A. COMPLEMENTARY DOCUMENT

1. The Invitation to Bid, included herewith, is complementary to this document and shall be carefully reviewed by bidders for specific instructions not repeated herein.

B. STATUTES REGULATING COMPETITIVE BIDDING

1. Bidding procedures and award of contract shall be in accordance with the provisions of M.G.L. **c.30B, §5**.
2. In the event of any discrepancy or inconsistency between the provisions of the bid or contract documents and the statutes referenced hereinabove, the provisions of said statutes shall govern. In such event, the application of all remaining provisions not in conflict with any circumstance other than that in which the conflict occurs shall not be affected thereby.

C. BIDDER'S QUALIFICATIONS

1. No individual or firm may submit a bid unless it includes, with the bid form, a list of at least three (3) references from similar projects completed in the last five (5) years.
2. The Town Manager will reject bids when required to do so by Massachusetts General Laws. In addition, the Town Manager reserves the right to waive any informalities in bidding and to reject any and all bids if he deems it to be in the public interest so to do. The Town Manager reserves the right to reject any bid if he determines that such bid does not represent the bid of a person or firm competent to perform the work as specified, or if fewer than three bids are received, or if bid prices are not acceptable without further competition.

D. INTERPRETATION OF DOCUMENTS: NOTIFICATION OF ERRORS

1. Bidders are urged to notify the Town of any and all errors and discrepancies found in the bid and contract documents.
2. Bidders requiring interpretation or clarification of the bid and contract documents shall make a written request to the Purchasing Agent at mdenatale@town.arlington.ma.us. 1. Each bidder shall carefully examine the bid and contract documents to obtain a thorough understanding of the work of his bid in addition to the work of related trades. In addition, each bidder shall personally visit the site to thoroughly acquaint himself with the conditions as they exist thereon.
2. Failure of any bidder to thoroughly examine the bid and contract documents or to visit and examine the site or to familiarize himself with local conditions under which the work

F. MODIFICATION AND WITHDRAWAL OF BIDS

1. Modification or withdrawal of bids will be permitted after submission of said bids provided that clearly written and readily understandable instructions are received by the Town Manager in writing prior to the time established for the opening of bids. Bidders are solely responsible for obtaining addenda before the bid opening. All addenda so issued shall become part of the bid and contract documents. Failure of any bidder to receive any such addenda shall in no way relieve him from the execution of its provisions or from any obligations under his bid as submitted. **All bidders are cautioned to verify the number of addenda that have been issued and to secure any needed copies from the Town before submitting a bid.**
2. Bidders shall acknowledge each and every addendum in the spaces provided on the bid form; failure of a bidder to do so may result in rejection of the bidder's bid.

2. All blank spaces on the bid form must be filled in and all entries must be made in ink or typewritten. Bidders must bid on each item. Where space is provided, sums shall be expressed in both words and figures. In case of a discrepancy between the two, the written words shall govern.

4. Bidders shall submit **one original and one copy** of their bid.

I. ALTERNATES

1. Not applicable.

J. SUBMISSION OF BIDS

2. If the bid is mailed, the aforementioned sealed envelope shall be enclosed in a second envelope marked on the outside with the same information above and mailed to the place of the bid opening, as stipulated in the Invitation to Bid. Mailed bids must be received before the time scheduled for opening of bids.

K. BID DEPOSITS

1. The bid deposit shall be submitted in the amount specified herein and in the form of (a) cash, (b) a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company and payable to the Town of Arlington, or (c) a bid bond in a form satisfactory to the Town, with a surety company qualified to do business in the Commonwealth of Massachusetts, and conditioned upon the faithful performance by the principal of the agreements contained in the bid. Return of bid deposits will be in accordance with the provisions of the applicable Massachusetts General Laws.
2. Bid deposits of all general bidders, except those of the three lowest responsible and eligible general bidders, shall be returned within five days, Saturdays, Sundays and legal holidays excluded, after the opening of the general bids. The bid deposits of the three lowest responsible and eligible general bidders shall be returned upon the execution and delivery of the general contract or, if no award is made, upon the expiration of the time prescribed in the applicable Massachusetts General Laws for making an award; except that, if any general bidder fails to perform his agreement to execute a contract and furnish any performance or payment bonds required herein, his bid deposit shall become and be the property of the Town, as liquidated damages.

