The Finance Committee was established by vote of the Town over a century ago on March 7, 1895. Article 33 provided for the selection of a "committee of twenty-one", which would consider all articles in the warrant involving an appropriation of money and "make report thereof in print, with their estimates and recommendations for final action of the town....."

Arlington's Finance Committee, however, was not the first in the state. According to the Massachusetts Finance Committee Handbook, "The Finance Committee's beginning was the action of a group of citizens of Quincy in 1870, who created themselves a committee to restore financial order." In 1910, the legislature required finance committees for every town "whose valuation for the purposes of apportioning the state tax exceeds one million dollars." Chapter 39, Section 16, also provided that any other town may "by by-law provide for the election or the appointment and duties of appropriation, advisory or finance committees, who shall consider any or all municipal questions for the purpose of making reports or recommendations to the town...."

In Arlington, the duties and responsibilities of the Finance Committee are stated in the Town Manager Act, Sections 31-35, and in the Bylaws, Title I, Article 7. Finance Committee members must be registered voters of the town. They are appointed by a three-member committee composed of the Moderator, the chairman of the Finance Committee and the chairman of the Board of Trust Fund Commissioners.

Under Section 4 of Article 7 of Title I of the Bylaws, the Finance Committee "shall consider all articles contained in any warrant except articles on zoning...and those articles which do not require or request an appropriation of money...said committee shall make recommendations, and shall report in print, if possible at or prior to each town meeting, but the omission of said committee so to consider, recommend and/or report shall not affect the validity of any vote or other action at any town meeting. The committee shall also make such general suggestions, criticisms and recommendations, as it may deem expedient. Nothing contained in this section shall preclude the Committee from considering, if it sees fit, articles which do not require or request an appropriation of money."

STABILIZATION FUND -- A special account created to provide a reserve for municipal expenditures. Transfers into and out of these funds require a 2/3 vote of Town Meeting.

SURPLUS REVENUE -- The total amount of cash, accounts receivable, and other current assets that exceed liabilities and reserves.

UNENCUMBERED FUNDS -- The amount of surplus revenue, minus uncollected taxes of prior years. Unencumbered funds must be certified by the State Bureau of Accounts before they can be used. Also known as Free Cash or Available Funds.

REPORT OF THE CHAIR OF THE FINANCE COMMITTEE

The Town is now entering the third year of the three year plan developed as a promise to the voters in exchange for their approval of the tax override in 2011. The plan has worked well not only because of the successful override and the caps on Town spending, but also because of the successful implementation of the legislation allowing towns to enter the State Group Insurance Commission ("GIC") to cover their employee health insurance. The Town Manager, the Board of Selectmen and the employee unions deserve a great deal of credit for the productive negotiations and rapid implementation that have saved and will continue to save Town services and jobs far into the future.

The combination of these changes together with increased State aid will allow the Town to have balanced budgets which protect services and the taxpayer for at least another five years into the future. See Appendix D for a breakdown of the projected revenue and expenditures of the Town. The taxpayers stepped to the plate in 2011. It is now our responsibility to step to the plate for them by limiting Town spending and carefully monitoring our reserves so as to live within the limits of Proposition 2 ½ as far into the future as possible. That will be the policy of the Finance Committee and we hope that will be your policy as well.

Under this policy, the Finance Committee, in cooperation with other Town officials, proceeded to move ahead with the fiscal year 2014 budget. Both the Town Manager and School Superintendent presented budgets within the limits as promised to the voters. Our initial revenue projections were based upon levels agreed to by various Town officials and a conservative estimation of the local aid as recommended by the Governor last January. The Finance Committee has been working since late January reviewing budgets and examining the revenue projections for next year. We waited until the House Ways and Means Committee reported their recommendations on April 10th, fine tuned the numbers and went to print with the Finance Committee Report made available to you the first night of this Town Meeting.

We have been trimming budgets where possible, dedicated to the Other Post Employment Benefits Fund (OPEB) the full amount we had utilized in past years and added a share of the health insurance trust fund that is no longer needed with our entrance into the GIC. We are recommending the addition of funds to the Override Stabilization Fund for future years as promised to the voters and continuing to monitor revenues and expenditures to keep future budgets balanced.

In closing, we need to emphasize the importance of controlling appropriations in the fiscal year 2014 budget. In the summer of 2012, when we last issued Town bonds, the Town maintained its high AAA rating from Standard and Poor's, which rates the Town's bonds. We accomplished this because we have a 5 year revenue and expenditure plan, a capital plan with strong support from this body, a strong reserve position and continued funding of the retiree health insurance fund. We cannot use any more of the Town's reserves without jeopardizing the Town's future financial condition. The voters must know that the Town can control expenditures and maintain a balanced budget. We need to utilize conservative financial practices if we are to maintain our high credit rating, which lowers interest costs for future bonding and keeps faith with our promise to the voters.

