonetheless still fragile.

Although the FY2024 budget is balanced and no deficit is predicted for FY2025, as of the date of this Report, the Select Board is considering a three or four-year override to address substantial deficits beginning in FY2026, which deficits will grow ever larger in the following years. At the same time, conversations about a rebuild of our Ottoson Middle School, which would require a debt exclusion vote, are beginning. Decisions regarding rebuilding any school in Arlington, and, indeed, decisions about school funding itself, must take into consideration the fact that student enrollment is projected to start dropping in FY2025, and that the nation is already beginning to experience a decline in birthrates.

Other clouds on the horizon include the Town's current solid waste collection and disposal contract, which will soon expire. The Finance Committee expects that the next contract will be significantly more expensive and burdensome to the Town, and the Town must start preparing for that now. Compounding budgetary problems for our Public Works Department, and indeed for all departments, is the fact that it has become exceedingly difficult to find, hire and retain employees. This, plus the fact that inflation remains high, puts pressure on Arlington to examine what salaries it can offer to attract and keep quality employees.

All of these concerns make it essential that the Town and Schools critically examine their budgets to constrain cost increases and to seek alternative funding sources wherever possible. Otherwise, it will be exceedingly difficult to avert a looming fiscal crisis.

The FY2024 budget that the Finance Committee now presents to Town Meeting is balanced and prudent. The Finance Committee recommends its approval and reminds Town Meeting that any amendments to this budget that would propose to increase expenditures must be balanced by reductions elsewhere.

Respectfully submitted,

Christine P. Deshler, Chair Arlington Finance Committee