L. PAYMENT BOND

1. In accordance with M.G.L. c.149, §29, the selected contractor will be required to submit a Labor and Materials or Payment bond, in the amount of fifty percent (50%) of the contract sum, from a surety company qualified to do business under the laws of the Commonwealth and approved by the Town.

M. FOREIGN CORPORATIONS

1. Attention of bidders is called to M.G.L. c.30, §39L, as amended, under which an Awarding Authority may not enter into a contract with a foreign corporation (defined as a corporation that has been established, organized, or chartered under laws other than those of the Commonwealth of Massachusetts), nor approve a foreign corporation as a sub-contractor, unless said foreign corporation has filed with the Authority a certificate of the State Secretary stating that the corporation has complied with requirements of M.G.L. c.156D and stating the date of such compliance.

N. AWARD OF CONTRACT

1. The Contract shall be awarded to the lowest responsible and eligible bidder, as provided under M.G.L. c.30B, §5.
2. The Town reserves the right to reject any and all general bids if it be in the interest of the Town so to do. In addition, the Town may consider informal and may reject any bid which is not prepared and submitted in accordance with all requirements of the bid

documents, or which contains erasures, alterations, additions, errors or irregularities of any kind, or which contains proposed prices for any class or item of work which is, in the judgment of the Town, substantially less or more than the actual cost to complete the work; provided, however, that the Town reserves the right to waive any and all informalities as to form. Matters as to substance shall not be waived. Subject to the provisions of applicable laws, if the forms, specifications, or any other bid document require submission of special information or data to accompany bids for any trade, if applicable, and any bidder neglects to furnish such information or data with its bid, the Town may reject the bid of such bidder as incomplete; provided, however, that the Town reserves the right to deem any such omission as an informality for which such bid will not be rejected, and to subsequently receive such information or data prior to award of the contract. See paragraph C. above as to the Town's right to reject the bid of any bidder who is not qualified, competent and responsible.

O. COMMENCEMENT AND COMPLETION OF WORK

1. The successful bidder, upon execution of the contract agreement, shall commence the work of the contract within seven (7) calendar days from receipt of the written Notice to Proceed issued by the Town within fourteen (14) calendar days after said execution of the contract agreement, and shall therefore diligently and continuously carry out the work in such a manner as to substantially complete the work as noted herein.

P. LIQUIDATED DAMAGES

1. Liquidated damages for failure to complete the work within the time specified in the Invitation for Bid will be assessed by the Town in the amount stipulated therein. The liquidated damages of **\$250.00** per calendar day is a minimum damage figure to compensate the Town for administrative costs and loss for delay of its use of the project, and for added Owner's Project Manager, Designer, and consultant fees, and does not limit in any way the liability of the contractor for damages in excess of the specified liquidated damages amount for other damages, in particular damages for breach of contract. It is expressly understood that such liquidated damages do not constitute a penalty.

Q. MASSACHUSETTS SALES AND USE TAX

1. Materials purchased for permanent installation in the work will be exempt from the Massachusetts Sales and Use tax. Each bidder shall consider this exemption in calculating his bid for the work.

R. OSHA TRAINING

1. Massachusetts law requires that all employees who work on Massachusetts public works construction sites have no less than 10 hours of OSHA approved safety and health training. See M.G.L. c.30 §39M(c), M.G.L. c.30 §39S(a)(1), M.G.L. c.149 §44E(2), and M.G.L. c.149 §44F(2).

1. Bidders are required to certify that all state tax returns have been filed and all state taxes have been paid in order to be eligible to enter into a contract with the Town on this project. The form provided herein is to be used for this purpose and is to be completed and returned as part of the bid.

T. INSURANCE REQUIREMENTS

The selected contractor shall carry workers compensation insurance and liability insurance with an insurance company satisfactory to the Town so as to save the Town harmless from any and all claims for damages arising out of bodily injury to or death of any person or persons, and for all claims arising out of injury to or destruction of property caused by accident resulting from the use of implements, equipment or labor used in the performance of the contract or from any neglect, default or omission, or want of proper care, or misconduct on the part of the contractor or any one in his employ during the execution of the contract. The Town shall be named as additional insured on all liability policies.