As in past years, we ask for your support in keeping the budgets balanced. We have allocated revenues as prudently and fairly as possible. Proposed increases must be balanced by reductions elsewhere. As always, we are available to answer any questions you may have.

Respectfully submitted,

Allan Tosti, Chair Arlington Finance Committee

ARTICLES 2-21 The Redevelopment Board and Board of Selectmen will report on these articles.

ARTICLE 22

HOME RULE LEGISLATION/MUNICIPAL FINANCE DEPARTMENT

To see if the Town will vote to authorize and request the Board of Selectmen to file Home Rule Legislation that would allow the creation of a consolidated department of municipal finance upon a positive vote of the electorate, or take any action related thereto.

(Inserted at the request of the Town Manager)

VOTED: That no action be taken under this article. (13-5)

COMMENT: Background

Following a Department of Revenue (Division of Local Services) study requested by the Board of Selectmen, an article was submitted in the 2012 Annual Town Meeting to consider reorganizing Town government to provide for a consolidated financial organization under the Town Manager. At that Town Meeting, the newly appointed Town Manager requested that the Meeting postpone acting on this matter until further study took place under his direction. The Town Manager formed the Coordinated Finance Stakeholder Group to study the matter further and report to the 2013 Annual Town Meeting.

Finance Committee Hearing

The Town Manager reported the conclusions of the task force and their recommendations on Article 22 to the Finance Committee at a hearing on March 13, 2013, recommending that the Treasurer's office and the Comptroller's office report to the Deputy Town Manager under a proposed reorganization, and that recruiting for certain positions be managed by the Human Resource Department. This means that the Treasurer would no longer be elected by the voters and the Comptroller would no longer report directly to the Board of Selectmen. The Finance Committee listened to presentations by the Town Manager, the Treasurer and a Member of the Board of Selectmen, and heard comments from four different citizens. In addition, the Finance Committee discussed and debated this article extensively, devoting an entire extended meeting to the subject. Substantial arguments both for and against the reorganization were presented throughout the evening.

Discussion Pro

Proponents of the reorganization focused much of their discussion on the Treasurer position, and expressed concern that for this function there was no management accountability or supervision. Implicit in this argument was the point that the electorate was not capable of supervising the Treasurer's office or holding the position accountable as it was with the selectmen and school committee which make policy decisions in a public forum. It was pointed out that there has not been a competitive election for the Treasurer's office in over 21 years and that the current Treasurer has never had an opponent. In addition, the argument was made that the position is driven by professional requirements not policy requirements, and therefore by limiting potential applicants to citizens of the Town, the talent pool for the position was severely restricted. This was presented as a potential problem in the future should no qualified candidates run for the Treasurer position. Proponents further argued that a consolidated department under central management would lead to operational efficiencies and improved management software systems. At the same time, the proponents did not commit to identified cost reductions.

Discussion Con

Opponents to the proposed reorganization argued that case had not been made that the current system, which had operated well for sixty years, was indeed broken. They challenged the concept of efficiency improvements where no cost reductions could be identified. Some speakers raised serious concerns and objections to the proposed change of the position of the Comptroller and whether or not the lack of direct access to the Board of Selectmen affected the Comptroller's independence and represented an erosion of good governance practices. Opponents also raised the issue that while originally a "consolidated financial department" was the objective, this proposal focused primarily on the position of Treasurer, and ignored the Assessors and Schools. Public discussion raised the issue of whether or not the School Department would ever be included in such reorganization. Opponents also expressed the view that the idea that the electorate was not capable of electing a competent Treasurer was a weak justification in an activist town such as Arlington and the idea was dismissive of the electorate. They noted that the Treasurer position appeared to be staffed by qualified individuals, both currently and in the past. Opponents raised the concern that the proposed reorganization lacked both sufficient justification for change and strong argument for discernible improvement, and rather relied on a "trust us" argument and hoped for but not identified improvements. Opponents argued that in the face of such a fundamental change in the power of the voters to elect the Treasurer, the proponents' arguments were not sufficient justification to move forward.

Thus the Finance Committee recommends No Action on this Article.

ARTICLE 23 Board of Selectmen will report on this article.

