

Winter Street Recommended Actions Summary – 10/9/24

Based on the discussion at the September 2024 TAC meeting, the Winter Street recommendations have been adjusted and are now summarized below:

1. **Oxford/Raleigh Intersection:** Install a standard R5-1 “Do Not Enter” sign on the southeast corner.
2. **Oxford St in front of the rear entrance to Lesley Ellis School:** Defer all action to the activity that is in process by DPW / APD. Provide a summary of the recommendations in the previous versions of the memo to DPW / APD for consideration.
3. **Winter / Mass Ave Intersection:** Defer all action to future Complete Streets planning. Provide a summary of the recommendations in the previous versions of the memo to DPCD for consideration.
4. **Winter St from the area adjacent to the park down to Broadway:** Defer all action to the activity that is in process by DPW / APD. Provide a summary of the recommendations in the previous versions of the memo to DPW / APD for consideration.
5. **Broadway approaching Winter St intersection:** In order to protect the sight line for traffic approaching the intersection on Winter St that has been reduced by the configuration of the new construction at 80 Broadway, the installation of ‘No Parking’ signage on Broadway from the utility pole in front of 80 Broadway to the intersection with Winter St.