This Agreement, together with the other documents enumerated in this Article, constitute the entire Agreement between the Town and the Contractor.

Article 4. PRIORITY OF DOCUMENTS. In the event of inconsistency between the terms of this Agreement and the bid documents, the terms of this Agreement shall prevail.

Article 5. CONTRACT TERM. The Contractor shall commence work under this Contract on the date specified in the written notice of the Town to proceed and shall fully complete all work hereunder as described in the Bid Documents. Any termination due to non-appropriation or withdrawal of funding shall be without liability to the Town for damages, penalties, or other charges on account of such termination.

Time is of the essence in the performance of the work of this Contract. The Contractor's attention is directed to the provisions in the Bid Documents regarding the assessment of liquidated damages for failure to complete the work within the time specified.

Article 6. COMPENSATION. The Town shall pay the Contractor for services rendered under this Contract pursuant to the provisions contained in the Bid Documents. The Town may withhold any payment to the Contractor if and for so long as the Contractor fails to perform any of its obligations hereunder or otherwise is in default under this Contract. In no event shall the Town be required to pay any amounts for work deemed by it to be unacceptable, or which is otherwise disputed. Further, the Town shall not be deemed, by virtue of making payments to the Contractor hereunder, to have released the Contractor from any claim or liability, or to have waived any action arising out of the breach of this Contract by the Contractor.

Article 7. APPLICABLE STATUTES. All applicable federal, state and local laws and regulations are incorporated herein by reference and the Contractor agrees to comply with same.

ARTICLE 8. PAYMENTS TO CONTRACTOR. Payments shall be made in accordance with Chapter 30, Section 39K of the General Laws of the Commonwealth of Massachusetts, including all current amendments, generally as follows:

(a) Within fifteen days after receipt from the Contractor, at the place designated by the Owner if such a place is so designated, of a periodic estimate requesting payment of the amount due for the preceding month, the Owner will make a periodic payment to the Contractor for the work performed during the preceding month and for the materials not incorporated in the work but delivered and suitably stored at the site (or at some location agreed upon in writing) to which the Contractor has title or to which a subcontractor has title and has authorized to Contractor to transfer title to the Owner, less (1) a retention based on its estimate of the fair value of its claims against the Contractor and less (2) a retention for direct payments to subcontractors based on demands for same in accordance with the provisions of Section 39F, and less (3) a retention not exceeding five percent of the approved amount of the periodic payment. After the receipt of a periodic estimate requesting final payment and within sixty-five days after (a) the Contractor fully completes the work or substantially completes the work so that the value of the work remaining to be done is, in the estimate of the Owner, less than one percent of the original contract price, or (b) the Contractor substantially completes the work and the Owner takes possession or occupancy, whichever occurs first, the Owner shall pay the Contractor the entire balance due on the Contract less (1) a retention based on its estimate of the fair value of its

claim against the Contractor and of the cost of completing the incomplete and unsatisfactory items of work and less (2) a retention for direct payments to subcontractors based on the demands for same in accordance with the provisions of Section 39F, or based on the record of payments by the Contractor to the subcontractors under this contract if such record of payment indicates that the Contractor has not paid subcontractors as provided in Section 39F. If the Owner fails to make payment as herein provided, there shall be added to each such payment daily interest at the rate of five percent per annum commencing on the first day after said payment is due and continuing until the payment is delivered or mailed to the Contractor, provided, that no interest shall be due, in any event, on the amount due on a periodic estimate for Final Payment until fifteen days after receipt of such a periodic estimate from the Contractor, at the place designated by the Owner if such a place is so designated. The Contractor agrees to pay to each subcontractor a portion of any such interest paid in accordance with the amount due each subcontractor.