ARTICLE 24 ACCEPTANCE OF LEGISLATION/COMPENSATION OF RETIREMENT BOARD MEMBERS

To see if the Town will vote to accept the provisions of Chapter 176 of the Acts of 2011, Section 34, Subdivision 6, regarding the compensation of Retirement Board Members; or take any action related thereto.

VOTED: That no action be taken under this article.

That the Board of Selectmen be and hereby is authorized to acquire by eminent domain, purchase, or otherwise interests in certain parcels of land in conformance with right-of-way plans as submitted to the Massachusetts Department of Transportation Highway Division for Project No. 606885 (Intersection of Massachusetts Avenue & Mystic Street), subject to later finalization, and substantially as set forth in Appendix A, for the purposes of sidewalk reconstruction, curb cut placement, and related items in connection with the above-referenced project and that the sum of \$0 be and hereby is appropriated for the purpose of making any payments associated with these acquisitions.

COMMENT:

The Town has received a commitment of state and federal funding to improve mobility and safety for motorists, pedestrians, and cyclists at the intersection of Route 60/Mystic Street/Massachusetts Avenue and the immediate surrounding area. The Town will need to acquire certain rights to small amounts of land to allow construction of the improvements, primarily placement of proper curb cut ramps and sidewalk reconstruction. VOTED: That the sum of \$10,000 be and hereby is appropriated for the lease of

electronic voting equipment for use at Town Meeting; said sum to be raised by general tax and expended under the direction of the Town

Manager.

COMMENT: This will allow the Town Meeting to use the equipment for the 2014 Town

Meeting to see if it meets their needs and expectations. VOTED: That the sum of \$7,500 be and hereby is appropriated for the purpose

of conducting the Harry Barber Community Service Program; said sum to be raised by general tax and expended under the direction of

the Town Manager.

COMMENT: This program provides the opportunity for senior citizens to provide

service in various Town departments in exchange for payment, which they

can use to help with taxes and rent.

To see if the Town will vote to appropriate \$20,000. to fund the manufacture and then installation of the first phase of the historic signs, determine how the funds will be raised and expended; or take any other action related thereto.

(Inserted at the request of the Uncle Sam Committee)

of the design and construction of a traditional metal historic plaque for the Uncle Sam Park and the printing of a tourist brochure and other supplies; said sum to be raised by general tax and expended

under the direction of the Town Manager. (12-1)

COMMENT: Currently, it is very difficult for a visitor to determine what the statute is

all about, because the writing on the base of the statute is almost

impossible to read. This sign will identify Uncle Sam and add some brief

comments on his importance.

ARTICLE 46 APPROPRIATION/PENSION ADJUSTMENT FOR FORMER TWENTY-FIVE YEAR/ACCIDENTAL DISABILITY EMPLOYEES

To see if the Town will vote to appropriate a sum of money to implement the provisions of Chapter 32 of Massachusetts General Laws Section 90A, 90C, 90D and 90E, pursuant to which the Town pays up to fifty percent of the maximum salary as set forth in the Compensation and Pay Plan for the position formerly held by retired employees with twenty-five or more years of

service to the Town and those employees who retired under an Accidental Disability; provided, however, that no one who retires after May 1, 2010 shall be eligible under this vote unless they qualify for at least a fifty percent pension, without this vote upon their retirement; this adjustment to be paid to those who qualify and administered in accordance with prior practice and understanding relating to the retirement allowance of said retirees; determine how the money shall be raised and expended; or take any action related thereto.

(Inserted at the request of the Contributory Retirement Board)

VOTED:

That the sum of \$0 be and hereby is appropriated to implement the provisions of Chapter 32 of Massachusetts General Laws Section 90A, 90C, 90D and 90E, pursuant to which the Town pays up to fifty percent of the maximum salary as set forth in the Compensation and Pay Plan for the position formerly held by retired employees with twenty-five or more years of service to the Town and those employees who retired under an Accidental Disability; provided, however, that no one who retires after May 1, 2010 shall be eligible under this vote unless they qualify for at least a fifty percent pension, without this vote, upon their retirement. This adjustment to be paid to those who qualify, and administered in accordance with prior practice and understanding relating to the retirement allowance of said retirees; said sum to be expended under the direction of the Retirement Board. (14-0-1)

COMMENT:

This vote, which is required annually, allows the Retirement Board to ensure that retired employees will not drop below 50% of the current salary of the position they held as an active Town employee. The vote has been modified from the wording used in past years to close a loophole that allowed employees to increase their pension above what they would otherwise qualify for.