(b) The Owner may make changes in any periodic estimate submitted by the Contractor, and the payment due on said periodic estimate shall be computed in accordance with the changes so made, but such changes or any requirement for a corrected periodic estimate shall not affect the due date for the periodic payment or the date for the commencement of interest charges on the amount of the periodic payment computed in accordance with the changes made, as provided herein; provided that the Owner may, within seven days after receipt, return to the Contractor for correction any periodic estimate which is not in the required form or which contains computations not arithmetically correct and, in that event, the date of receipt for such periodic estimate in proper form and with arithmetically correct computations. The date of receipt of a periodic estimate received on a Saturday shall be the first working day thereafter. The provisions of Section 39G shall not apply to any contract for the construction, reconstruction, remodeling, repair or demolition of any public building to which this section applies.

Article 8. METHOD OF PAYING SUBCONTRACTORS

Pursuant to M.G.L. c. 30 §39F:

(a) Forthwith after the general contractor receives payment on account of a periodic estimate, the general contractor shall pay to each subcontractor the amount paid for the labor performed and the materials furnished by that subcontractor, less any amount specified in any court proceedings barring such payment and also less any amount claimed due from the subcontractor by the general contractor.

(b) Not later than the sixty-fifth day after each subcontractor substantially completes his work in accordance with the plans and specifications, the entire balance due under the subcontract less amounts retained by the awarding authority as the estimated cost of completing the incomplete and unsatisfactory items of work, shall be due the subcontractor; and the awarding authority shall pay that amount to the general contractor. The general contractor shall forthwith pay to the subcontractor the full amount received from the awarding authority less any amount specified in any court proceedings barring such payment and also less any amount claimed due from the subcontractor by the general contractor.

(c) Each payment made by the awarding authority to the general contractor pursuant to subparagraphs (a) and (b) of this paragraph for the labor performed and the materials furnished

by a subcontractor shall be made to the general contractor for the account of that subcontractor; and the awarding authority shall take reasonable steps to compel the general contractor to make each such payment to each such subcontractor. If the awarding authority has received a demand for direct payment from a subcontractor for any amount which has already been included in a payment to the general contractor or which is to be included in a payment to the general contractor for payment to the subcontractor as provided in subparagraphs (a) and (b), the awarding authority shall act upon the demand as provided in this section.

(d) If, within seventy days after the subcontractor has substantially completed the subcontract work, the subcontractor has not received from the general contractor the balance due under the subcontract including any amount due for extra labor and materials furnished to the general contractor, less any amount retained by the awarding authority as the estimated cost of completing the incomplete and unsatisfactory items of work, the subcontractor may demand direct payment of that balance from the awarding authority. The demand shall be by a sworn statement delivered to or sent by certified mail to the awarding authority, and a copy shall be delivered to or sent by certified mail to the general contractor at the same time. The demand shall contain a detailed breakdown of the balance due under the subcontract and also a statement of the status of completion of the subcontract work. Any demand made after substantial completion of the subcontract work shall be valid even if delivered or mailed prior to the seventieth day after the subcontractor has substantially completed the subcontract work. Within ten days after the subcontractor has delivered or so mailed the demand to the awarding authority and delivered or so mailed a copy to the general contractor, the general contractor may reply to the demand. The reply shall be by a sworn statement delivered to or sent by certified mail to the awarding authority and a copy shall be delivered to or sent by certified mail to the subcontractor at the same time. The reply shall contain a detailed breakdown of the balance due under the subcontract including any amount due for extra labor and materials furnished to the general contractor and of the amount due for each claim made by the general contractor against the subcontractor.

(e) Within fifteen days after receipt of the demand by the awarding authority, but in no event prior to the seventieth day after substantial completion of the subcontract work, the awarding authority shall make direct payment to the subcontractor of the balance due under the subcontract including any amount due for extra labor and materials furnished to the general contractor, less any amount (i) retained by the awarding authority as the estimated cost of completing the incomplete or unsatisfactory items of work, (ii) specified in any court proceedings barring such payment, or (iii) disputed by the general contractor in the sworn reply; provided, that the awarding authority shall not deduct from a direct payment any amount as provided in part (iii) if the reply is not sworn to, or for which the sworn reply does not contain the detailed breakdown required by subparagraph (d). The awarding authority shall make further direct payments to the subcontractor forthwith after the removal of the basis for deductions from direct payments made as provided in parts (i) and (ii) of this subparagraph.

(f) The awarding authority shall forthwith deposit the amount deducted from a direct payment as provided in part (iii) of subparagraph (e) in an interest-bearing joint account in the names of the general contractor and the subcontractor in a bank in Massachusetts selected by the awarding authority or agreed upon by the general contractor and the subcontractor and shall notify the general contractor and the subcontractor of the date of the deposit and the bank receiving the

deposit. The bank shall pay the amount in the account, including accrued interest, as provided in an agreement between the general contractor and the subcontractor or as determined by decree of a court of competent jurisdiction.

(g) All direct payments and all deductions from demands for direct payments deposited in an interest-bearing account or accounts in a bank pursuant to subparagraph (f) shall be made out of amounts payable to the general contractor at the time of receipt of a demand for direct payment from a subcontractor and out of amounts which later become payable to the general contractor and in the order of receipt of such demands from subcontractors. All direct payments shall discharge the obligation of the awarding authority to the general contractor to the extent of such payment.

(h) The awarding authority shall deduct from payments to a general contractor amounts which, together with the deposits in interest-bearing accounts pursuant to subparagraph (f), are sufficient to satisfy all unpaid balances of demands for direct payment received from subcontractors. All such amounts shall be earmarked for such direct payments, and the subcontractors shall have a right in such deductions prior to any claims against such amounts by creditors of the general contractor.

(i) If the subcontractor does not receive payment as provided in subparagraph (a) or if the general contractor does not submit a periodic estimate for the value of the labor or materials performed or furnished by the subcontractor and the subcontractor does not receive payment for same when due less the deductions provided for in subparagraph (a), the subcontractor may demand direct payment by following the procedure in subparagraph (d) and the general contractor may file a sworn reply as provided in that same subparagraph. A demand made after the first day of the month following that for which the subcontractor performed or furnished the labor and materials for which the subcontractor seeks payment shall be valid even if delivered or mailed prior to the time payment was due on a periodic estimate from the general contractor. Thereafter the awarding authority shall proceed as provided in subparagraph (e), (f), (g) and (h).

Article 9. CLAIMS FOR UNFORESEEN CONDITIONS

Pursuant to M.G.L. c. 30 §39N:

If, during the progress of the work, the contractor or the awarding authority discovers that the actual subsurface or latent physical conditions encountered at the site differ substantially or materially from those shown on the plans or indicated in the contract documents either the contractor or the contracting authority may request an equitable adjustment in the contract price of the contract applying to work affected by the differing site conditions. A request for such an adjustment shall be in writing and shall be delivered by the party making such claim to the other party as soon as possible after such conditions are discovered. Upon receipt of such a claim from a contractor, or upon its own initiative, the contracting authority shall make an investigation of such physical conditions, and, if they differ substantially or materially from those shown on the plans or indicated in the contract documents or from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the plans and contract documents and are of such a nature as to cause an increase or decrease in the cost of performance of the work or a change in the construction methods required for the performance of the work which results in an increase or decrease in the cost of the work, the contracting

authority shall make an equitable adjustment in the contract price and the contract shall be modified in writing accordingly.

Article 10. CLAIMS FOR DELAY

Pursuant to M.G.L. c 30 §390:

a) The awarding authority may order the general contractor in writing to suspend, delay, or interrupt all or any part of the work for such period of time as it may determine to be appropriate for the convenience of the awarding authority; provided however, that if there is a suspension, delay or interruption for fifteen days or more or due to a failure of the awarding authority to act within the time specified in this contract, the awarding authority shall make an adjustment in the contract price for any increase in the cost of performance of this contract but shall not include any profit to the general contractor on such increase; and provided further, that the awarding authority shall not make any adjustment in the contract price under this provision for any suspension, delay, interruption or failure to act to the extent that such is due to any cause for which this contract provides for an equitable adjustment of the contract price under any other contract provisions.

(b) The general contractor must submit the amount of a claim under provision (a) to the awarding authority in writing as soon as practicable after the end of the suspension, delay, interruption or failure to act and, in any event, not later than the date of final payment under this contract and, except for costs due to a suspension order, the awarding authority shall not approve any costs in the claim incurred more than twenty days before the general contractor notified the awarding authority in writing of the act or failure to act involved in the claim.