ARTICLE 47

APPROPRIATION/OTHER POST EMPLOYMENT BENEFITS (OPEB) TRUST FUND

To see if the Town will vote to accept into the Other Post Employment Benefits (OPEB) Trust Fund, established by Chapter 161 of the Acts of 2005, an appropriation of funds and/or the transfer of additional monies that the Town may deem advisable from other sources, including any monies previously deposited into any of the Town's stabilization funds for this purpose, in order to administer and fund its OPEB obligation as described in the said Chapter 161 of the Acts of 2005; determine how the monies shall be raised and expended; or take any action related thereto.

(Inserted at the request of the Contributory Retirement Board)

VOTED: That the Town takes the following actions:

- (a) appropriates into said Other Post-Employment Benefits Fund (OPEB), authorized by Chapter 161 of the Acts of 2005, the sum of \$392,877 representing that amount of money that is the difference between the previously established base amount of \$500,000 and the fiscal 2014 appropriation for the non-contributory pension obligation; said sum to be raised by the general tax;
- (b) appropriates into said fund the sum of \$155,000 representing the increased share of retiree HMO contributions as voted by the Board of Selectmen on November 6, 2006; said sum to be raised by the general tax.
- (c) appropriates into said fund the sum of \$300,000 representing an amount equal to the health benefit trust fund offset which is applied to the employee health insurance budget; said sum to be raised by the general tax.

COMMENT:

This recommendation continues the program to fund the unfunded liability for retiree health insurance. The additional funds under (c) above come indirectly from the health benefit trust fund which is being used to offset the employee health insurance budget. The \$300,000 appropriation to the OPEB fund will be raised by the general tax.

ARTICLE 48

APPROPRIATION/FISCAL STABILITY STABILIZATION FUND

To see if the Town will make an appropriation to or from the Fiscal Stability Stabilization Fund created under Article 65 of the 2005 Annual Town Meeting or any other enabling action of Town Meeting in accordance with the provisions of the General Laws, Chapter 40, Section 5B, as amended, or other appropriate provisions of law, determine how the money shall be raised and expended; or take any action related thereto.

(Inserted at the request of the Finance Committee)

VOTED: That the sum of \$5,773,873 be appropriated to the Fiscal Stability

Stabilization Fund, said sum to be raised by general tax and expended under the direction of future town meetings.

expended under the direction of future town meetings.

(Inserted at the request of the Finance Committee)

VOTED: That the sum of \$100,000 be and hereby is appropriated to the Long

Term Stabilization Fund, said sum to be raised by general tax.

COMMENT: The Finance Committee recommends that we appropriate a yearly sum in

this account for the foreseeable future to both protect the financial position

of the Town and reinforce the Town's bond rating.

(Inserted at the request of the Finance Committee)

(Inserted at the request of the Finance Committee)

VOTED:

That the Town transfers \$150,000 to the Cemetery Commissioners for the care of Town cemeteries and \$10,000 to the Capital Budget for headstone cleaning and repair, said sums shall be taken from the Perpetual Care Fund.

ARTICLE 53 USE OF FREE CASH

To see if the Town will vote to authorize the taking of a sum of money voted for appropriations heretofore made at the Town Meeting under the Warrant and not voted to be borrowed from available funds in the Treasury, and authorize the Assessors to use free cash in the Treasury to, that amount in the determination of the tax rate for the Fiscal Year beginning July 1, 2013; or take any action related thereto.

(Inserted at the request of the Finance Committee)

VOTED:

That the sum of \$3,411,528 be taken from available funds in the treasury, and that the Board of Assessors is instructed to use said amount in the determination of the tax rate.

VOTED: That the sum of \$25,000 be and hereby is appropriated for the

purpose of building a Visitor Center for the Town at the Uncle Sam Plaza; said sum to be raised by general tax and expended under the

direction of the Town Manager. (10-4)

COMMENT: In an effort to improve the flow of tourism (and their dollars) to Arlington,

the Economic Development and Tourism Committee is recommending that we start with a visitors information booth next to the Uncle Sam statute at the corner of Massachusetts Avenue and Mystic Street. This location was chosen after experimenting with different locations in

Arlington center over the last year. Approximately \$10,000 will be for the building itself and the rest will be for equipment, landscaping, brochures, training etc. If this is successful, the hope is to expand to a more

permanent facility in the future.

ARTICLE 4 The Board of Selectmen will report on this article.

The Finance Committee recommends that the sums be appropriated to defray obligations, outlays, and expenses for the Fiscal Year ending June 30, 2014, to be raised by general tax except as otherwise specifically voted, and expended; and that the disposal of motor vehicles and other personal property be authorized, all under the direction of the respective department heads as shown below