Article 11. HOURS OF WORK

Pursuant to M.G.L. c 149 §34:

No laborer, workman, mechanic, foreman or inspector working within the commonwealth, in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract, shall be required or permitted to work more than eight hours in any one day or more than forty-eight hours in any one week, or more than six days in any one week, except in cases of emergency.

The Contractor shall take all responsibility for the work and shall take all precautions for preventing injuries to persons and property, visible and concealed, in or about the work and shall indemnify and hold harmless the Town from all loss, cost, damage, or expense arising from injuries to persons or property in or about the work in consequence of improper materials, implements or labor used therein, or relating to any act, omission or neglect of the Contractor and her/his employees therein. The foregoing provisions shall not be deemed to be released, waived or modified in any respect by reason of any surety or insurance provided by the Contractor under contract.

Article 13. WARRANTY. Except as may be otherwise provided in the Bid Documents, the Contractor shall replace, repair or make good, without cost to the Town, any defects or faults arising within one (1) year after completion of the work of the Contract.

Article 15. TERMINATION. The Town shall have the right, upon seven (7) days written notice to the Contractor so stating, to terminate, suspend, or postpone this Contract in whole or in part for any reason deemed by the Town to be in the public interest. Any such termination, suspension, or postponement shall not give rise to any cause of action for damages against the Town.

Article 16. FAILURE TO PERFORM. Should the Contractor violate any of the provisions of this Contract or fail to prosecute promptly the work or to perform any agreement herein contained, the Town shall be at liberty, after three (3) days written notice to the Contractor, to provide labor and materials and deduct the cost thereof from any money then due or thereafter to become due to the Contractor under this Agreement, and the Town shall further have the right to terminate this Contract and to complete the work thereof and provide all the necessary labor and materials therefor. And in case of such termination of the Contract, the Contractor shall not be entitled to receive any further payment under this Agreement until such work shall have been wholly completed. If the unpaid balance of the contract price herein shall exceed the expense of completing the work, such excess shall be paid to the Contractor. If such expense shall exceed the unpaid balance, the Contractor shall pay the difference to the Town.

Article 17. INSURANCE. The selected contractor shall carry (a) workers compensation insurance and (2) liability insurance, in the amounts specified in the bid and contract documents, with an insurance company satisfactory to the Town so as to save the Town harmless from any and all claims for damages arising out of bodily injury to or death of any person or persons, and for all claims arising out of injury to or destruction of property caused by accident resulting from the use of implements, equipment or labor used in the performance of the contract or from any neglect, default or omission, or want of proper care, or misconduct on the part of the contractor or any one in his employ during the execution of the contract. The Town of Arlington must be named as Additional Insured on all liability policies.

Article 18. GOVERNING LAW. This Contract shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.

Article 19. SEVERABILITY. The provisions of this Contract are severable. If any section, paragraph, clause, or provision of this Contract shall be finally adjudicated by a court of competent jurisdiction to be invalid, the remainder of this Contract shall be unaffected by such adjudication and all of the remaining provisions of this Contract shall remain in full force and effect as though such section, paragraph, clause, or provision, or any part thereof so adjudicated to be invalid had not been included herein, unless such remaining provisions, standing alone, are incomplete and incapable of being executed in accordance with the intent of the parties to this Contract.

Article 20. AMENDMENTS TO THIS CONTRACT. This Contract may not be amended except in writing executed in the same manner as this Town-Contractor Agreement.

IN WITNESS WHEREOF the parties have caused this instrument to be executed under seal the day and year first above set forth.

Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- **The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor.** For multi-year CM AT RISK projects, the awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. The annual update requirement is not applicable to 27F "rental of equipment" contracts. **The updated wage schedule must be provided to all contractors, including general and sub-contractors, working on the construction project.**
- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the "Wage Request Number" on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or a sub-contractor.
- Apprentices working on the project are required to be registered with the Massachusetts Division of Apprentice Standards (DAS). Apprentices must keep their apprentice identification card on their persons during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DAS regardless of whether they are registered with another federal, state, local, or private agency must be paid the journeyworker's rate.**
- Every contractor or subcontractor working on the construction project must submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee's name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. For a sample payroll reporting form go to <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Contractors must obtain the wage schedules from awarding authorities. Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and criminal penalties.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may file a complaint with the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
